- Making unscheduled withdrawals may cause systematic withdrawals to terminate or may reduce the amount of future systematic withdrawals and could have adverse tax consequences

Required Minimum Distribution *For qualified annuities*

We will process this request on the valuation date when all requirements are met. Request must be received by November 1st to assure processing by year-end.

The Internal Revenue Service (IRS) may impose a 50% excise tax on Required Minimum Distribution amounts that are not taken by the appropriate deadline. IRS Publications 590 (IRA) and Publication 571 (TSA) offer additional information regarding the rules as they apply to your annuity contract. You may also want to consult your tax advisor.

The request to surrender or withdraw any contract value may affect the guaranteed elements, non-guaranteed elements, face amount or surrender value of the contract from which the values are released.

Income tax withholding

Withholding notice

Withholding only applies to the taxable portion of the payment you receive, not to the entire payment. In general, the taxable portion equals the extra amount you receive over the total amount you paid (considered your cost basis).

We cannot guarantee that your withdrawal amounts will be sufficient to meet IRS minimum distribution requirements.

Required minimum distribution (RMD) amounts are not eligible for rollover.

- Federal withholding is generally at a 10% rate, but you may generally elect not to withhold any taxes.
- We will assume that the entire withdrawal from an IRA is taxable, except for non-taxable qualified distributions from a Roth IRA.
- If you elect not to have federal and state income tax withheld, you are still liable for payment of federal income tax and, if applicable, state income tax on the taxable portion of the distribution. You may also be subject to tax penalties under the Estimated Tax Payment Rules if any payments of estimated tax and withholding are insufficient (IRS Publication 505 explains federal estimated tax requirements and describes penalties in detail). You may be able to avoid quarterly tax payments by having enough tax withheld from your withdrawals.
- Consult your personal tax advisor regarding the tax status of distributions.
- State tax will be withheld only from the taxable portion of withdrawal payments that are not directly rolled over to an IRA or eligible plan.
- In AR and MI** state withholding is required, regardless of federal withholding, unless you elect not to have taxes withheld (MI requires you to complete Form MI W-4P). If federal tax is not withheld, all states that otherwise require withholding will permit you to select a dollar amount or percentage of state tax to be withheld.
- If you want state income tax withheld** in AL, AR, CO, CT, DC, DE, GA, ID, IL, IN, KY, LA, MD, MN, MO, MT, ND, NJ, NM, OH, PA, RI, SC, UT, VA, WI and WV **you must designate a state withholding amount.**
- We cannot withhold state income tax** in AK, AZ, FL, HI, NH, MS, NV, NY, SD, TN, TX, WA and WY.
- In DE, IA, KS, ME, MA, NE, VT and VA **state withholding is required at the current state rate or higher amount you choose.**
- Unless you elect not to have state income tax withheld** in CA, KS, NC, OK, or OR **state withholding is required at the current state rate or higher amount you choose.**
- If applicable, the state withholding certificate may state special rules and conditions for withholding state income tax from your withdrawals.
- Special withholding rules and forms apply to payments delivered overseas or to non-residents of the United States.
