**Continuous Enrollment.** This policy is effective for all students who were admitted to the Graduate School Autumn Quarter 2008 and after. All students who successfully complete the doctoral candidacy examination will be required to be enrolled in every semester of their candidacy (summer session excluded) until graduation. Students must be enrolled for at least three credits per semester. While the Graduate School and the individual graduate programs will monitor the enrollment of all post-candidacy students, it ultimately will be the responsibility of each student to ensure that they are meeting the enrollment provisions of this policy.

**Reactivation Form.** Completing a Reactivation Form will be required if not enrolled in courses for more than one semester. If not enrolled for more than two years you will need to be readmitted upon review of performance.

**Satisfactory Progress.** Satisfactory progress occurs when you are enrolled in one course per semester and does not need to include summer.
