

## Your Baby's Birth Certificate

Please complete the following worksheet and return it to the hospital staff. **Please answer every question** to the best of your knowledge. The information collected on this worksheet is used to complete the legal portion of your baby's birth certificate, fulfill requirements of federal law; and gather medical information that is used for public health.

**Be careful to provide correct information for your baby's birth certificate** - It is very important that you provide correct names, dates of birth, and places of birth. Please use full names and make sure the spelling of the baby's name, the mother and the other parent is exactly as you want it to appear on the birth certificate.

### PLEASE NOTE:

**A LEGAL BIRTH CERTIFICATE IS NOT AUTOMATICALLY ORDERED FOR YOU.**

You can order a certified copy of the birth certificate from either the county vital records office (within 6 months of the birth) or from the State Center for Health Statistics.

**Ordering certified copies of the birth certificate** - We recommend parents **order a certified copy of the birth within the first year** to review for accuracy. The first time you order a certified copy of the birth certificate, please confirm that the information, including spelling, is correct.

**Correcting your baby's birth certificate** - If a correction is needed, mail or fax a request for amendment instructions to the State office. Oregon Vital Records, PO Box 14050, Portland, OR 97239-0050; Fax # 971-673-1201. More instructions can be found at <http://healthoregon.org/chs>

The best time to find and correct errors on the birth certificate is within the first year of your child's birth. After one year from date of birth, the requirements for making corrections and changes to records are more complicated and usually require a \$30 amendment fee.

**Information required by federal law** - Federal law requires that parents' social security numbers be collected at the time of birth. This information is only for support enforcement purposes and is not included on the birth certificate.

**Medical information used for Public Health** - There are many questions on the 'Certificate of Live Birth' form (filed by the hospital) that will not appear on the birth certificate of your child. Your medical information is anonymous and combined with records of other births in Oregon. The combined information tells us problems women are having during their pregnancies, helps agencies decide what services to offer, and the levels of need among groups of women. This is why we ask for information about race, ethnicity, education, number of prenatal visits, and many other detailed questions.

Infrequently, contact information (name, address, and telephone number) might be released for public health research. Any research of this type has strict requirements for contacting people and for telling people of their rights under the project, including the right to refuse to participate.

**Thank you for your help.**

No individual or agency other than the Center for Health Statistics should be provided with a copy of this worksheet.

**AUTHORIZATION TO ESTABLISH SOCIAL SECURITY NUMBER AT BIRTH**

[Parents may receive a copy of this page for their records upon request. This page is not a receipt.]

A Social Security number is required if you wish to claim your child on your income tax return, to qualify for many state and federal programs, and other benefits. The information you furnish on this form is voluntary. However, failure to provide the requested information may prevent SSA from issuing your child a Social Security number and card.

Under contract with the Social Security Administration (SSA) your signature on this page authorizes the State of Oregon, Center for Health Statistics to submit to the SSA a request for a social security number to be assigned for your child. This page is not intended for any other use, such as proof that a social security number has been requested. **To obtain proof that you have requested a social security card, ask the hospital staff for a receipt, form SSA-2853** (available in English and Spanish).

**Hospital Staff** – You may provide the parent(s) a copy of this page upon request. Please instruct the parent(s) that this page is not intended as proof that a social security number has been requested. If they require proof of request for enumeration at birth provide them with receipt (form SSA-2853). No agency other than the Center for Health Statistics should be provided with a copy of this page or any information from the report of live birth or worksheets. Direct all agency requests for information on birth or social security numbers to the Center for Health Statistics at 971-673-1180.
