Dear Colleague

LIST OF DRUGS SUBJECT TO PRESCRIBING

**TREATMENT OF ERECTILE DYSFUNCTION:
PATIENTS WITH SEVERE DISTRESS**

Summary

1. This circular introduces revised Directions as to the drugs, medicines and other substances to be ordered by contractors in the provision of primary medical services under a general medical services contract. Schedule 2, which lists the drugs that can be provided only in certain circumstances, has been amended to enable GPs to prescribe drug treatments for erectile dysfunction for men who have been assessed by the relevant consultant and/or advised by the relevant consultant as suffering severe distress as a result of their erectile dysfunction.

Background

2. In 1999, when Viagra (sildenafil) the first drug treatment for erectile dysfunction received a marketing authorisation, restrictions were put in place to limit the NHS prescribing of Viagra to men suffering from certain clinical conditions. These arrangements are explained in PCA(M)(1999)9/(PCA(P)(1999)3 and remain extant. ([http://www.sehd.scot.nhs.uk/pca/PCA1999\(M\)09\(P\)03.pdf](http://www.sehd.scot.nhs.uk/pca/PCA1999(M)09(P)03.pdf)) In addition, provision was made to enable men suffering from severe distress because of their erectile dysfunction to receive treatment from the specialist services. Where NHS treatment is not considered to be appropriate, patients can receive private prescriptions from their GP.

3. Following a review of the arrangements pertaining to those patients suffering severe distress because of their erectile dysfunction, Ministers have agreed that following assessment by the relevant consultant and/or advised by the relevant consultant, all patients eligible for treatment will be able to receive that treatment on NHS prescription from their GP. It remains open to GPs to refer patients for further assessment should their circumstances change. It will be a matter for local decision by NHS Boards and their clinicians how best to manage the assessment process. For the purposes of this circular, the definition of 'consultant' is 'Consultant Physician or Surgeon working in the Health Service'.

Statutory Position

4. Section 17N(6) of the NHS (Scotland) Act 1978 provides that the Scottish Ministers may issue Directions which set out the drugs, medicines and other substances which may not be ordered (Schedule 1), or ordered only under certain circumstances (Schedule 2), in the provision of primary medical services. A new sub-section (g) has been added to Schedule 2 for drugs used to treat erectile dysfunction to enable GPs to prescribe drug treatments to men suffering severe distress because of their erectile dysfunction. A GP who has prescribed a drug specified in Schedule 2 must endorse the prescription form "SLS" as the community pharmacist cannot dispense such a medicine without this endorsement.

5. An electronic copy of the new Directions can be found on the SHOW website at :

<http://www.show.scot.nhs.uk/publications/publication.asp>

Action

6. NHS Boards are requested to bring this Circular to the attention of Directors of Public Health, Lead Clinicians for Sexual Health, GP practices, Medical Directors and community pharmacy contractors in their area. A copy should also go to the Local Medical Committee for the attention of the Secretary of the GP sub-committee.

Yours sincerely

Frank Strang

4. The Directions as to the drugs, medicines or other substances which may, or may not, be ordered for patients in the provision of primary medical services under a general medical services contract given under section 17N(6) of the National Health Service(Scotland) Act 1978 on 23 December 2010 are hereby revoked.
