To order Creative Converting products, use the product number followed by the color code (this page) or the print style code (next page). Product codes, e.g., "38" for 54"x 108" solid color plastic tablecovers, "23" for solid color luncheon napkins, etc., are given with the product description along the top bar of the stocking charts. Color/print codes are listed separately. Thus "38BR" represents 54" x 108" burgundy plastic tablecovers and "39RG" represents 54" x 108" plastic tablecovers in the Red Gingham print.

*Color chart available at www.rssd.com

CANDLES & ACCESSORIES

CANDLES, TAPERS
RSS

- Smokeless, dripless* and long burning in sizes from 8" through 15"
- Available in white and ivory only
- Available wrapped and unwrapped

* To burn a dripless candle properly, be sure the candle remains upright, straight and still while burning. A leaning candle will burn unevenly, and may result in dripping. Avoid placing candles where there are drafts, as this also causes uneven burning and could result in dripping and smoking.

- This premier brass and metal polish has been used commercially for years in the very finest hotels and resorts to meet their demanding standards
- Fast and Easy To Use - simply apply to a clean cloth, wipe on and wipe off, removing years of tarnish in just a few seconds
- Removes oxidation from fiberglass without damaging the gel coat - just wipe on, rub, let dry, then wipe off
- Brilliant contains no harsh abrasives, so it won't scratch surfaces
- Wipes clean and will not leave a powdery residue
- Use Brilliant Metal Polish safely and effectively on brass, aluminum, copper, chrome, stainless steel, silver (including Sterling) and fiberglass
- Sold in 16 oz bottles - purchase by each or save on case quantities (6 per case)
