SERVICES

(1) **Appropriations** made by this act to the department of social and health services shall be initially allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act, nor shall allotment modifications permit moneys which are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that will require expenditure of state general fund moneys except as expressly authorized in this act, unless the services were provided on March 1, 1985. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act and, in the case of unanticipated unrestricted federal moneys, as long as an equal amount of appropriated state general fund moneys is placed in a reserve status. Unrestricted federal moneys shall be used, to the maximum extent permitted under federal law, to replace state general fund moneys appropriated under this act for the fiscal year ending June 30, 1986. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on explicitly defined projects or matched on a formula basis by state funds. Such state general fund moneys in reserve may be expended only as authorized

However, a job classification shall receive an increase only if its salary range as of January 1, 1985, is also 8 or more ranges less than the salary range of that classification as calculated under the aforementioned formula using the evaluation points of that classification as adopted by the respective personnel board. The adjustments shall take place July 1, 1985, and July 1, 1986, and shall equal \$75 a year for all affected classes and employees.

The settlement shall result in complete discharge of all claims of any nature whatsoever of all plaintiffs and class members. It is the intent of the legislature that salary adjustments for affected class members not exceed the adjustment calculated using the average actual comparable worth salary line as applied to the Willis evaluation points of the affected job classification and adopted by the state personnel board and the higher education personnel board. The governor as the chief executive officer of the state, with the assistance of the attorney general, is authorized to seek a proposed settlement. However, any such settlement is tentative and subject to legislative ratification. \$100,000 of the general fund appropriation is provided solely for the office of the governor to retain any special consultants or negotiators to work with the attorney general in seeking a settlement of American Federation of State, County, and Municipal Employees, et al. vs. State of Washington, et al., within the terms of the appropriation as set out in this subsection. If a tentative settlement is reached within the terms of the appropriation within this subsection, the governor and the attorney general shall jointly present a report on the tentative settlement to the legislature no later than January 1, 1986, for ratification. No funds shall be released before January 1, 1987, and until such time as stipulated

(4) The department of personnel and the higher education personnel board shall report to the legislature by January 1, 1987, with a report identifying those job classifications not covered by the lawsuit that would be entitled to receive adjustments under the average actual comparable worth line.
