RFP 13-6083

SECTION I - ADMINISTRATIVE INFORMATION

1.0 Purpose

The New York State Department of Economic Development (hereafter referred to as “DED”, “NYSDED” or the “Department”) has issued this Request for Proposal (“RFP”) seeking a qualified individual or firm (the “Contractor”) to perform economic development services with an emphasis on market coverage for the major markets in China, including Hong Kong SAR (the “Designated Area”) for New York State (“NYS” or the “State”).

The main objective of this project is to locate an independent contractor representative who will develop and implement visionary, creative, and aggressive plans to both boost exports of NYS companies’ goods and services into China, and to attract foreign direct investment (FDI) from China to NYS. The expected deliverables for trade development and international investment attraction objectives are detailed in Appendix C. The comparative allocation of time to achieve important trade and FDI deliverables would be up to the Contractor.

Specifically, the selected contractor would be expected to:

- a) Promote increased exports by NYS companies in the Designated Area;
- b) Promote increased investment in NYS by companies and individuals from the Designated Area; and
- c) Conduct trade show, trade mission or other international business development promotion and marketing related tasks as assigned by the department.

It is important and in the interest of the selected contractor (the “Contractor”) that the Contractor maintains independence and remains free to perform business development services for other parties, provided that such parties are disclosed to NYSDED and are not competitive with NYS’s business development interests. Therefore, in order for the Department to secure the Contractor’s services, it is critical that an independent contractor relationship be established versus an employer-employee relationship.

Note: Contractors working for DED must avoid anything that causes, or can be seen as causing, a conflict of interest. Contractors must be able to give a 100% commitment to serving the best interests of New York State. If a Contractor is representing a client with similar interests to New York then a conflict is likely to arise. It would not be acceptable if a Contractor were to potentially represent competitors to NYS at the expense of NYS international business development objectives.

1.1 Inquiries

All questions must be submitted in writing via email to rfpfaq@esd.ny.gov with “**Business Development in China**” in the subject line. **Please do not contact the Department by telephone.** Questions must be received by the Department no later than December 9, 2013, 3:00 PM. All inquiries must cite the particular RFP section in the questions. Answers to all

questions of a substantive nature will be provided to all known recipients of the RFP.

1.4 Designated Contacts

For the purpose of the Procurement Lobbying requirements of this RFP (see section 3.5 and Appendix H), the Department’s designated contacts shall be Lisa Sutton and employees designated by the Department as part of the Department’s Contract Management Unit and all staff designated by the Department to have responsibility and duties in the Department’s International Division and the Department’s Counsel’s Office.

SECTION II – PROGRAM BACKGROUND AND SCOPE OF SERVICES

2.0 Background

The Department is empowered under Section 100 as well as Article 10 of the NYS Economic Development Law to encourage and develop commerce with other states and foreign countries. Information regarding the Department's activities, programs, incentives, target industries for foreign direct investment, etc., can be found on the Department's website at <http://www.nylovesbiz.com>. The Department currently maintains representatives in 3 countries (South Africa, United Kingdom, and Israel). This RFP is intended to allow the Department to establish a new contract in China.

2.1 Structure of Operations

The Department is seeking representation for the trade and investment interests of the State of New York in China for a five (5) year designation period. The first year of funding will be \$150,000. Subsequent year services and funding may be up to \$150,000 but will be determined and agreed to annually. For purposes of this RFP, China is defined as all of the Peoples' Republic of China and the Hong Kong SAR. Firms wishing to submit proposals who cannot represent the entire area should indicate so in their proposal. The selected representative will have the ability to cover the markets of interest and perform the tasks described in the Scope of Services paragraphs. There is no requirement to establish or maintain a separate or stand alone New York State office. Any existing offices of the representative will be sufficient as long as they have the required technology and communications suite to communicate and report results to the department in the required manner.

The selected representative shall perform trade and investment related activities under the direction of the department program managers. The Department will assign a program manager/director to manage "trade/export" related activities and a separate manager/director to manage inward international investment into New York State (Foreign Direct Investment /FDI) activities. Each manager will communicate to the representative and provide program management and oversight (including expenditures) for each respective area.

2.2 Scope of Services

The Contractor shall perform Business Development Activities, including both Trade Development and International Investment Attraction (Inwards Investment) to NYS, as further described in this Section 2.2. For the purpose of this RFP and any contract ("the Contract") resulting from it, Business Development Activities shall mean the promotion of (i) increased exports of goods and services, including agricultural products by NYS companies to the Designated Area and (ii) increased investment into NYS by companies and individuals from the Designated Area. On occasion the Contractor should be prepared to represent NY State with other economic development issues such as tourism development. The Contractor shall render the Services in accordance with the highest professional and ethical standards. The Department shall

identify the Project Managers prior to commencement of the Contract. The Services performed by the Contractor under the Contract shall include the following:

(a) Trade Development and Investment Attraction.

The Contractor shall provide business development services in the Designated Area to create export sales opportunities for NYS companies that produce, manufacture, develop technologies, and offer goods and/or services for sale. The contractor shall help qualified New York State companies, industry associations and regional entities representing best prospects for export expansion, as specified by the Department and in Appendix C.

The Contractor shall actively identify, qualify, and provide leads/projects for the attraction of international investment to NYS. As part of this contract and under the direction of the department, the selected firm (the "Contractor") will design and execute a direct marketing campaign to targeted businesses outside New York State and in the targeted market. The Contractor shall be responsible for identifying firms, qualifying investment leads and projects for inward investment attraction, as well as providing operational support for the department in industry-related investment attraction activities and promotions. Such international investment attraction work shall focus on NYS's key industry clusters and technologies with the objective of creating quality jobs in NYS. These industries and industry priorities will be provided to the contractor after contract award.

Note: The State has not undertaken a major China marketing effort in the recent past.

Information the Department believes will further and enhance the ability of the contractor to enhance exports or FDI will be provided to contractor, but the applicant should propose how they can best meet the deliverables of the RFP from their previous experience or proposed activities.

The Contractor should focus on the regional markets and sectors that offer the most promising opportunities for meeting NYS export expansion and FDI objectives, and to focus on leading NYS industry sectors for trade and FDI attraction efforts, as outlined below and as further specified by the Department as future market opportunities and business conditions evolve. The Contractor would also be expected to provide trade and/or FDI assistance in other sectors, based on the Department's requests and the potential for new business opportunities in China identified by the Contractor. Some of the leading NYS manufacturing industries for trade development program efforts include:

- Aircraft and spacecraft and related parts
- Beverages and spirits (beer, wine, ciders, distilled spirits, etc.).
- Cosmetics, fragrances and related products
- Food products
- Electric machinery
- Industrial machinery – including computers
- Jewelry with precious gems and metals
- Miscellaneous Chemical products
- Optical/photographic/surgical/medical instruments
- Plastics and plastic articles
- Pharmaceuticals

Vehicles and related parts

Significant services export sectors include business consulting, engineering, marketing, higher education and tourism.

The strategic industries of focus for international investment attraction include:

- Business & Professional Services
- Clean Technology
- Communication & Media Services
- Distribution
- Financial Services
- High-Tech Electronics and Software
- Industrial Machinery & Systems
- Insurance
- Biotechnology/Life Sciences
- Materials Processing
- Nanotechnology
- Transportation Equipment

The Contractor shall perform their responsibilities for trade development, export promotion and investment attraction in accordance with the specification as described in Appendix C of this RFP. The Department maintains a professional staff of trade development experts who will provide the Contractor with export ready companies interested in the Chinese markets. The determination of export readiness would be made by the Department's International Trade staff, based on an export readiness assessment checklist tool (see attached document as an example).

The Contractor shall also provide support for special projects, related to the scope of services detailed in Appendix C, as designated by the Department. The Department will provide the contractor with specific quantifiable guidelines on what is expected of them. The contractor will be expected to fulfill those metrics and requirements. The Contractor need not set aside a specific amount of time or budget for special projects, nor will special projects interfere with primary trade and FDI responsibilities. However, the Contractor should remain flexible and willing to accommodate special trade and FDI project needs, with the understanding that the Department will provide relevant resources for such projects.

(b) Reports.

In connection with activities assigned under this contract, the Contractor shall provide monthly and annual reports as further described in Appendix C. These reports are expected to supplement data entered into an online CRM system that is being finalized by the Department. DED is using Microsoft Dynamics CRM, which has the capability of uploading data from compatible formats. The timetable for full implementation is still under development. The contractor shall utilize the department's CRM systems to input and track both trade and investment activities and results. In connection with the financial activities, the Contractor shall provide monthly reports, receipts and proof of payments of all expenditures under this contract. The reporting shall identify the expenses incurred for the month by the categories identified in Appendix B. The Contractor shall include in each such monthly financial report a description and detail of any expense line. The reports shall

be written in English, prepared in US Dollars using the-existing currency exchange rates and delivered not later than the last day of the month. Receipts or invoices provided to the Department in other than English will need to be translated into English to be processed.

(c) Place of Work and Office Management. The Contractor will provide Services primarily from the Contractor's Principal Office located in the Designated Area, but will, as needed, come to other places designated by the Department to meet with representatives of the Department. The Contractor will:

- Be responsible for the physical arrangement, management and compliance with all Designated Area host nation laws and regulations for the Representative Office(s), including the hiring of the Contractor's own support staff, licensing or registration of offices and operations, and maintenance and repair of the Representative Office(s);
- Develop and submit updates to the annual Financial Proposal as requested by the Department;
- Be able to provide material related to the functions above, including material provided by the Department to interested parties.
- Be responsible for all activities involving the Representative Office(s);
- Be liable and responsible for paying all applicable taxes and fees relating to employment of staff and operation of the Representative Office(s); and
- Ensure that the Representative Office(s) meet the Technical Requirements described in Appendix C.

(d) Business Records. The Contractor shall prepare and maintain all financial and other business records. The financial records shall be prepared and maintained in accordance with generally accepted accounting principles in the United States. During the term of this Contract, with five (5) business days written notice, the Department shall have access and the right to examine, audit, excerpt, photocopy, and transcribe any and all financial and other business records prepared and maintained by the Contractor. During the term of this Contract, Contractor will provide the Department with a database listing all of Contractor's contacts in the Designated Area, such databases to be provided quarterly on an Excel-compatible format. Upon termination of this Contract, copies of all financial and business records contemplated under this section shall be provided to the Department or to an agent designated by the Department.

(e) Time Devoted to Services and Operations of Representative Offices. In accordance with Section 4.4(b) of this RFP, the Department will rely on the Contractor to determine the manner of and time required for performance of the Services. As a guideline, performance of the Services will require that the Representative Office(s) be operational and staffed in accordance with customary business practices in the Designated Area in order to interface with the Department and clientele being represented; however, the Contractor need not perform these services in person.

(f) Knowledge Regarding New York. The Contractor shall maintain in-depth knowledge concerning the State's economic structure, business interests, practices, tourism markets, educational assets relevant to international business development (e.g. colleges/universities, R&D facilities, etc.) and culture and shall be fully conversant with the State's economic development programs and services. The Contractor should include money in their budget for trips to New

York to learn of relevant new developments.

Were the Department to pursue the development of a website for Chinese trade and FDI markets, it would be a special project, with a separate budget.

Also, include how you could surpass the performance targets in any area in any contract year. If subcontracting, subcontractors must be identified by contractor name, and the bid shall include an explanation of the specific function they perform and a description of the working arrangements.

The plan of action shall be limited to 30 pages, single-spaced on 8½”x11” or A4 paper. The Department reserves the right to reject any proposal in which the bidder does not offer all of the services included in Section 2.2, Appendix C and D of this RFP.

The annual budget limit is US \$ 150,000. The annual cost shall include all employment-related expenses including payroll taxes, health insurance, employer liability insurance, etc. The bidder shall include in his proposal the expenses associated with attending (admission fees, travel, etc.) the Trade Events as noted in Appendix C, Section I.C but not the costs of exhibiting (booth fees) at such events. If any of the personnel duties will be filled with subcontractors, please include their costs under the Subcontractor line. Subcontractor services are performed by other organizations or individuals who are not employees of the Contractor. All figures shall be included in US dollars. Note: NYS will not pay for Contractor relocation expenses. Do not include such costs in your financial proposal. Also, do not exceed the annual budget total limit noted above in your financial proposal.

Programmatic funding from the Department will be \$150,000 the first year. Years 2-4 may be up to \$150,000 annually, but the amount will be negotiated annually. Proposals at higher amounts will NOT be considered. The Contractor should prepare its financial proposal based on its anticipated plan of work for this specified amount. Once a contract has been awarded, the Department and the contract may mutually agree to modify and update the contract and annual plans to meet any changing demands of the market, needs of New York businesses or the Department. Any unanticipated adjustments would reflect changes in work plans and related expenses and operations.

g. Other

By submitting a proposal, an individual or firm agrees that it will not make any claim for or have any right to damages because of any lack of information or misinterpretation of the information provided in this RFP.

3.3 Notification of Award

The Department will notify the successful proposer in writing. Each proposer whose proposal is rejected will be notified in writing by the Department.

A contract defining all terms and conditions of the parties will be drafted by the Department. The contract may incorporate sections of this RFP, the State's standard contracting provisions (attached hereto as Appendix A) and as much of the successful firm's final proposal as may be appropriate among its provisions. After the Department and the successful firm execute the contract, it must be submitted for approval to the Division of the Budget, Attorney General's Office (AG), the Office of the State Comptroller (OSC), and in some cases the Department of Civil Service. The Contract will not be considered fully executed until approved by both the AG and OSC.

Further, the Department is not liable for any costs incurred until the contract has been approved by the Attorney General and State Comptroller's Office.

3.5 Procurement Lobbying

Pursuant to State Finance Law §§139-j and 139-k, this Request for Proposal includes and imposes certain restrictions on communications between the Department and an Offerer/bidder during the procurement process. An Offerer/bidder is restricted from making contacts from the earliest notice of intent to solicit offers through final award and approval of the Procurement Contract by the Department and Office of the State Comptroller ("restricted period") to other than designated staff unless it is a contact that is included among certain statutory exceptions set forth in State Finance Law §139-j(3)(a). Designated staff, as of the date hereof, is identified in Section 1.4 of this solicitation. To avoid conflicts and other issues concerning statutory exceptions, the Department requires that Offerers contact only Department staff identified in the aforementioned section of this solicitation. Department employees are also required to obtain certain information when contacted during the restricted period and make a determination of the responsibility of the Offerer/bidder pursuant to these two statutes. Certain findings of non-responsibility can result in rejection for contract award and in the event of two findings within a 4 year period, the Offerer/bidder is debarred from obtaining governmental Procurement Contracts. The Department at its option may terminate the Contract for convenience without prior notice upon paying the Contractor an amount equal to 30 calendar days' fee in lieu of such notice. If cancelled for cause, payment to the Contractor for charges incurred will be made at the Department's sole discretion. If cancelled for unavailability of State funds, the Department will not be liable for payment but will use its best efforts to pay outstanding charges previously approved by the Department to the extent permitted by New York State Law.

Additionally, the Department also reserves the right to terminate this contract in the event it is found that the certification filed by the Contractor in accordance with New York State Finance Law §139-k (see Appendix H) was intentionally false or intentionally incomplete. Upon such finding, the Department may exercise its termination right by providing written notification to the Contractor in accordance with the written notification terms of this contract. The contract will have termination language that allows for cancellation upon mutual written consent of the Parties.

4.2 Subcontracting Requirements

The bidder may subcontract elements of the program for which it lacks locally or in-house capabilities. The firm's proposal must identify the subcontracting firm or firms and cite the proposal. The Department is an equal opportunity contractor and reserves the right to review and approve all subcontracting firms.

After the contract resulting from this RFP, if any, is awarded, any subcontractors or purchases in excess of \$50,000 that were not originally identified in the Contractor's proposal must receive prior approval from the Department. This subcontracted amount would be within the specified \$150,000, not in excess of that budget.

The Contractor may not, without written consent of the Department, assign to any party the Contract or any interest herein, or claim hereunder.

4.3 Financial Terms/Payment Process

(a) Payment for Contractor's Services. All amounts referred to in this RFP and the Contract shall be in United States Dollars. The Department shall pay to the Contractor a fee for the Services as established in the Contractor's Financial Proposal. No other amounts for compensation, expenses, taxes, fees or other costs shall be owed by the Department to the Contractor for Services during the term of the Contract. Payment for services performed to the satisfaction of the Department shall be made in the ordinary course of State business upon receipt of duly authenticated invoices/vouchers and upon receipt of monthly reports and/or deliverables, if required elsewhere in this RFP. The contractor shall invoice the Department quarterly on the first day of each quarter. Unless otherwise agreed by the parties, all payments relating to fees described in the Contract shall be made by the Department by deposit into the Contractor Account which is further described in Section 4.3(e). The contract anticipates quarterly submissions of progress and financial reports with subsequent reimbursement. The Department will work with contractors during the term of the contract if more frequent reimbursements are warranted.

(c) Payments of Taxes Assessments. As an independent contractor, the Department will not be responsible for payment of any FICA, FUTA, or other similar charges or withholding for Contractor, and Contractor acknowledges and agrees that it is solely the Contractor's obligation to report and pay all Designated Area or any country or political subdivision thereof, federal, state and local income, self-employment and other taxes due for him on all compensation from the Department as may be required by law. The Department will issue a Form 1099 for all compensation paid to Contractor. Additionally, Contractor assumes full responsibility for the payment of all assessments or contributions, whether of the Designated Area or any country or political subdivision thereof, state or U.S. federal, with respect to all employees engaged by Contractor to perform services in connection with the Contract. Contractor shall furnish to the Department, on the request of the Department, a certificate or other evidence of compliance with all laws of the Designated Area or any country or political subdivision thereof, New York or U.S. concerning contributions, taxes and payroll compensation, transaction, sales, use or other taxes or assessments of whatever nature or kind levied or assessed as a consequence of the work performed or on the compensation to be paid under the Contract.

(d) Deviations from Financial Proposal. Should additional costs not provided for in the Financial Proposal but related to the Contract be incurred, the Contractor shall be responsible for payment of such costs. The Department reserves the right to provide additional funding, at its sole discretion, for expenses for special projects that are not considered part of the day to day operations of the office.

(e) Contractor Account. The Contractor shall establish and maintain a deposit account

("Contractor Account") with a financial institution designated by the Contractor having offices in the Designated Area for use of the Representative Offices. The Contractor shall notify the Department of the location and account number of such Contractor Account, and this account shall be used exclusively for the Representative Office(s).

(f) Accounting Records.

(1) The Department shall not be liable for a negative balance in the Contractor Account or any other account.

(2) All expenses shall be recorded in the books of the Representative Office and charged against the Contractor Account at cost. The Contractor shall not be allowed any fee, commission or other benefit based on cost incurred under Contract.

(3) Financial records of the Contractor shall be maintained in accordance with generally accepted accounting principles in the United States.

(4) Financial records shall be kept on an accrual basis.

(g) Financial Reports. Monthly and annual reports shall be provided in accordance with Section 2.2 and Appendix C of this RFP.

(h) No Benefits. Contractor will be responsible for providing Contractor's own benefits and insurance coverage during the term of the Contract. Contractor, as an independent contractor, and Contractor's subcontractors and employees shall not be eligible for or entitled to participate in the benefits, plans, and insurance coverage provided by the Department to its employees.

(i) Termination. Upon termination, the Department shall pay to the Contractor a pro rata share of any amounts due and payable pursuant to Section 4.3(a) of this RFP through the effective date of the termination. Within ten (10) business days after the effective date of termination of the Contract, the Contractor shall deliver to the Department all unearned payments previously advanced to the Contractor. If the Contractor fails to turn over all unearned payments to the Department, then, in addition to any other rights or remedies that the Department may have in law or in equity, the Department shall be entitled to recover from the Contractor interest at the annual rate of twelve (12) percent per annum on the principle amount of all unreturned unearned payment, together with court costs and reasonable attorney fees incurred in the collection of such amounts.

4.4 Relationship

(a) Independent Contractor Status. The relationship of the Contractor to the Department shall be that of an independent contractor, not an employee.

(b) No Control by Department. The parties acknowledge and agree that the Contractor shall use Contractor's own judgment as to time, place, details and means by which Contractor accomplishes the results of Contractor's Services under the Contract, that Contractor is not subject to instructions by the Department as to when, where, and how the Services should be performed, that Contractor is not required to work set hours of the day or week established by the Department, that Contractor is not required to perform Services in sequence determined by the Department, and that nothing contained herein shall be construed to create the relationship of employer and employee between

the Department and the Contractor; provided, however, that Contractor is expected to provide the Services in a timely and competent manner in order to meet the needs and expectations of the Department.

(c) Employees of Contractor. The Contractor may, at its sole expense, employ and retain such employees as may be necessary to conduct the Services in the Designated Area. All obligations relating to the compensation, benefits and taxes of such employees shall be the sole obligation and responsibility of the Contractor, who shall be deemed the employer of such employees. The Contractor shall direct the work of all employees and subcontractors.

(d) Other Activities of Contractor. The Parties agree that Contractor may be engaged as a consultant, employee or otherwise in non-profit, business or commercial activities for other parties during the term of this contract, provided that such activities: (1) do not prevent Contractor from performing his obligations as set forth in the Contract; and (2) are not Competitive Activities (as defined below), detrimental to the Department or cause the Contractor to breach any of the provisions of the Contract. "Competitive Activities" are those activities which (i) are performed by the Contractor for another state, trade association, or trade group which represents interests or performs services which are competitive with the State or the Department and (ii) are similar to the Services.

(e) Limitation on Authority. The Contractor acknowledges that it is not an agent or legal representative of the Department and the Contractor shall not have nor represent that it does have any power or right to bind the Department. Neither the Department nor any employee or agent of the Contractor shall be deemed to be the legal representative or an employee of the Department by reason of the Contract. During the term of the Contract, the Contractor shall not take any action inside or outside of the Designated Area which could: (1) confer on the State or Department "permanent establishment" or equivalent status, as defined in any applicable law or income tax treaty; (2) subject the State or the Department to income or other taxation in the Designated Area or any country or political subdivision thereof; or (3) impair the treatment of the Representative Offices as representative offices or liaison representative offices. Nothing contained in the Contract shall in any way be construed to create an agency or employee relationship between the Contractor and the Department.

(f) Insurance. Contractor agrees to maintain such insurance necessary to fully protect both Contractor and Department from any and all claims under the Workers' Compensation Act, or any foreign country equivalent, including maintaining insurance, through appropriate local government department or agency; or employers' liability laws, and from any and all other claims for damage to property or for personal injury, including death, made by any person whomsoever, that may arise from or relate to performance of the Services by Contractor, any subcontractor or any person directly or indirectly engaged or employed by Contractor or any subcontractor. Contractor agrees to provide the Department with certificates evidencing the required insurance coverage within thirty (30) days after Contractor begins performance of the Services.

(g) Department's Right of Inspection. The actual performance and supervision of all work hereunder shall be by Contractor, but the Department shall designate a representative or representatives who shall at all times have access to the Representative Offices for the purposes of

observing or inspecting the work performed by Contractor, to judge whether such work is being performed by Contractor in accordance with the terms of the Contract. Such representative or representatives shall be empowered to act for the Department in all matters relating to Contractor's performance of the work undertaken hereunder.

(h) Department Not a Joint Venturer or Partner. In entering into and complying with the Contract, Contractor is at all times performing as an independent contractor. Nothing in the Contract shall constitute or be construed as a creation of a partnership or joint venture between Contractor and the Department, or their successors or assigns.

(i) Title to Contractor's Materials. Title to the materials to be furnished by Contractor in connection with the performance of the Services shall remain with the Contractor unless otherwise specified in Sections 4.6 and 4.7.

4.5 Intellectual Property/Personal Property Rights in Data, Computer Software & Other Intellectual Property

(a) Rights in Data. All studies, reports, findings, sources, bibliographies, subscriber lists, mailing lists, working papers, files, input materials and output materials, the media upon which the same are located (including cards, tapes, discs, and other storage facilities), together with any drafts of same or other intermediate components thereof which may or may not be either confidential or proprietary, and all other materials, prepared for and delivered to the Department in the course of performance of this Agreement hereunder, (hereinafter referred to as "Data"), shall be deemed to be "work made for hire" (as defined in Section 101 of Title 17 of the United States Code), and shall be provided to and become the exclusive property of the Department. Data shall be deemed and determined to not include computer software and related documentation. If it is determined that any Data encompassed above does not fall within the definition of "work made for hire" (as defined in Section 101 of Title 17 of the U.S.C.), the Contractor hereby covenants and agrees to transfer all right, title and interest in any such Data to the Department, and cooperate with the Department, as is necessary, in the processing and execution of any and all documents needed to cause said transfer of all right, title and interest.

4.6 Confidentiality:

For and in consideration of the term of the Contract, Contractor agrees to the following for the ongoing protection of the Department:

(a) Obligations. The Contractor and the Department agree that Contractor shall have an affirmative duty to preserve the confidentiality and safekeeping of all Department documents and "Confidential Information" (as defined below). In particular, except to the extent that the use or disclosure of any Confidential Information is required to carry out Contractor's assigned duties as an independent contractor for the Department, during the term of the Contract and following the termination of the Contract (for whatever reason):

In addition, Contractor agrees that the provisions of this Section 4.7 shall survive the termination or end of Contractor's independent contractor relationship with the Department, regardless of the date, reason or manner of such termination, and such termination shall not in any way impair or affect Contractor's continued obligation to observe the provisions of this Section 4.7.

4.7 Right to Publish.

APPENDIX A

STANDARD CLAUSES FOR ALL NEW YORK STATE CONTRACTS

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, "the contract" or "this contract") agree to be bound by the following clauses which are hereby made a part of the contract (the word "Contractor" herein refers to any party other than the State, whether a contractor, licensor, licensee, lessor, lessee or any other party):

1. EXECUTORY CLAUSE. In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appropriated and available for this contract.

2. NON-ASSIGNMENT CLAUSE. In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the State's previous written consent, and attempts to do so are null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the original contract was subject to the State Comptroller's approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor's business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State's prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. COMPTROLLER'S APPROVAL. In accordance with Section 112 of the State Finance Law (or, if this contract is with the State University or City University of New York, Section 355 or Section 6218 of the Education Law), if this contract exceeds \$50,000 (or the minimum thresholds agreed to by the Office of the State Comptroller for certain S.U.N.Y. and C.U.N.Y. contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds \$10,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller's approval of contracts let by the Office of General Services is required when such contracts exceed \$85,000 (State Finance Law Section 163.6.a).

4. WORKERS' COMPENSATION BENEFITS. In accordance with Section 142 of the State Finance Law, this contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers' Compensation Law.

5. NON-DISCRIMINATION REQUIREMENTS. To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex, national origin, sexual orientation, age, disability, genetic predisposition or carrier status, or marital status. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of \$50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by the State of any State approved sums due and owing for work done upon the project.

7. NON-COLLUSIVE BIDDING CERTIFICATION. In accordance with Section 139-d of the State Finance Law, if this contract was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further affirms that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive bidding certification on Contractor's behalf.

8. INTERNATIONAL BOYCOTT PROHIBITION. In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds \$5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2NYCRR 105.4).

9. SET-OFF RIGHTS. The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Comptroller.

10. RECORDS. The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, "the Records"). The Records must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this contract, shall have access to the Records during normal business hours at an office of the Contractor within the State of New York or, if no such office is available, at a mutually agreeable and reasonable venue within the State, for the term specified above for the purposes of inspection, auditing and copying. The State shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the "Statute") provided that: (i) the Contractor shall timely inform an appropriate State official, in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the State's right to discovery in any pending or future litigation.

11. IDENTIFYING INFORMATION AND PRIVACY NOTIFICATION. (a) Identification Number(s). Every invoice or New York State Claim for Payment submitted to a New York State agency by a payee, for payment for the sale of goods or services or for transactions (e.g., leases, easements, licenses, etc.) related to real or personal property must include the payee's identification number. The number is any or all of the following: (i) the payee's Federal employer identification number, (ii) the payee's Federal social security number, and/or (iii) the

payee's Vendor Identification Number assigned by the Statewide Financial System. Failure to include such number or numbers may delay payment. Where the payee does not have such number or numbers, the payee, on its invoice or Claim for Payment, must give the reason or reasons why the payee does not have such number or numbers.

(b) Privacy Notification. (1) The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. The principal purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the taxes administered by the Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law. (2) The personal information is requested by the purchasing unit of the agency contracting to purchase the goods or services or lease the real or personal property covered by this contract or lease. The information is maintained in the Statewide Financial System by the Vendor Management Unit within the Bureau of State Expenditures, Office of the State Comptroller, 110 State Street, Albany, New York 12236.

12. EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN. In accordance with Section 312 of the Executive Law and 5 NYCRR 143, if this contract is: (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of \$25,000.00, whereby a contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the contracting agency; or (ii) a written agreement in excess of \$100,000.00 whereby a contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon; or (iii) a written agreement in excess of \$100,000.00 whereby the owner of a State assisted housing project is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon for such project, then the following shall apply and by signing this agreement the Contractor certifies and affirms that it is Contractor's equal employment opportunity policy that:

(a) The Contractor will not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status, shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force on State contracts and will undertake or continue existing programs of affirmative action to ensure that minority group members and women are afforded equal employment opportunities without discrimination. Affirmative action shall mean recruitment, employment, job assignment, promotion, upgradings, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation;

(b) at the request of the contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein; and

(c) the Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the State contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

Contractor will include the provisions of "a", "b", and "c" above, in every subcontract over \$25,000.00 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the "Work") except where the Work is for the beneficial use of the Contractor. Section 312 does not apply to: (i) work, goods or services unrelated to this contract; or (ii) employment outside New York State. The State shall consider compliance by a contractor or subcontractor with the requirements of any federal law concerning equal employment opportunity which effectuates the purpose of this section. The contracting agency shall determine whether the imposition of the requirements of the provisions hereof duplicate or conflict with any such federal law and if such duplication or conflict exists, the contracting agency shall waive the applicability of Section 312 to the extent of such duplication or conflict. Contractor will comply with all duly promulgated and lawful rules and regulations of the Department of Economic Development's Division of Minority and Women's Business Development pertaining hereto.

13. CONFLICTING TERMS. In the event of a conflict between the terms of the contract (including any and all attachments thereto and amendments thereof) and the terms of this Appendix A, the terms of this Appendix A shall control.

14. GOVERNING LAW. This contract shall be governed by the laws of the State of New York except where the Federal supremacy clause requires otherwise.

15. LATE PAYMENT. Timeliness of payment and any interest to be paid to Contractor for late payment shall be governed by Article 11-A of the State Finance Law to the extent required by law.

16. NO ARBITRATION. Disputes involving this contract, including the breach or alleged breach thereof, may not be submitted to binding arbitration (except where statutorily authorized), but must, instead, be heard in a court of competent jurisdiction of the State of New York.

17. SERVICE OF PROCESS. In addition to the methods of service allowed by the State Civil Practice Law & Rules ("CPLR"), Contractor hereby consents to service of process upon it by registered or certified mail, return receipt requested. Service hereunder shall be complete upon Contractor's actual receipt of process or upon the State's receipt of the return thereof by the United States Postal Service as refused or undeliverable. Contractor must promptly notify the State, in writing, of each and every change of address to which service of process can be made. Service by the State to the last known address shall be sufficient. APPENDIX C

Additional Specifications on Scope of Services

The following, Section 2.2 and Appendix D of this RFP describe primary specifications for the Contractor. Appendix C's specifications to the scope of services clearly identify the expected tasks and deliverables for the Contractor, including numerical targets wherever feasible. The Appendix D's responsibilities and tasks guidelines are meant to illustrate respective roles of NYS-based staff, of the international representatives, and of NYS companies. The Contractor's budget should reflect the travel costs needed for accomplishing the specified trade and FDI deliverables, within the available annual budget. The trade and FDI management teams will coordinate with the Contractor on follow-up, site visits, etc., generally as outlined in Appendices C and D.

The Contractor should specify relevant trade and/or FDI events and prioritize them, with a frank assessment of the pros and cons of NYS participation. The bidder's recommendations for prioritized Chinese events for NYS must include the costs for participating in same (e.g. registration fees and travel – but NOT costs of exhibit booths) in the financial proposal (per section 3.1 f). Such travel would relate to providing assistance to NYS firms at such event.

The Contractor should recommend the number of trade events relevant to the annual budget and the anticipated deliverables. Given the funding level, between 2 and 5 trade events per year have been supported in recent years. ESD will pay for advertising, trade show exhibit booths, etc. out of separate funds. Depending on the event and whether it is deemed worth the investment of time and resources, a determination will be made regarding the level of service needed on behalf of New York State. Any additional travel to support NYS companies, outside of the scope of participating in approved trade and FDI events, would require prior approval.

These specifications will be reviewed and updated annually. In the event that the Contractor and the Department do not agree on updates prior to the start of each contract year, it is agreed that the specifications of the previous contract year will be in effect. The services provided by this office support both New York State companies in their export activities and NYS international investment attraction efforts. Providing services such as matchmaking services, market intelligence and trade and investment events programming, and lead generation; and fueled by input from the Department and New York State companies themselves, the Contractor can best assist this State's export and investment attraction activities in the following ways:

I. SERVICES PROVIDED

The services provided by the foreign offices, as contracted, can be grouped under four broad categories: **(A) Trade Assistance Work Order Services, (B) Country-Specific Intelligence, (C) Trade Events Program Administration, (D) Investment Attraction/Foreign Direct Investment, (E) Reporting, (F) Other Duties.** These targets are objectives for anticipated deliverables, and will also depend on NYS staff resources. The Contractor will be expected to document how an aggressive good faith effort has been made to meet them.

A. TRADE WORK ORDER SERVICES:

Prior to the start of each contract year, the Department and the Contractor will review previously established targets for Qualified Client Requests for that year and actual sales for that year. The annual minimum targets for the Representative Office(s) shall include:

Actual events are to be established prior to each contract year and may change subject to the agreement of the Department and Contractor. For each contract year the Contractor shall:

- 50-75 per year: investment leads or projects generated;
15-25 per year: qualified prospects for attraction/relocation or retention/expansion, with site analysis involving such elements as geographic parameters, anticipated completion dates, allocated investment dollars and specific questions for Department response;
- 10-15 per year site visits with NYS Department team, per needs of prospect/project;
- 5-10 per year: actual FDI location successes, with job creation in NYS of at least 10 professionals per firm.

* The Contractor shall ensure that for each contract year fifty percent (50%) or more of the foreign direct investment calls, leads/projects, qualified prospects, site visits and actual FDI location successes with job creation be targeted for investment in Upstate New York (See Appendix I – NYS Regions).

**The term “qualified leads” refers to the Contractor’s work to qualify Chinese prospects for investment/attraction/ relocation or expansion with the NYS-based FDI management team, including ensuring that site analysis is underway on part of the Chinese prospect, involving such elements as geographic parameters, anticipated completion dates, allocated investment dollars, etc. The quantitative targets relate to specified tasks are detailed in this section D for FDI.

APPENDIX H

PROCUREMENT LOBBYING DISCLOSURE PURSUANT TO SECTIONS 139-J AND 139-K OF STATE FINANCE LAW

(For Agreements of \$15,000 or more please complete this form.)

Statutory Summary

Changes to the New York State Finance Law (referred to as the “new State Finance Law”) effective January 1, 2006, significantly alter the administrative process for the development of State procurement contracts¹. The procedures discussed herein are put in place to address the new State Finance Law. The New York State Department of Economic Development recognizes the considerable additional responsibility that the new State Finance Law places on potential bidders (“Offerers”) as well as on the Department and we regret any inconvenience. The Department assures you that we are interested in receiving a proposal from your company. Among other things, the new law:

- Makes the States lobbying law applicable to attempts to influence procurement contracts once the procurement process has been commenced by the Department.
- Requires the Department to record **all** contacts made by lobbyists and contractors (you) about a governmental procurement so that the public knows who is contacting the Department about procurements.
- Requires the Department to designate persons who generally may be the **only** staff contacted relative to the Department’s procurement in a restricted period.
- Authorizes the imposition of fines and penalties against persons/organizations engaging in impermissible contacts about a Department procurement and provides for the debarment of repeat violators.
- Directs the Office of General Services to disclose and maintain a list of non-responsible bidders pursuant to this new law and those who have been debarred and publish such list on its website.
- Expands the definition of lobbying to include procurement contracts.

Generally speaking, two related aspects of procurements were affected: (i) activities by the business and lobbying community seeking procurement contracts and (ii) activities involving governmental agencies establishing procurement contracts. The obligations imposed by State Finance Law Sections 139-j and 139-k are collectively referred to as the “new State Finance Law”. State Finance Law Sections 139-j and 139-k may be viewed at <http://www.ogs.state.ny.us/aboutogs/regulations/advisoryCouncil/sfl139-j.htm> and at <http://www.ogs.state.ny.us/aboutogs/regulations/advisoryCouncil/sfl139-k.htm>

The following contains language and forms (these forms must be completed and returned as part of your proposal, and when indicated at other times during this procurement process) to be reviewed and completed by you the bidder (“Offerer”), in compliance with sections 139-J and 139-k of the State Finance Law.

NYS Department of Economic Development Policy Language

Pursuant to State Finance Law §§139-j and 139-k, this Invitation for Bid includes and imposes certain restrictions on communications between the Department and an Offerer/bidder during the procurement process. An Offerer/bidder is restricted from making contacts from the earliest notice of intent to solicit offers through final award and approval of the Procurement Contract by the Department and Office of the State Comptroller (“restricted period”) to other than designated staff unless it is a contact that is included among certain statutory exceptions set forth in State Finance Law §139-j(3)(a). Designated staff, as of the date hereof, are any member of the Department’s Contract Management or Publications Unit. To avoid conflicts and other issues concerning statutory exceptions, the Department requires that Offerers contact only Department staff identified in the aforementioned section of this solicitation. Department employees are also required to obtain certain information when contacted during the restricted period and make a determination of the responsibility of the Offerer/bidder pursuant to these two statutes. Certain findings of non-responsibility can result in rejection for contract award and in the event of two findings within a 4 year period, the Offerer/bidder is debarred from obtaining governmental Procurement Contracts. Further information about these requirements can be found at <http://www.ogs.state.ny.us/aboutOgs/regulations/defaultAdvisoryCouncil.html> or by calling the New York State Office of General Services; Ms. Anne Phillips, OGS Legal Services, Empire State Plaza, 41st Floor Tower Building, Empire State Plaza, Albany NY 12242. Telephone: (518) 474-5607. E-mail: Anne.Phillips@OGS.State.NY.US.

¹ “Procurement contract” shall mean any contract or other agreement for an article of procurement involving an estimated annualized expenditure in excess of fifteen thousand dollars. Grants, article eleven-B state finance law contracts, program contracts between not-for-profit organizations, as defined in article X1-B of the state finance law, and the unified court system, intergovernmental agreements, railroad and utility force accounts, utility relocation project agreements or orders and eminent domain transactions shall not be deemed procurement contracts.

Termination Provisions

The Department also reserves the right to terminate any PO resulting from this IFB in the event it is found that the certification filed by the Contractor in accordance with New York State Finance Law §139-k was intentionally false or intentionally incomplete. Upon such finding, the Department may exercise its termination right by providing written notification to the Contractor in accordance with the written notification terms of this contract.

Form 1 - Offerer’s Affirmation of Understanding of and Agreement pursuant to State Finance Law §139-j (3) and §139-j (6) (b)

State Finance Law §139-j(6)(b) provides that: Every Governmental Entity shall seek written affirmations from all Offerers as to the Offerer’s understanding of and agreement to comply with the Governmental Entity’s procedures relating to permissible contacts during a Governmental Procurement pursuant to subdivision three of this section.

This information must be collected in addition to the information that is separately obtained pursuant to State Finance Law §163(9). In accordance with State Finance Law §139-k, an Offerer must be asked to disclose whether there has been a finding of non-responsibility made within the previous four (4) years by any Governmental Entity due to: (a) a violation of State Finance Law §139-j or (b) the intentional provision of false or incomplete information to a Governmental Entity.
