Waukesha South High School Wall of Fame

The Wall of Fame at Waukesha South High School was formed for the purpose of providing our current students and community with the vision of the outstanding legacies of Waukesha High School and Waukesha South High School. It is hoped that these people will provide role models for our current students and offer us a chance to celebrate the successes of those who have graduated from our school.

The original Wall of Fame selection committee established criteria to ensure recognition of a broad cross section of achievers. Five categories were established as criteria for selecting inductee's for the Wall of Fame:

- Professional
- Athletic / Entertainment
- Science / Technology
- Community Service
- Entrepreneur / Industrial

The above categories were listed to serve as general guidelines in the selection process. It is not mandatory that candidates for induction represent each of the above categories. The categories are meant to ensure that those selected come from a broad cross-section of achievers. We are attempting to honor individuals who have made a difference, people who have succeeded, and people who have given unselfishly to make the world a better place. If a candidate is not selected in the year in which they are nominated it is not necessary to resubmit another application. All nominees are reviewed each year.

On behalf of Waukesha South High School, we thank you for your interest in our Wall of Fame.
