

Florida e-Services Programs Calendar of Due Dates for 2014

DR-659
R. 08/13

- The banking process requires one business day to complete an electronic payment. Therefore, you must initiate your return with payment, or payment only, before 5:00 p.m., Eastern Time (ET), on the date shown below. See your tax or fee instructions for the appropriate filing date for your returns and reports.
- Initiations completed after 5:00 p.m., ET, will be processed the next business day.
- You may initiate and schedule your electronic payments up to 30 days in advance. The payment will be held in the system until the date you specify.
- If you only make payments electronically, you must also mail in the appropriate return/report in a timely manner.
- Tax due dates that occur on a weekend or holiday are moved forward to the following business day. However, initiation dates for electronic payments are moved back to ensure that the funds are received by the state on the tax due date. State-recognized holidays are listed on the reverse side.
- Payments initiated through software programs generally follow this calendar. You should contact your software vendor for any deadlines they may have.
