How to Apply for the Teaching Artist Roster

[Review the guidelines for the program](#) to make sure you are eligible. Then prepare and submit one copy of the following:

- Teaching Roster Application
- Narrative (two-page maximum) in which you describe:
 - Your work as an artist and your development as a teaching artist (What got you interested in working in education settings? How have you developed your teaching artist skills?).
 - Your experience working with students and teachers.
 - The specific services you can provide to schools, including consultations, training workshops, residencies, lectures, or coaching.
 - How your artistic discipline can be used to teach skills in different content areas of the preK-12 curriculum, such as language arts, mathematics, social studies, or science. Note the concepts that help to facilitate these connections.
 - The details of your technical requirements for your work in schools (for example, stage size or sound system needed).
- Your current artistic resume. This document should detail your work as a professional artist or arts educator (including work as a teaching artist). Please include information on arts-related education (college-level or other advanced training) as well as teaching artist training that you have received. Do not include information about your non-arts work.

Applicants who are re-applying to the Teaching Artist Roster must include information on the teaching artist training that they attended during the past three years (required for all artists re-applying to the Teaching Artist Roster).

- Two sample lesson plans:
 1. An arts integrated lesson plan (no more than two pages in length) for a student group. The plan should clearly reveal what you want the students to know both in the arts discipline and the subject content area. Follow the format of the [sample lesson plan](#) on the Teaching Artist Roster page of the MAC website when creating your plan.
 2. A plan for a teacher's professional development workshop. It should be no longer than two pages. The workshop should model arts integration, helping teachers become familiar and more comfortable with utilizing the artist's art form in their classroom. Follow the format of the [sample professional development workshop](#) on the Teaching Artist Roster page of the MAC website when creating your plan.
- A list of your previous work in schools in the past three years, including date(s), name of school, type of activity, and age groups with which you worked. Please note if any of these past activities were funded through MAC grants.
- Teaching Artist Reference forms completed by four different teachers or administrators who are familiar with the applicant's work as a teaching artist. The reference must send in their form separately to MAC.

- Appropriate samples of the applicant's work as an artist (see the list below for details on what to submit). The samples must have been completed within the last three years.
- A list that describes the artistic work samples. These descriptions should include the titles and completion dates of each sample. Also include the medium and the approximate dimensions of each work (if appropriate for the art form).
- One CD-R computer disc containing the following:
 - Your promotional image. The image should be high quality and suitable for printing in the Roster booklet.
 - A document containing the required information for the Teaching Artist Handbook. This includes your contact information, a short bio, and descriptions of the workshops and other programs you offer. Follow the directions and format on the Teaching Artist Profile Form (p. 8-10) in the [Teaching Artist Guidebook](#). This document should be saved as a Microsoft Word or text file.

Work Sample Formats

- **Literary Artists:** 10-15 pages of fiction, creative non-fiction, poetry, playwriting (original or adaptation), or a screenplay completed within the last three years. If your submitted work sample is an excerpt from a longer work, you may include a one-page synopsis of the work as a whole. Published work must be submitted in typed manuscript rather than published form. The sample must be formatted using a 12-point font size and one inch margins on all sides of the page.
- **Media Artists:** Three copies of a DVD with 5-10 minutes of excerpts of your work completed within the last three years. The list of work samples should include, for each excerpt, the title, length, date completed, technique, original format, genre (documentary, experimental, etc.) and the specific role of the applicant in creating the submitted work.
- **Performing Artists:** Three copies of a DVD or CD, containing 5-10 minutes of representative work completed within the last three years. Musicians should include at least three songs in their sample. On the list of work samples indicate the title, names of the artist(s), date, and location of recording. Please note: storytellers, actors, dancers and other theatrical artists are required to submit their samples on DVD.
- **Visual Artists:** One set of digital images that feature six different samples of work completed within the last three years. The images should be saved in JPEG format at 72dpi, with no image wider than 1600 pixels. They should be saved on a CD-R disc with each image numbered to correspond with the work sample listing. Only the required images should be included on the CD-R. They should not be saved as part of a presentation program file (like PowerPoint).
