Registration Agreement

Please review the information listed below to ensure that you understand your responsibilities and agreements in enrolling your child in the Y Before and After School Enrichment Program.

Demographic Information

The Y receives financial grants, gifts, and donations from public and private sources. Many of these sources require us to provide an overview of the customers and communities we serve such as age, grade, sex, and number of children by school or community, as well as race and household income. Specific and individual information about you or your family is never isolated and shared. This information is helpful, but optional. Please see the BASE Program Registration Form for details.

Tuition

Tuition is billed monthly and in advance of services received. Tuition is calculated by taking the yearly program fees that cover the days that school is in session and dividing that into 10 equal monthly payments beginning August 1, 2014 or at time of registration and ending May 1, 2015. Tuition

prices are subject to change. (Initial)

Monthly Tuition Payments

Payment is due on the 1st of each month. A \$25.00 late fee is applied after the 5th of the month for any account with an outstanding balance. If payment is not received by the 8th of the month, then the child will be unable to attend the program until the balance is paid in full. Payments not received by the 15th of the month will result in termination. We may then contact our waitlist for openings. Re-enrollment, should there be space, will require the balance to be paid in full and a new registration fee to be paid in full. Note: late fees are assessed based on date payment is received by

customer billing office, not by postmark date. A payment schedule has been provided for your reference. (Initial)

Payment Options

All payments must be received by mailing a check to the Customer Billing Office, or credit payment over the phone or online. Site and/or center directors are not allowed to collect monthly payments. The Y of Central Maryland accepts money order, American Express, Discover, MasterCard & Visa credit cards, and Electronic Fund Transfers (EFT). The Y will also gladly accept your personal check; however, there will be a \$25 charge for any

check returned to us unpaid by your bank (Initial)

Financial Assistance

The Y of Central Maryland accepts DSS and other third party payment arrangements that may be able to assist you. We also have a Financial

Scholarship program to assist families in need. Applications are available through the Customer Billing Office. (Initial)

Changes in Program Enrollment

All enrollment changes must be made in written form and sent to the Customer Billing Office, two (2) weeks prior to the change. Site/center directors cannot accept verbal notification of changes or withdrawals. Parents are responsible for contractual payments. There is a \$10 processing fee for refunds and changes in care. Registration fees are neither refundable nor transferable. Snow days, School's out Day and have separate

cancellation and credit/refund policies. (Initial)

Absentee and Sick Child

There will be no reduction of fees if a child is absent from the program, including illness. The Health Department's regulations concerning

periods of infection will be enforced. (Initial)

Closings and Early Dismissals

There will be no reduction of fees for holiday closings, emergency closings, or if the site is forced to close due to circumstances beyond the Y's control (i.e. water main break, power outage, severe/inclement weather, etc). For sites located within the school system . . . the Y is unable to run programming on emergency early dismissal days. Programs or half-days, and extra days of programming may require advance registration and may

have additional fees and separate credit/refund policies. (Initial)

In-Service Days/School's Out Day

A variety of options will be made available for days when school has planned time off. A schedule of activities, registration procedures, and fees will be made available prior to these days. Please note that these days are beyond the planned school days as covered by the before and after enrichment tuition and some additional fees may apply. Payment and registration forms are due within 5 days of the date of service. Late payment fees and

suspensions for non-payment may apply. (Initial)

Custody Issues

If there are any custody issues, the parent will provide a court order indicating who is the custodial parent/guardian and the names of anyone in which the staff should NOT release the child. It should be noted that there is one account for each family. If the account is outstanding, regardless of whose responsibility it is to make payment, then care may be suspended or terminated. We require parents to communicate with each other and that they

refrain from placing our staff in the middle of any custody issues. Failure to do so could result in immediate termination. (Initial)

Sign-In and Sign-Out

Children must be accompanied into and out of the program space by a parent or an authorized adult (at least 18 years of age) at all times. An authorized adult must sign the in/out roster and present photo ID to ensure that this safety regulation is enforced. (Initial)

Late Pick-up

The BASE program closes promptly at 6:00pm (school sites) and 6:30pm (preschool locations). Parents are considered late if the child has not been picked up by the times listed above (regardless of the reason). Any parent arriving late will be charged a late fee of \$5 per child for every five minute increment or fraction thereof. There is no cut-off time for this fee and the authorities will be notified for any children remaining past 7:00pm. Repeated lateness could cause dismissal from the program. Payment is due within 24 hours of date of late pick-up – late payment fees and suspensions for non-payment may apply. (Initial)

Forms and Account Information

It is the parent/guardian’s responsibility to notify the staff of any medical information pertinent to their child’s health, safety and well-being; and to provide updated medical records as necessary. It is also the responsibility of the parent/guardian to keep telephone and emergency information updated on their child’s emergency card and on account with the site director and the customer billing office. (Initial)

Medical and Emergency Incidents

If a medical emergency arises, the Y staff will first attempt to contact the parent/guardian. If the parent/guardian cannot be reached, staff will try to contact emergency contacts until someone is reached. If the emergency is such that immediate hospital attention is necessary, the staff will accompany the child to the hospital in an ambulance. (Initial)

Illnesses/Health Conditions

Children may not attend the program if they have any illness or condition that compromises the health of other children or staff. Health Department regulations regarding periods of infection will be enforced. Children must be symptom-free (vomiting, fever, and diarrhea) for at least 24 hours before returning to the program. Additionally, a doctor’s release will be required in order for any child to return to the center after a communicable illness. (Initial)

Damaged Property

If a child accidentally or deliberately breaks or damages Y of Central Maryland property or the property at the site location, the parent/guardian will be held responsible for the replacement cost of the equipment. (Initial)

Behavioral Issues and Suspension

If a child is having problems adjusting to the program, a conference will be arranged between staff and parent/guardian. Serious behavioral problems may result in a suspension period with no reduction in tuition. A child may be dismissed from the program without notice if his/her behavior is consistently disruptive or if his/her behavior threatens the health and safety of himself or the safety of other children or staff. Additionally, if a parent/guardian displays such behavior or acts within a manner that is inappropriate, his/her child may be dismissed from the program. (Initial)

Permissions/Other

- I give my permission for my child to participate in walks and other activities within the grounds of the site. (initial)
- I give the Y of Central Maryland permission to request a copy of my child’s IEP enrollment/intake documentation and, if applicable, schedule of special education services (if applicable) (initial)

Special Considerations: Please check off any of the following that you as a parent feel our Y staff should take into consideration in order to provide the best experience for your child: Special nutritional or dietary needs Lower staff to student ratio (current ratio 1:15)

To THE Y OF CENTRAL MARYLAND (herein referred to as the Y): I have given my authority to charge the above named credit/debit card for the activity payments indicated above. 1

Pull off the blue safety release cap.

2

Swing and firmly push the orange tip against the outer thigh so it 'clicks.' HOLD on thigh for approximately 10 seconds to deliver the drug.

Please note: As soon as you release pressure from the thigh, the protective cover will extend.

Each EpiPen Auto-Injector contains a single dose of a medicine called epinephrine, which you inject into your outer thigh. DO NOT INJECT INTRAVENOUSLY. DO NOT INJECT INTO YOUR BUTTOCK, as this may not be effective for a severe allergic reaction. In case of accidental injection, please seek immediate medical treatment.

Call 911

3

Seek immediate emergency medical attention and be sure to take the EpiPen Auto-Injector with you to the emergency room.

REQUIRED INFORMATION

The following information is required prior to a child attending a Maryland State Department of Education licensed, registered or approved child care or nursery school:

- **A physical examination** by a physician or certified nurse practitioner completed no more than twelve months prior to attending child care. A Physical Examination form designated by the Maryland State Department of Education and the Department of Health and Mental Hygiene shall be used to meet this requirement (See COMAR 13A.15.03.02, 13A.16.03.02 and 13A.17.03.02).
- **Evidence of immunizations.** A Maryland Immunization Certification form for newly enrolling children may be obtained from the local health department or from school personnel. The immunization certification form (DHMH 896) or a printed or a computer generated immunization record form and the required immunizations must be completed before a child may attend. This form can be found at:
http://www.marylandpublicschools.org/MSDE/divisions/child_care/licensing_branch/forms.html Select DHMH 896.
- **Evidence of Blood-Lead Testing for children living in designated at risk areas.** The blood-lead testing certificate (DHMH 4620) (or another written document signed by a Health Care Practitioner) shall be used to meet this requirement. This form can be found at:
<http://apps.fcps.org/dept/health/MarylandDHMHBloodLeadTestingCertificateDHMH4620.pdf>

EXEMPTIONS

Exemptions from a physical examination, immunizations and Blood-Lead testing are permitted if the family has an objection based on their religious beliefs and practices. The Blood-Lead certificate must be signed by a Health Care Practitioner stating a questionnaire was done.

Children may also be exempted from immunization requirements if a physician, nurse practitioner or health department official certifies that there is a medical reason for the child not to receive a vaccine.

The health information on this form will be available only to those health and child care provider or child care personnel who have a legitimate care responsibility for your child.

INSTRUCTIONS

Please complete Part I of this Physical Examination form. Part II must be completed by a physician or nurse practitioner, or a copy of your child's physical examination must be attached to this form.

If your child requires medication to be administered during child care hours, you must have the physician complete a Medication Authorization Form (OCC 1216) for each medication. The Medication Authorization Form can be obtained at

http://www.marylandpublicschools.org/MSDE/divisions/child_care/licensing_branch/forms.html Select OCC 1216.

CHILDREN WHO ARE REQUIRED TO RECEIVE LEAD TESTING

Under Maryland law, children who reside, or have ever resided, in any of the at-risk zip codes listed below must receive a blood lead test at 12 months and 24 months of age. Two tests are required if the 1st test was done prior to 24 months of age.

If a child is enrolled in child care during the period between the 1st and 2nd tests, his/her parents are required to provide evidence from their health care provider that the child received a second test after the 24 month well child visit. If the 1st test is done after 24 months of age, one test is required.

The child's health care provider should record the test dates on page 3 of this form and certify them by signing and stamping the signature section of the form. All forms should be kept on file at the facility with the child's health records.

How To Use This Form

The medical provider that gave the vaccinations may record the dates (using month/day/year) directly on this form (check marks are not acceptable) and certify them by signing the signature section. Combination vaccines should be listed individually, by each component of the vaccine. A different medical provider, local health department official, school official, or child care provider may transcribe onto this form and certify vaccination dates from any other record which has the authentication of a medical provider, health department, school, or child care service.

Only a medical provider, local health department official, school official, or child care provider may sign ‘Record of Immunization’ section of this form. This form may not be altered, changed, or modified in any way.

Notes:

1. When immunization records have been lost or destroyed, vaccination dates may be reconstructed for all vaccines except **varicella, measles, mumps, or rubella.**
2. Reconstructed dates for all vaccines must be reviewed and approved by a medical provider or local health department no later than 20 calendar days following the date the student was temporarily admitted or retained.
3. Blood test results are NOT acceptable evidence of immunity against diphtheria, tetanus, or pertussis (DTP/DTaP/Tdap/DT/Td).
4. Blood test verification of immunity is acceptable in lieu of polio, measles, mumps, rubella, hepatitis B, or varicella vaccination dates, but **revaccination may be more expedient.**
5. History of disease is NOT acceptable in lieu of any of the required immunizations, except varicella.

Immunization Requirements

The following excerpt from the DHMH Code of Maryland Regulations (COMAR) 10.06.04.03 applies to schools:

- (1) Preschool program unless the student's parent or guardian has furnished evidence of age appropriate immunity against Haemophilus influenzae, type b, and pneumococcal disease;
- (2) Preschool program or kindergarten through the second grade of school unless the student's parent or guardian has furnished evidence of age-appropriate immunity against pertussis; and

This Brochure Provides Information About:

- The requirements that State-regulated family child care homes and child care centers must meet,
- Your rights and responsibilities as the parent of a child in regulated care, and
- How and where to file a complaint if you believe your child care provider has violated State child care licensing regulations.

Who Regulates Child Care?

All child care in Maryland is regulated by the Maryland State Department of Education (MSDE), Division of Early Childhood Development. Within the Division, child care licensing is the specific responsibility of the Office of Child Care (OCC), Licensing Branch.

All child care facilities must meet minimum health, safety, and program standards set by Maryland law. To remain licensed, facilities must maintain compliance with those standards. Every licensed facility is inspected by OCC at least once each year to evaluate the facility's compliance with child care regulations.

OCC's thirteen Regional Offices are responsible for licensing activities, including:

- Issuing child care licenses;
- Inspecting child care facilities;
- Investigating complaints against licensed child care facilities;
- Investigating reports of unlicensed (illegal) child care; and
- Taking enforcement action when necessary to achieve compliance with regulations.

There are two types of regulated child care facilities: *family child care homes* and *child care centers*.

Family Child Care Homes and Child Care Centers Must Meet the Following Requirements:

- Have the approval of OCC, the fire department and other local agencies, as required (i.e., zoning, health, and environment).
- Provide care only in the areas of the facility that have been approved for use.
- Have the license issued by OCC posted where it is easily and clearly visible to parents. The license shows:
 - the maximum number of children who may be present at the same time;
 - the age groups which may be served; and
 - the facility's approved hours of operation.
- At all times, each child must be supervised in a manner appropriate to the child's age, activities, and individual needs.
- All areas of the facility used for child care must be clean, well lit, and properly ventilated. Room temperatures should be comfortable.
- If food service is provided, food must be stored, prepared, and served in a safe, sanitary and healthful manner.
- The facility must offer a daily program of indoor and outdoor activities that are appropriate to the age, needs and capabilities of each child.
- An up-to-date emergency information card must be on file and maintained for each child.
- The facility must post an approved emergency evacuation plan and conduct evacuation drills at least monthly.
- Child discipline procedures must be appropriate to a child's age and maturity level and may not include the deliberate infliction of physical or emotional pain. ***Corporal punishment of any kind is strictly prohibited.***

There are certain requirements that apply only to homes or centers.

Family Child Care Homes

- Up to 8 children may be in care at the same time if the home meets certain physical requirements. No more than 2 children under the age of two, including the caregiver's own, may be in care at the same time unless the home has been approved to serve additional children in this age group and an additional adult is present. Under no circumstance may care be provided at the same time to more than 4 children under the age of two.
- Each applicant for a family child care license must:
 - Have a criminal background check and child abuse/neglect clearance;
 - Submit a recent medical evaluation; and
 - Complete pre-service training requirements, including certification in first aid and CPR.
- Each adult resident of the home must also have a criminal background check and child abuse/neglect clearance.
- After becoming licensed, the caregiver must periodically complete additional training. Also, current certification in first aid and CPR must be maintained at all times.
- Each caregiver must have at least one substitute who is available to care for the children in the event of the caregiver's temporary absence from the home. Each substitute is subject to approval by OCC and must have a child abuse/neglect clearance. If paid by the caregiver, a substitute must also have a criminal background check. Before allowing a substitute to provide care, the caregiver must tell the substitute how to reach parents in the event of an emergency and familiarize the substitute with the home's child health and safety procedures.

Child Care Centers

The center director and staff members who have group supervision responsibilities must meet minimum education, experience, and training qualifications. They must also meet continued training requirements each year.

The director and all paid center employees must complete a criminal background check and a child abuse/neglect clearance, and submit a medical evaluation.

- In each classroom, staff/child ratios and maximum group size requirements must be maintained at all times. The following table shows some basic age groupings and the applicable requirements:

Age Group	Ratio	Maximum Size
0 –18 months	1:3	6
18 – 24 months	1:3	9
2 years	1:6	12
3 –4 years	1:10	20
5 years or older	1:15	30

- For every 20 children present, there must be at least one staff member who is currently certified in first aid and CPR.

Your Rights and Responsibilities as a Child Care Consumer

You have the right to:

- Expect that your child's care meets the standards set by Maryland's child care licensing regulations (NOTE: the regulations are available online at: www.marylandpublicschools.org/MSDE/divisions/child_care/regulat);
- Visit the facility without prior notification any time your child is there;
- See the rooms and outside play area where care is provided during program hours;
- Be notified if someone in the family child care home smokes. In child care centers, smoking is prohibited;
- Receive advance notice when a substitute will be caring for your child in a family child care home for more than two hours at a time;
- Give written permission before a caregiver may take your child swimming, wading, or on field trips;
- Give written authorization before any medication may be administered to your child;
- Be notified immediately of any serious injury or accident. If your child has a non-serious injury or accident, you must be notified on the same day;
- File a complaint with OCC if you believe that the caregiver has violated child care regulations.

Any complaint you make to OCC about the care your child is receiving will be promptly investigated by OCC;

- Review the public portion of the licensing file for the facility where your child is or has been enrolled, or where you are considering enrolling your child.
