

Embalmer Apprentice Log

Embalmers Apprentices: To qualify for a license as an embalmer, an apprentice embalmer must successfully complete 12 months practical experience as an embalmer's apprentice as provided in ORS 692.190. The apprentice embalmer must work a **minimum** of 1440 hours within a calendar year and must assist in the embalming of at least 35 human remains during the apprenticeship period under the personal supervision of an Oregon licensed embalmer. An apprentice embalmer must maintain a log book of embalmings under supervision, with accurate and current entries, and the apprentice and his or her supervisor must furnish this record to the Board upon request. The **log book** must be retained for a period of one year after full licensure as an embalmer, or, if not licensed as an embalmer, for six years after the last log entry and must include the following: name of the deceased; date of death; date and place of embalming; name of licensed facility making the embalming arrangements; supervisor's written confirmation for each embalming performed by their apprentice; and number of hours worked per week. The log book may be inspected by the Board for confirmation of licensure requirements. Apprentices leaving employment should keep a copy of his or her log book, and the licensed facility should also keep a copy. An embalmer apprenticeship shall be completed within 48 aggregate months, excluding time lost as provided in Oregon Revised Statutes (ORS) 692.190(7).

Only a licensed embalmer or embalmer apprentice may provide the necessary handling and preparation of human remains, e.g. washing, disinfecting, setting features, embalming, repair and supervising dressing. A licensed embalmer or embalmer apprentice must supervise and be responsible for the required sanitizing of the preparation room or holding room including, but not limited to, embalming tables, work surfaces, sinks, floors, instruments, and disposal of contaminated waste. A preparation room or holding room must be sanitized after the use of the room.

An embalmer must not embalm human remains without obtaining written or oral permission of a person who has the right to control the disposition of the remains. When oral permission is received to embalm, the licensee obtaining the oral permission must document the oral permission in writing. Documentation must include the name and phone number of the authorizing agent, relationship to the deceased, date and time oral permission was obtained, and printed name and signature of the licensee or facility representative acquiring the oral authorization. An authorizing agent must confirm the oral permission on a written, signed embalming authorization form as outlined in OAR 830-040-0000(7).
