Subject: Warranty Letter

To Whom It May Concern:

“This is to warrant that the product _____ as manufactured and sold by _____ is a Liquid Anti-Stripping Additive meeting the current requirements of Section 831 of the Georgia Department of Transportation Specifications. This material shall be manufactured under strict formulation and quality control. Changes of formulation will constitute a new product which will be submitted for approval under a new product name.

(Company Name) agrees to abide by and cooperate with the Georgia Department of Transportation’s control procedures as established in the Standard Operating Procedure for Monitoring the quality of Bituminous Mixtures (SOP 2).

This certificate of guarantee supersedes all previous certificates and shall remain in effect as long as this company continues to furnish material to or for Georgia Department of Transportation construction or maintenance projects under the privileges of the Approved List of Suppliers of Anti-Strip Additives for use in Asphaltic Concrete (QPL 26).

“We further warrant that material furnished to State of Georgia projects will be replaced without cost to the purchaser and State of Georgia when found not in conformity with any of the specified requirements. We accept full responsibility for determining the governing Specification for each order, provided we are given notice of revised Specifications, and we warrant that the material currently being furnished is identical in formulation, composition, and properties as the material originally submitted for source approval.”

Do not change, add or subtract any wording in your warranty letter. To do so, will delay the evaluation process.
