

The U.S. Department of Justice, Office of Community Oriented Policing Services (COPS Office, www.cops.usdoj.gov) is pleased to announce that it is seeking applications for funding for the COPS Office FY 2014 Collaborative Reform Initiative for Technical Assistance. This initiative furthers the department's mission of advancing public safety through community policing by addressing the department's goal of assisting state, local, and tribal efforts to prevent or reduce crime and violence.

COPS Office FY 2014 Application Guide: Collaborative Reform Initiative for Technical Assistance (CRI-TA) and Program Evaluation

Eligibility

This solicitation is open to all profit and nonprofit institutions, universities, and colleges. Proposals should significantly advance the field of community policing, and demonstrate an understanding of community policing and police operations. The focus of this solicitation is to identify organizations that can provide support to law enforcement agencies to build or enhance trust within a community.

Applications that represent partnerships between law enforcement organizations, universities/colleges, and nonprofit institutions are encouraged. Unless otherwise indicated, proposals that primarily or solely benefit one or a limited number of law enforcement agencies or other entities will not be considered for funding. Applicants should demonstrate experience in delivering training and technical assistance nationwide.

All awards are subject to the availability of appropriated funds and any modifications or additional requirements that may be imposed by law.

Deadline

All applications must be submitted by June 23, 2014, at 7:59 p.m. EDT.

Completing an application under the CRI-TA Program is a two-step process. Applicants are first required to register via www.grants.gov and complete an SF-424, submitting it through the Grants.gov website. Once the SF-424 has been submitted via Grants.gov, the COPS Office will send an invitation e-mail to the applicant with instructions on completing the second part of the CRI-TA application through the COPS Office Online Application System (see "Deadline: Registration and Application" and "How to Apply"). If you have not renewed your COPS Office Account Access information, contact the COPS Office Response Center at AskCopsRC@usdoj.gov or 800-421-6770. An application is not considered submitted until both of these steps are completed.

Contact Information

For technical assistance with submitting the SF-424, call the Grants.gov Customer Service Hotline at 800-518-4726, send questions via e-mail to support@Grants.gov or consult the Grants.gov Organization Registration User Guide at www.Grants.gov/assets/OrgRegUserGuide.pdf. For programmatic assistance with the requirements of this program or with submitting the application through the COPS Office Online Application System, please call the COPS Office Response Center at 800-421-6770 or send questions via e-mail to AskCopsRC@usdoj.gov.

COLLABORATIVE REFORM INITIATIVE FOR TECHNICAL ASSISTANCE (CRI-TA) (CFDA 16.710)

OVERVIEW

About the COPS Office

The Office of Community Oriented Policing Services (COPS Office) is the component of the U.S. Department of Justice responsible for advancing the practice of community policing by the nation's state, local, territory, and tribal law enforcement agencies through information and grant resources.

Community policing is a philosophy that promotes organizational strategies that support the systematic use of partnerships and problem-solving techniques, to proactively address the immediate conditions that give rise to public safety issues such as crime, social disorder, and fear of crime.

Rather than simply responding to crimes once they have been committed, community policing concentrates on preventing crime and eliminating the atmosphere of fear it creates. Earning the trust of the community and making those individuals stakeholders in their own safety enables law enforcement to better understand and address both the needs of the community and the factors that contribute to crime.

The COPS Office awards grants to state, local, territory, and tribal law enforcement agencies to hire and train community policing professionals, acquire and deploy cutting-edge crime fighting technologies, and develop and test innovative policing strategies. COPS Office funding also provides training and technical assistance to community members and local government leaders and all levels of law enforcement. The COPS Office has produced and compiled a broad range of information resources that can help law enforcement better address specific crime and operational issues, and help community leaders better understand how to work cooperatively with their law enforcement agency to reduce crime.

- Since 1994, the COPS Office has invested nearly \$14 billion to add community policing officers to the nation's streets, enhance crime fighting technology, support crime prevention initiatives, and provide training and technical assistance to help advance community policing.
- To date, the COPS Office has funded approximately 125,000 additional officers to more than 13,000 of the nation's 18,000 law enforcement agencies across the country in small and large jurisdictions alike.
- Nearly 700,000 law enforcement personnel, community members, and government leaders have been trained through COPS Office-funded training organizations.
- To date, the COPS Office has distributed more than 8.57 million topic-specific publications, training curricula, white papers, and resource CDs.

COPS Office resources, covering a wide breadth of community policing topics—from violence reduction strategies to school and campus safety—are available, at no cost, through its online Resource Center at www.cops.usdoj.gov. This easy-to-navigate website is also the grant application portal, providing access to online application forms.

COLLABORATIVE REFORM INITIATIVE FOR TECHNICAL ASSISTANCE OVERVIEW

The Collaborative Reform Initiative for Technical Assistance (CRI-TA) is a program where the COPS Office provides funding to technical assistance providers to work with law enforcement agencies to assess issues that affect police and community relationships. Technical assistance is the dissemination and application of specialized knowledge or expertise to the field to address a problem or need for the purpose of informing policy and practice. Technical assistance supports crime prevention, criminal justice, juvenile justice, and victim services stakeholders. CRI-TA funds are used to provide technical assistance to agencies on significant law enforcement-related issues such as excessive use of force, officer involved shootings, or racial profiling. Using subject-matter experts, interviews, and direct observation, technical assistance providers will assist law enforcement agencies with enhancing and improving their policies and procedures, systems, culture, and relationship with the communities they serve. If appropriate, technical assistance providers can issue a series of recommendations, and be instrumental in assisting agencies with the implementation of those recommendations or finding the right resources to do so.

As a federal provider of innovative, customer-focused resources, the COPS Office has designed CRI-TA to provide a unique service to law enforcement agencies by focusing on the importance of the community perspective in state, local, territory, or tribal law enforcement issues. CRI-TA adopts a comprehensive approach that can extend beyond the traditional criminal justice parameters.

Technical assistance services can be provided along a continuum of interaction levels, such as offering COPS Office publications to address a specific crime problem, conducting peer-to-peer site visits, or an investigation by the Civil Rights Division. By investing in technical assistance, the COPS Office will be able to support community safety throughout the nation and significantly contribute to developing the capacity of law enforcement to implement community policing strategies, build knowledge about effective practices and outcomes, and support creative approaches to addressing crime and public safety.

Community policing is a philosophy that promotes organizational strategies, which support the systematic use of partnerships and problem-solving techniques, to proactively address the immediate conditions that give rise to public safety issues such as crime, social disorder, and fear of crime.

Community policing is composed of three key components:

- **Partnerships**
Collaborative partnerships between the law enforcement agency and the individuals and organizations they serve to develop solutions to problems and increase trust in police.
- **Organizational Transformation**
The alignment of organizational management, structure, personnel, and information systems to support community partnerships and proactive problem solving.
- **Problem Solving**
The process of engaging in the proactive and systematic examination of identified problems to develop and evaluate effective responses.

Please be advised that a hold may be placed on any application if it is deemed that the applicant agency is not in good standing on other U.S. Department of Justice grants, has other grants compliance issues that would make the applicant agency ineligible to receive COPS Office funding,

and/or is not cooperating with an ongoing compliance investigation regarding a current COPS Office grant award. A hold may also be placed on any application if it is deemed that the applicant agency is not in compliance with federal civil rights laws and/or is not cooperating with an ongoing federal civil rights investigation.

Misuse of CRI-TA funds and/or failure to comply with all COPS Office grant requirements may result in suspension or termination of grant funds, the repayment of funds, and/or other remedies available by law.

Under the False Claim Act, any credible evidence that a person has submitted a false claim or has committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving COPS Office funds may be referred to the Office of Inspector General (OIG). The OIG may be contacted at oig.hotline@usdoj.gov, www.usdoj.gov/oig/FOIA/hotline.htm, and 800-869-4499.

DEADLINE: REGISTRATION AND APPLICATION

All applicants for the 2014 CRI-TA Application are required to have a valid ORI. Please contact the COPS Office Response Center at 800-421-6770 to verify your agency's ORI. If you do not have an ORI, a COPS Office Response Center Specialist will assign one to you. This is required before you begin your application on Grants.gov.

Additionally, the federal government requires that all applicants for federal grants and cooperative agreements—with the exception of individuals other than sole proprietors—have a DUNS number and be registered in the System for Award Management (SAM) database prior to submitting an application. See “Section 3: General Agency Information” in this guide for more information regarding DUNS and SAM.

Completing an application under the CRI-TA Program is a two-step process. Applicants are first required to register via www.grants.gov and complete an SF-424. Once the SF-424 has been submitted, you will receive an e-mail from the COPS Office with instructions on completing the second part of the CRI-TA application through the COPS Office Online Application System. If you have not renewed your COPS Office Account Access information, contact the COPS Office Response Center at AskCopsRC@usdoj.gov or 800-421-6770.

It is strongly recommended that applicants register immediately on Grants.gov. In addition, applicants are strongly encouraged to complete the SF-424 and Section 1 on Grants.gov as quickly as possible. Any delays in registering with Grants.gov or submitting the SF-424 may result in insufficient time for processing your application through Grants.gov or the COPS Office Online Application System.

Once you have registered and submitted your SF-424 through Grants.gov, you will receive an e-mail within one business day with instructions for completing the COPS Office Attachment to the SF-424 through the COPS Office Online Application System. Complete application packages for the CRI-TA 2014 Solicitation are due by June 23, 2014 at 7:59 p.m. EDT. Hard copies or electronic copies sent via e-mail will not be accepted.

For technical assistance with submitting the SF-424, call Grants.gov Customer Service Hotline at 800-518-4726, e-mail support@Grants.gov, or consult the Grants.gov Organization Registration User Guide at www.Grants.gov/assets/OrgRegUserGuide.pdf. See “How to Apply” in this guide for more information.

For technical assistance with submitting the online application via the COPS Office website, please call 800-421-6770 or send questions via e-mail to AskCopsRC@usdoj.gov. See “How to Apply” in this guide for more information.

ELIGIBILITY REQUIREMENTS

This solicitation is open to all profit and non-profit institutions, universities, and colleges. Proposals should be responsive to the topic selected, significantly advance the field of community policing, and demonstrate an understanding of community policing as it pertains to the application topic. The focus of this grant announcement is to support law enforcement and communities across the United States, so applicants must propose projects that deliver activities nationwide. Unless otherwise indicated, initiatives that primarily or solely benefit one or a limited number of law enforcement agencies or other entities will not be considered for funding.

For additional information, please contact the COPS Office Response Center at 800-421-6770 or send questions via e-mail to AskCopsRC@usdoj.gov.

PROGRAM-SPECIFIC INFORMATION

The U.S. Department of Justice, Office of Community Oriented Policing Services (COPS Office) developed the Collaborative Reform Initiative for Technical Assistance (CRI-TA) in 2011 to provide technical assistance to law enforcement agencies on a wide variety of criminal justice issues—from use-of-force practices, to the deployment of crisis intervention teams, to building trust with the community. CRI-TA is a means to organizational transformation through an analysis of policies, practices, training, tactics, and accountability methods around a specific issue such as excessive use of force, officer involved shootings, or ethical decision making. It is not a short-term solution for a serious deficiency, but a long term strategy that first identifies issues within an agency that may affect public trust, and then offers recommendations on how to resolve those issues and enhance the relationship between the police and the community.

The purpose of CRI-TA is to objectively analyze and assess law enforcement policies, procedures, and tactics then issue findings and recommendations. If awarded, your organization may not provide technical assistance to a law enforcement agency when there is a conflict of interest. To avoid conflicts of interest, please describe in Section 11: Project Description (Narrative) your organization's plans to identify and manage any actual or apparent conflicts of interest should they arise when the COPS Office identifies the specific law enforcement agencies selected to receive technical assistance over the course of the award. If awarded, your organization must also promptly disclose to the COPS Office any actual or apparent conflict of interest with a law enforcement agency. If the COPS Office determines that the identified conflict is not properly addressed, the COPS Office reserves the right to select another technical assistance provider to work with that particular law enforcement agency.

All awards are subject to the availability of appropriated funds and any modifications or additional requirements that may be imposed by law.

When applying, please be sure to select the most appropriate topic area for your proposal. Please note that applicants may not submit multiple applications.

Application Program Goals and Topic Areas

Program Goals

The purpose of the CRI-TA is to advance the practice of community policing in law enforcement through training and technical assistance. Applicants must identify those goals that will be directly accomplished if funding is awarded. It is not expected or anticipated that the proposed project accomplishes more than one of the following goals:

1. **Develop Knowledge:** Develop new knowledge or leverage existing knowledge about community policing activities and strategies that show promise.
2. **Increase Awareness:** Increase the number of agencies/individuals who are aware of the most effective community policing strategies.
3. **Increase Skills/Abilities:** Increase the skills and/or abilities of law enforcement agencies, relevant stakeholders, and/or individuals to engage in proven community policing practices.
4. **Increase Practice:** Increase the number of law enforcement agencies, relevant stakeholders, and/or individuals using proven community policing practices.
5. **Institutionalize Practice:** Increase the number of law enforcement agencies, relevant stakeholders, and/or individuals that systematically use and integrate proven community policing strategies as part of their routine business and will continue to engage in these practices for the foreseeable future.

The 2014 Collaborative Reform Initiative will fund projects that provide the following: (1) assessments, recommendations, and technical assistance for law enforcement; and (2) a program evaluation that demonstrates the efficacy of the CRI-TA. The COPS Office will provide multiple awards for up to \$1,125,000 each to deliver a wide range of technical assistance services to law enforcement agencies nationwide. These services include but are not limited to: a needs assessment or problem identification process, on-site or remote guidance on agency-specific issues, an electronic communication strategy, and portal sites to share relevant information between the agency and the TA provider. The COPS Office will also award up to \$500,000 to a single recipient to conduct a program evaluation. This solicitation is being announced as an open competition for multiple awards, and those selected will be expected to begin work immediately. Funding is extremely limited; therefore, this solicitation is predicted to be very competitive.

Topic Areas

Applicants are encouraged to present original and innovative proposals that meet the specific project outcomes outlined under each specific topic area. Proposals should be responsive to the selected topic, significantly advance the field of community policing, and demonstrate an understanding of community policing as it pertains to the application topic. Unless otherwise indicated, initiatives that primarily or solely benefit one or a limited number of law enforcement agencies or other entities will not be considered for funding.

Assessment and Technical Assistance to Law Enforcement

(Multiple awards up to \$1,125,000 each)

The COPS Office seeks proposals that demonstrate an applicant's ability to analyze and assess law enforcement policies, procedures, and actions, and provide the guidance and support required to deliver specialized technical assistance to 4–6 law enforcement agencies to be selected over the course of the award. The prospective grantee must show a track record of working on-site with law enforcement, local elected officials, and community stakeholders. The deliverable for each jurisdiction receiving technical assistance will include a report and a series of recommendations that will be useful to other agencies seeking solutions for similar challenges. In addition, the awardee may also be tasked with delivering training and technical assistance to the jurisdiction.

The awardee will provide technical assistance that enhances an agency's ability to work with criminal justice and community stakeholders and incorporates a variety of community policing strategies including, but not limited to: problem solving, partnership development, organizational transformation, and crime prevention.

Substantial involvement is expected between the COPS Office and the awardee on this important effort to address and support organizational change. Critical components of this coordination include: developing criteria to select interested agencies; creating a coordinated approach to assess the agency's issues; and developing a strategy to carry out this work, including a method for delivering the technical assistance and a process for evaluating those efforts. Applicants can propose to provide technical assistance through methods that may include electronic communication strategies, social media outreach, facilitated discussion, on-site technical assistance, and other approaches. The resulting deliverables will be one report with findings, recommendations, and an implementation plan; followed by two reports, one to document their progress within six months and a final report that captures progress after 18 months. Each report will be distributed to the field to provide opportunities for self-assessment to transform other agencies.

Program Purpose and Outcomes

The purpose of this topic area is to identify multiple technical assistance providers that can support law enforcement agencies in building trust with the community. The applicant must have: (1) experience in conducting assessments of law enforcement agencies and providing recommendations based on those assessments; (2) a track record of working successfully to transform law enforcement agencies; (3) a cadre of public safety subject matter experts and trainers who can deliver technical assistance; (4) a history of working with stakeholders throughout the criminal justice system; (5) expertise in conflict resolution; and (6) the flexibility to provide technical assistance on a wide variety of community policing issues and other specialized topics. Applicants are encouraged to submit proposals that provide comprehensive strategies, based on the foundations of community policing, that can be tailored to the specific need/problem of an agency and the community it serves. Proposals should include innovative and diverse approaches to deliver technical assistance to participating agencies. The proposal should focus on the following program outcomes:

1. Increase law enforcement agencies' capacity to build or enhance community trust through engagement and partnership development
2. Increase law enforcement agencies' capacity to develop systematic approaches to reform itself around a specific focus area
3. Increase the law enforcement agencies' capacity to use problem-solving methods to address systemic issues within the department to improve public safety

Through a separate CRI-TA topic area, the COPS Office will fund a Collaborative Reform Program Evaluator to work with 5–7 selected sites to document the process, outputs, outcomes, and activities to identify the appropriate indicators of project success. This Collaborative Reform Program Evaluator will observe the selected law enforcement agency's focus on the implementation of the recommendations detailed in the initial report and evaluate the effectiveness of the Collaborative Reform Initiative.

Program Evaluation of the Collaborative Reform Initiative for Technical Assistance (One award up to \$500,000)

The COPS Office is seeking applicants to conduct a program evaluation of the Collaborative Reform Initiative for Technical Assistance (CRI-TA). This evaluation will also assess implementation in each CRI-TA site in terms of effectiveness and project results. The COPS Office is soliciting for an evaluator to work across 5–7 collaborative reform sites. This evaluation should incorporate both qualitative and quantitative methods of analyses of the implementation of CRI-TA in all sites. The selected evaluator shall conduct the following activities:

1. Design an evaluation plan to include research questions to assess the collaborative reform process and implementation effectiveness within each site
2. Develop meaningful performance measures for success for each individual site, as well as across sites
3. Work with sites to establish mechanisms for data collection for process and outcome measures
4. Coordinate with sites to design and implement data collection methods to better understand the problem(s) (e.g., local-level surveys, interviews, and focus groups)
5. Produce a report that summarizes the strengths, weaknesses, challenges, and benefits of CRI-TA and details lessons learned from implementation across the sites

The evaluator selected under this solicitation will work closely with the COPS Office and CRI-TA's technical assistance providers to ensure that a comprehensive evaluation plan is developed and implemented.

Proposals submitted under this solicitation shall:

- Detail research options for conducting a program evaluation
- Provide an initial plan for review of all collaborative reform sites and program information that can include in-person or virtual site-visits
- Demonstrate expert knowledge of program evaluation, including experience with multi-site evaluation
- Demonstrate an understanding of police operations, community policing, conflict resolution, community engagement, and crime prevention programs

The successful applicant to this solicitation will be required to submit a technical plan to the COPS Office within 3–6 months of the award. The technical strategy should include a comprehensive plan for the program evaluation components of selected sites, and a statistical analysis plan. The deliverable for this program evaluation is a final report that identifies lessons learned and the strengths and weaknesses of the Collaborative Reform Initiative.

Program Purpose and Outcomes

The purpose of this topic area is to fund an evaluation to assess the Collaborative Reform Initiative within and across the sites. Applicants are encouraged to submit proposals that demonstrate: (1) collaboration with sites and the technical assistance providers to review technical assistance plans, initial reports (including site-specific assessments), and progress reports where applicable; (2) development of an evaluation plan that is flexible enough to address the site differences and assess the process and outcomes of the collaborative reform within and across sites; (3) execution of an evaluation plan according to project timeline and site readiness; and (4) frequent communication with the COPS Office to discuss progress.

The proposal should focus on the following program outcomes:

1. Demonstrate the CRI-TA's influence in law enforcement agencies' capacity to build or enhance community trust through engagement and partnership development
2. Demonstrate the CRI-TA's influence in law enforcement agencies' capacity to develop systematic approaches to reform itself around a specific focus area
3. Demonstrate the capacity of the CRI-TA to transform law enforcement agencies organizationally through a more cost effective approach

Length of Grant Term, Maximum Federal Share, and Local Share Requirements

All awards will have a performance period of two years in duration, and there is no local match required.

The COPS Office will review reasonable requests made for no-cost time extensions in the event that all funds granted have not been expended within the grant’s performance period. Extension Request worksheets will be sent to awardees approximately 90 days prior to the award end date. Any extensions granted will be for time only, and not for additional funding. Please be advised that all extension requests must be received by the COPS Office prior to the official grant award end date.

At present, this is a one-time funding opportunity and the COPS Office expects that all items, personnel, and/or training requested will be purchased or hired and the project implemented within the grant period.

Federal Funding: Allowable and Unallowable Costs

All items requested will be considered on a case-by-case basis during the budget review process. Items under the program must be purchased using the legislative guidelines established by the appropriations legislation that governs this funding. Additionally, each item requested must programmatically link to the activities described in your application. To the greatest extent practical, all equipment and products purchased with these funds must be American-made.

Fundable Requests

Please refer to your cost principles.

If your organization receives an award or subaward...	...then these cost principles apply.
College or university	2 C.F.R. 220
Nonprofit organization	2 C.F.R. 230

Costs must meet certain criteria in order to be charged to the federal government. For more information on Cost Principles, please visit www.whitehouse.gov/omb/circulars_default.

Each requested budget item must be allowable, necessary, allocable, and reasonable to the project activities.

Budget requests may be made in the categories of:

- Civilian Base Salary and Fringe Benefits
- Equipment/Technology
- Supplies
- Travel/Training
- Contracts/Consultants
- Other Costs
- Indirect Costs

Requests for reimbursement of items purchased or expenses incurred prior to the award start date will not be funded. For more information on allowable and unallowable costs please refer to the Instructions for Completing the Budget on page 29 of this Guide.

Monitoring, Reporting, and Evaluation Requirements

Federal regulations require that any financial assistance from the federal government be monitored to ensure that those funds are spent properly. Awarded agencies will be responsible for submitting Programmatic Progress Reports and quarterly Federal Financial Reports. Programmatic Progress Reports will be required quarterly for all agencies (e.g., profit or nonprofit, private or public university/college, and state associations). All agencies will be required to submit a final closeout report. In addition, the COPS Office is interested in tracking the progress of its programs. Therefore, all COPS Office grantees will be required to participate in grant monitoring activities of the U.S. Department of Justice, including but not limited to the COPS Office, the Office of the Inspector General, or any entity designated by the COPS Office.

The COPS Office Monitoring staff may take a number of monitoring approaches, such as site visits, office-based grant reviews, and periodic surveys to gather information. The COPS Office may seek information including, but not limited to, your agency’s compliance with non-supplanting and financial requirements of the grant. Program and Monitoring Specialists, as well as auditors, are particularly interested in confirming that the purchase of approved items is consistent with the applicant’s proposal.

Please feel free to contact the COPS Office Response Center at 800-421-6770 to discuss any issues or concerns you may have.

PERFORMANCE MEASURES

To assist in fulfilling the Department of Justice’s responsibilities under the Government Performance and Results Act (GPRA), P.L. 103-62, applicants who receive funding must provide data that measures the results of their work. Performance measures for CRI-TA are as follows:

Objective	Performance Measures	Data Grantee Provides
Increase the capacity of law enforcement agencies to implement community policing strategies that strengthen partnerships for safer communities and enhance law enforcement’s capacity to prevent, solve, and control crime through funding for personnel, technology, equipment, and training.	Performance measures for CRI-TA will be developed consistent with and/or reflective of the Program Goals and Outcomes, and grantees under this Program will be required to submit performance data related to these measures.	Periodic progress reports providing an overview of CRI-TA grant purchases, implementation and implementation of community policing strategies.

COPS Office Collaborative Reform Initiative for Technical Assistance (CRI-TA) funds are used to advance the practice of community policing in law enforcement agencies through training and technical assistance, the development of innovative community policing strategies, and best practices that are national in scope. All COPS Office CRI-TA awards target increasing law enforcement agencies’ capacity to implement community policing strategies within the three primary elements of community policing: 1) problem solving; 2) partnerships; and 3) organizational transformation.

As part of the progress report, CRI-TA grantees will be required to report on their progress toward developing deliverables that advance the practice of community policing.

Based on the data collected from grantees, the COPS Office may make improvements to the CRI-TA Initiative to better meet the program’s objective and law enforcement agency needs.

Electronic Submission of the SF-424 via Grants.gov and the COPS Office Website

Please read the following important information before attempting to submit your application via the COPS Office website:

- Completing a CRI-TA application is a two-step process. Applicants are first required to register via www.grants.gov and complete an SF-424. The Grants.gov funding code for this solicitation is COPS-Collaborative-Reform-Initiative-for-Technical-Assistance-Application-2014. Once the SF-424 has been submitted, applicants will receive an e-mail from the COPS Office with instructions on completing the second part of the CRI-TA application through the COPS Office Online Application System. If you have not renewed your COPS Office Account Access information, contact the COPS Office Response Center at AskCopsRC@usdoj.gov or 800-421-6770.
- It is strongly recommended that applicants register immediately on Grants.gov. In addition, applicants are strongly encouraged to complete the SF-424 as quickly as possible. Any delays in registering with Grants.gov or submitting the SF-424 may result in insufficient time for processing your application through Grants.gov or the COPS Office Online Application System. An application is not considered submitted until you have submitted your SF-424 on Grants.gov and the second part of the application on the COPS Office website.
- For technical assistance with submitting the SF-424, call the Grants.gov Contact Center at 800-518-4726 or e-mail support@Grants.gov. For assistance with submitting the application through the COPS Office Online Application System, please call the COPS Office Response Center at 800-421-6770 or send questions via e-mail to AskCopsRC@usdoj.gov.

- To apply for funding, applicants must have a DUNS number (DUNS numbers are required of all agencies requesting federal funding) and have an active registration with the System for Award Management (SAM) database.
- Applicants must comply with any word and/or field limit requirements described in the COPS Office Application Guide.
- Applicants will have the opportunity to print a copy of the application prior to submission, and a copy of the application after it has been submitted. Please note that the application package cannot be submitted until all required fields have been completed.
- Applicants will be able to print a copy of the application package only for reference while completing the application online via the COPS Office website. The COPS Office will not accept applications submitted via mail or e-mail.
- **Do not wait until the application deadline date to begin the application process through the COPS Office website. The registration steps may take several days to complete, and if you wait until the application deadline date you may be unable to submit your application online.**

Additionally, all applicants are required to maintain current registrations in the System for Award Management (SAM) database. SAM replaces the Central Contractor Registration (CCR) database as the repository for standard information about federal financial assistance applicants, recipients, and subrecipients. DOJ requires that all applicants (other than individuals) for federal financial assistance maintain current registrations in the SAM database. Applicants must update or renew their SAM registration annually to maintain an active status.

Applicants that were previously registered in the CCR database must at a minimum:

- Create a SAM account
- Log in to SAM and migrate permissions to the SAM account (all the entity registrations and records should already have been migrated)

Applicants that were not previously registered in the CCR database must register in SAM prior to registering in Grants.gov. Information about SAM registration procedures can be accessed at www.sam.gov.

Obtaining a Data Universal Numbering System (DUNS) Number

The federal government requires that all applicants for federal grants and cooperative agreements, with the exception of individuals other than sole proprietors, have a Data Universal Numbering System (DUNS) number prior to application submission. The DUNS number is used to identify related organizations that are receiving funding under grants and cooperative agreements, and to provide consistent name and address data for electronic grant application systems. A DUNS number may be obtained by telephone at 866-705-7511 or via the Internet at <http://fedgov.dnb.com/webform>.

Data Universal Numbering System (DUNS) Number

- The DUNS number is a unique nine- or thirteen-digit identification number provided by Dun & Bradstreet (D&B).
- The DUNS number is site-specific. Therefore, each distinct physical location of an entity (such as branches, divisions, and headquarters) may be assigned a DUNS number. Organizations should try to keep DUNS numbers to a minimum. In many instances, a central DUNS number with a DUNS number for each major division/department/agency that applies for a grant may be sufficient.

- You should verify that you have a DUNS number or take the steps needed to obtain one as soon as possible, if there is a possibility you will be applying for future federal grants or cooperative agreements. There is no need to wait until you are submitting a particular application.
- If you already have a DUNS number: If you, as the entity applying for a federal grant or cooperative agreement, previously obtained a DUNS number in connection with the federal acquisition process or requested or had one assigned to you for another purpose, you should use that number on all of your applications. It is not necessary to request another DUNS number from D&B. You may request D&B to supply a family-tree report of the DUNS numbers associated with your organization. Organizations should work with D&B to ensure the right information is on the report. Organizations should not establish new numbers, but use existing numbers and update/validate the information associated with the number.
- If you are not sure whether you have a DUNS number: Call D&B using the toll-free number 866-705-5711, and indicate that you are a federal grant applicant or prospective applicant. D&B will tell you if you already have a number. If you do not have a DUNS number, D&B will ask you to provide the information listed below and will immediately assign you a number, free of charge.

To Obtain Your DUNS Number

- The requestor may obtain a DUNS number via the Internet at <http://fedgov.dnb.com/webform>.
- The requestor may also obtain a DUNS number via telephone at 866-705-5711. The phone is staffed from 8 a.m. to 6 p.m. (local time of the caller when calling from within the continental United States). Calls placed to the above number outside of those hours will receive a recorded message requesting the caller to call back between the operating hours. The process to request a number takes about 5–10 minutes. A DUNS number will be assigned at the conclusion of the call. You will need to provide the following information:
 - Legal name
 - Headquarters name and address for your organization
 - Doing business as (DBA) or other name by which your organization is commonly known or recognized
 - Physical address, city, state, and zip code
 - Mailing address (if separate from headquarters and/or physical address)
 - Telephone number
 - Contact name and title
 - Number of employees at your physical location

Managing Your DUNS Number

- D&B periodically contacts organizations with DUNS numbers to verify that their information is current. Organizations with multiple DUNS numbers may request a free family tree listing from D&B to help determine what branches/divisions have numbers and whether the information is current. Please call the dedicated toll-free DUNS number request line at 866-705-5711 to request your family tree.
- D&B recommends that organizations with multiple DUNS numbers have a single point of contact for controlling DUNS number requests to ensure that the appropriate branches/divisions have DUNS numbers for federal purposes.

- As a result of obtaining a DUNS number you have the option to be included on D&B's marketing list that is sold to other companies. If you do not want your name/organization included on this marketing list, request to be de-listed from D&B's marketing file when you are speaking with a D&B representative during your DUNS number telephone application.

Obtaining a DUNS number is absolutely free for all entities doing business with the federal government. This includes grant and cooperative agreement applicants or prospective applicants and federal contractors. Be certain to identify yourself as a federal grant applicant or prospective applicant.

Registering with the System for Award Management (SAM)

Applicants for all federal grants are required to register with the System for Award Management (SAM). If your organization already has an Employer Identification Number (EIN), your SAM registration will take up to two weeks to process. If your organization does not have an EIN, then you should allow two to five weeks for obtaining the information from the IRS when requesting the EIN via phone, fax, mail, or Internet. Follow the steps listed below to register in the SAM:

Step 1: Obtain a DUNS number at www.dnb.com/us/ or call 866-705-5711

Step 2: Access the SAM online registration through the SAM home page at <https://www.sam.gov/> and follow the online instructions for new SAM users.

Step 3: Complete and submit the online registration. If you already have the necessary information on hand, the online registration takes approximately 30 minutes to complete, depending upon the size and complexity of your business or organization. Please note that organizations must update or renew their SAM registration at least once a year to maintain an active status.

To migrate your legacy system user account from Central Contractor Registration (CCR), FedReg, ORCA, or EPLS, you must first create a personal account in SAM by clicking on "Create an Account" on the homepage. An individual Account is required to manage Entity Registrations in SAM. You won't be able to manage your registration unless you create a System Account in SAM. Once you validate that you have access to the e-mail address you provided during the registration process and login, you will see a message on the user Dashboard (My SAM) that will ask you "Would you like to migrate a legacy system account?" Click "Yes" to begin the migration process. Alternatively, you may click on "Manage My User Roles," then on "Migrate Legacy Account" link to begin the migration process. The roles you had with the Legacy system will be mapped to your SAM account.

To update your entity's SAM registration, follow the below steps:

Step 1: Go to the SAM homepage (www.sam.gov), enter your username and password, and then click the "Log In" button.

Step 2: Select "Complete Registrations" under Registration/Update Entity in the left navigation pane.

Step 3: Select the entity record that you want to update and click the "Update" button.

For more details on updating your registration, please refer to the SAM User Guide, available at www.sam.gov.

If awarded, your agency must maintain the currency of your information in the SAM until you submit the final financial report required under this award or receive the final payment, whichever is later. This requires that you review and update the information at least annually after the initial registration, and more frequently if required by changes in your information or another award term.

To review the System for Award Management and Universal Identifier Award Term, please see Appendix D.

Geographic Names Information System (GNIS) ID Number

The Geographic Names Information System (GNIS) database is maintained by the U.S. Geological Survey, U.S. Department of the Interior. The database assigns a unique, permanent feature identifier, the Feature ID, which is the only standard federal key for integrating or reconciling feature data from multiple datasets.

To determine your jurisdiction's Feature ID number:

- Go to: <http://geonames.usgs.gov/> and click on "Search Domestic Names"
- From this screen, you can enter the name of your jurisdiction (for example, "Cleveland")
- Select your state ("Ohio")
- Click "Send Query" (The results will show that Cleveland, Ohio, is a populated place with a Feature ID of 1066654.)
- Enter this 7-digit number into your application form. Some jurisdictions may have Feature IDs of less than 7 digits; for example, American University is a school in the District of Columbia with a Feature ID of 531560. In this case, you should place a "0" in front of the number to ensure that 7 digits are entered into the application form (e.g., 0531560).

Audit Requirement

OMB Circular A-133 establishes the requirements for organizational audits that apply to COPS Office grantees. Grantees must arrange for the required organization-wide (not grant-by-grant) audit in accordance with the requirements of this circular.

Civil Rights

All recipients of federal grant funds are required to comply with nondiscrimination requirements contained in various federal laws. A memorandum addressing federal civil rights statutes and regulations from the Office for Civil Rights, Office of Justice Programs will be included in the award package for grant recipients. All applicants should consult the Assurances form to understand the applicable legal and administrative requirements.

Please be advised that a hold may be placed on this application if it is deemed that the applicant agency is not in compliance with federal civil rights law and/or is not cooperating with an ongoing federal civil rights investigation.

Grant Terms and Conditions

The following section describes all of the compliance terms and conditions that applicants should be aware of before applying to COPS Office programs. The table below further defines which of the legal requirements are applicable to the program for which you are applying. Please review each section carefully. The signatures of the applicant’s Authorized Organizational Representative, Law Enforcement Executive/Program Official, and Government Executive/Financial Official on Section 17: Reviews and Certifications assures the COPS Office that your agency will comply with all legal and administrative requirements that govern the applicant for acceptance and use of federal grant funds.

I. & II. Assurances & Certifications (Also included in Section 15 of this Application Guide and Standard Application forms.)

Applicants to COPS Office programs are required to sign the standard Assurances and Certifications forms. Signing these documents assures the COPS Office that you have read, understand, and accept the grant terms and conditions as outlined in the Assurances and Certifications. Please read these documents carefully as signatures on these documents are treated as material representation of fact upon which reliance will be placed when the Department of Justice determines to award the covered grant.

III. Disclosure of Lobbying Activities (Also included in Section 16 of this Application Guide and Standard Application forms.)

This disclosure form shall be completed by the reporting entity, whether subawardee or prime federal recipient, at the initiation or receipt of a covered federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to

make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered federal action. Complete all items that apply for both the initial filing and material change reports. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

If this applies to your agency, you are required to complete the disclosure form in Section 16 of the application. If you need to complete and submit additional forms, please complete and submit them as attachments to your application online.

IV. Nonsupplanting Requirement

COPS Office funds awarded to states or units of local government (including law enforcement agencies) may not be used to supplant (replace) state, local, or Bureau of Indian (BIA) funds that would, in the absence of federal aid, be made available for the purpose of the award. Instead, COPS Office funds must be used to supplement (increase) the total amount of funds that would otherwise be made available for the award purposes.

A recipient may not use COPS Office funds to pay for any item or costs associated with this request that the recipient is already obligated to pay. Funds allocated to pay for law enforcement costs irrespective of the award may not be reallocated to other purposes or refunded should a COPS Office grant or cooperative agreement be awarded. Non-federal funds must remain available for and devoted to that purpose, with COPS Office funds supplementing those non-federal funds. Funding awarded cannot be obligated until after the grant award start date (unless an exception is authorized in writing by the COPS Office). This means that COPS Office funds cannot be applied to any agency cost incurred prior to the award start date.

The possibility of supplanting will be the subject of careful application review, possible pre-award review, and post-award monitoring and audit. Any supplanting of non-federal funds by COPS Office funds may be grounds for potential suspension or termination of grant funding, recovery of misused funds, and/or other applicable legal sanctions.

If you have questions concerning the nonsupplanting requirement while completing this application, please contact the COPS Office Response Center at 800-421-6770 or AskCopsRC@usdoj.gov for further information.

V. Procurement & Sole Source Justification—If Applicable

Sole source, or procurement by noncompetitive proposals, is procurement through solicitation of a proposal from only one source, or after solicitation of a number of sources, competition is determined inadequate. It must adhere to the standards set forth in the Uniform Administrative Requirements, 28 C.F.R. § 66.36 or 28 C.F.R. § 70.40 et seq. (as applicable).

For the purchase of equipment, technology, or services under a COPS Office award, recipients must follow their own policies and procedures on procurement as long as those requirements conform to the federal procurement requirements set forth in 28 C.F.R. § 66.36 and 28 C.F.R. § 70.40 et seq. (as applicable). If a recipient determines that the award of a contract through a competitive process is infeasible, and if one of the following circumstances applies: (1) the item/service is available only from one source; (2) the public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation; or (3) competition is determined inadequate after solicitation of a number of sources, the grant recipient must seek written authorization from the COPS Office for sole source procurements in excess of \$100,000. Written approval for sole source procurements from the COPS

Office must be received prior to purchasing equipment, technology or services, obligating funding for a contract, or entering into a contract with grant funds.

Requests for sole source procurements of equipment, technology, or services in excess of \$100,000 must be submitted to the COPS Office in writing certifying that the award of the contract through full and open competition is infeasible. The sole source request must be prepared on department letterhead.

The request should also include the following information:

Section I – A brief description of the project, the amount to be designated for the sole source procurement, and the purpose of the contract.

Section II – A statement identifying which one (or more) of the three circumstances identified below apply to the procurement transaction and an explanation as to why it is necessary to contract in a noncompetitive manner. Include supporting information as identified below under the applicable section(s).

The item/service is available only from one source.

- Uniqueness of items/services to be procured from the proposed contractor or vendor (compatibility, patent issues, etc.)
- How the agency determined that the item/service is only available from one source (market survey results, independent agency research, patented or proprietary system, etc.)
- Explanation of need for contractor's expertise linked to the current project (knowledge of project management, responsiveness, experience of contractor personnel, prior work on earlier phases of project, etc.)
- Any additional information that would support the case
- The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation
- When the contractual coverage is required by your department and why
- Impact on project if deadline/dates are not met
 - How long it would take an alternate contractor to reach the same required level of competence (equate to dollar amounts, if desired)
 - Any additional information that would support the case

Competition is determined inadequate after solicitation of a number of sources.

- Results of a market survey to determine competition availability; if no survey is conducted, please explain why not
- Any additional information that would support the case

Section III – A declaration that this action/choice is in the best interest of the agency.

Upon receipt of the request for sole source authorization, the COPS Office will review to determine if competition is infeasible, and your agency will be contacted if any of the identified information is missing or if additional supporting information is required. If the COPS Office determines that the request does not meet the standards set forth above, the request will be denied.

Please be advised that conflicts of interest are prohibited under the procurement standards set forth in 28 C.F.R. § 66.36 and 28 C.F.R. § 70.40 et seq.

If you have any questions regarding the federal requirements that guide procurement procedures, please contact your COPS Office Program Manager at 800-421-6770.

VI. Criminal Intelligence Systems/28 C.F.R. Part 23 Compliance
Not Applicable

VII. Certification to Mitigate Possible Adverse Health, Safety, and Environmental Impacts—If Applicable

The National Environmental Policy Act (NEPA) of 1969, as amended (Pub. Law 91-190; 42 U.S.C. 4321 et seq.), establishes a national goal of protecting the environment. NEPA's requirements apply to federal projects, decisions, or actions, including grants in aid that might have a significant impact on the quality of the human environment. For example, renovation and construction projects initiated by state or local law enforcement agencies with grant funding from the U.S. Department of Justice, Office of Community Oriented Policing Services (COPS Office) are subject to NEPA. These projects are usually also subject to related environmental impact review and consultation provisions within the following environmental statutes and executive orders: Coastal Zone Management Act; Coastal Barrier Resources Act; Clean Air Act; Safe Drinking Water Act; Federal Water Pollution Control Act; Endangered Species Act; Wild and Scenic Rivers Act; National Historic Preservation Act; Farmland Protection Policy Act; and executive orders related to protection of wetlands, floodplain management, and environmental justice.

It is the COPS Office's policy to minimize harm to the environment and we may reject proposals or encourage the modification of projects which have adverse environmental impacts. No grant funds may be awarded and/or expended for a specific construction proposal until an Environmental Assessment (EA) and/or an Environmental Impact Statement (EIS) has been completed and the COPS Office has issued a Finding of No Significant Impact (FONSI) or has approved the EIS.

VIII. Community Policing Self-Assessment Tool (CP-SAT)
Not applicable.

IX. System for Award Management (SAM) and Universal Identifier Requirements

Unless you are exempted from this requirement under 2 C.F.R. 25.110, you as the recipient must maintain the currency of your information in the SAM until you submit the final financial report required under this award or receive the final payment, whichever is later. This requires that you review and update the information at least annually after the initial registration, and more frequently if required by changes in your information or other award term.

To review the System for Award Management and Universal Identifier Award Term, please see Appendix D.

X. Reporting Subaward and Executive Compensation Information

The Federal Funding Accountability and Transparency Act of 2006 (FFATA) requires, among other things, that information on federal awards (federal financial assistance and expenditures) be made available to the public via a single, searchable website, which is www.USASpending.gov.

Applicants should note that all recipients of awards of \$25,000 or more under this solicitation, consistent with FFATA, will be required to report award information on any first-tier subawards totaling \$25,000 or more, and, in certain cases, to report information on the names and total compensation of the five most highly compensated executives of the recipient and first-tier subrecipients. If applicable, the FFATA Subaward Reporting System (FSRS), accessible via the Internet at www.fsrs.gov, is the reporting tool recipients under this solicitation will use to capture and report subaward information and any executive compensation data required by FFATA.

The subaward information entered in FSRS will then be displayed on www.USASpending.gov, associated with the prime award, furthering federal spending transparency.

Each applicant entity must ensure that it has the necessary processes and systems in place to comply with the applicable reporting requirements should it receive funding.

To review the Reporting Subaward and Executive Compensation Award Term, please see Appendix C.

Suspension or Termination of Funding

The COPS Office may suspend, in whole or in part, or terminate funding, or impose other sanctions on a grantee for the following reasons:

- Failure to substantially comply with the requirements or objectives of the Public Safety Partnership and Community Policing Act of 1994, program guidelines, or other provisions of federal law
- Failure to make satisfactory progress toward the goals or strategies set forth in this application
- Failure to adhere to grant agreement requirements or special conditions
- Proposing substantial plan changes to the extent that, if originally submitted, would have resulted in the application not being selected for funding
- Failure to submit required or requested reports
- Filing a false statement or certification in this application or other report or document
- Other good cause shown

Prior to imposing sanctions, the COPS Office will provide reasonable notice to the grantee of its intent to impose sanctions and will attempt to resolve the problem informally. Appeal procedures will follow those in the U.S. Department of Justice regulations in 28 C.F.R. Part 18.

False statements or claims made in connection with COPS Office grants may result in fines, imprisonment, debarment from participating in federal grants or contracts, and/or any other remedy available by law.

Please be advised that grantees may not use COPS Office funding for the same item or service also funded by an Office of Justice Programs (OJP) award.

Section 1: COPS Office Program Request

Please ensure that the correct program box is selected for the funding opportunity code for which you are applying, for example Collaborative Reform Initiative for Technical Assistance.

Your agency must maintain copies of the records used in this grant submission for future review in the event of a site visit, audit, or other request. Data used must be data that was recorded in official records. Please do not submit any confidential data or reports with your application.

Section 2: Agency Eligibility Information

The CRI-TA Program is open to profit and nonprofit institutions, universities and colleges. Proposals should be of national relevance, significantly advance the field of community policing, and demonstrate an understanding of community policing as it pertains to the application topic. Initiatives that primarily or solely benefit one or a limited number of law enforcement agencies or other entities will not be considered for funding.

Before proceeding with this application, we ask that you please log onto the COPS Office Agency Portal to update the agency providing law enforcement services as your Law Enforcement Executive/Agency Executive Information. This information will be pre-populated from the COPS Office Agency Portal in Section 4 of this application, so please ensure its accuracy.

Section 3: General Agency Information

Please provide accurate agency information, as this information is used to identify your agency and may be used, along with other data collected, to determine funding eligibility.

A. Applicant ORI Number

The ORI number is assigned by the FBI and is your agency's unique identifier. The COPS Office uses the first seven characters of this number. The first two letters are your state abbreviation, the next three numbers are your county's code, and the next two numbers identify your jurisdiction within your county. If you do not currently have an ORI number, the COPS Office will assign one to your agency for the purpose of tracking your grant. ORI numbers assigned to agencies by the COPS Office may end in "ZZ."

B. Applicant Data Universal Numeric System (DUNS) Number

The Federal Government requires that all applicants for federal grants and cooperative agreements, with the exception of individuals other than sole proprietors, have a Data Universal Numbering System (DUNS) number prior to application submission. A DUNS number is a unique nine- or thirteen-digit sequence recognized as the standard identifier for entities receiving federal funds, and provides consistent name and address data for electronic grant application systems. A DUNS number may be obtained by telephone at 866-705-7511 or via the Internet at <http://fedgov.dnb.com/webform>. For more information about how to obtain a DUNS number, please refer to the "How to Apply" section of this Application Guide.

C. System for Award Management (SAM)

The System for Award Management (SAM) database is the repository for standard information about federal financial assistance applicants, recipients, and sub-recipients. The federal government requires that all applicants of federal grant funds and cooperative agreements—with the exception of individuals other than sole proprietors—be registered in the database prior to application submission. Please contact the SAM Service Desk at 866-606-8220 or view/update your registration information at

www.sam.gov. If your SAM registration is set to expire prior to September 30, 2014, please renew your SAM registration prior to completing this application. All applicants are required to maintain current registrations in the SAM database. Please note that applicants must update or renew their SAM at least once per year to maintain an active status. For more information about how to register with SAM, please refer to the “How to Apply” section of this Application Guide.

D. Geographic Names Information System (GNIS) Identification Number

The Geographic Names Information System (GNIS) Identification Number is a unique ID assigned to all geographic entities by the U.S. Geological Survey. To look up your GNIS Feature ID, please go to the website: <http://geonames.usgs.gov/domestic/index.html>. For more information about how to obtain a GNIS number, please refer to the “How to Apply” section of this Application Guide.

E. Cognizant Federal Agency

A Cognizant Federal Agency, generally, is the federal agency from which your jurisdiction receives the most federal funding. Your Cognizant Federal Agency also may have been previously designated by the Office of Management and Budget. Applicants that have never received federal funding should select the “Department of Justice” as the Cognizant Federal Agency.

F. Fiscal Year

Enter the month, day, and year of the legal applicant’s fiscal year.

G. Law Enforcement Agency Sworn Force Information—Not Applicable

H. Civilian Staffing—Not Applicable

I. U.S. Department of Justice Funding

Applicants are required to disclose whether they have pending applications for federally funded assistance or active federal grants that support the same or similar activities or services for which grant funding is being requested under this application.

Be advised that COPS Office grant funding may not be used for the same item or service funded through another funding source. However, leveraging multiple funding sources in a complementary manner to implement comprehensive programs or projects is encouraged and is not seen as inappropriate. To aid the COPS Office in the prevention of awarding potentially duplicative funding, please indicate whether your agency has a pending application and/or an active grant with any other federal funding source (e.g., direct federal funding or indirect federal funding through state sub-awarded federal funds), which supports the same or similar activities or services as being proposed in this COPS Office application. Using the check boxes provided in the application, check all that apply.

Section 4: Executive Information

A. Applicant Executive Information

This section will be pre-populated from the information listed in your COPS Office Agency Portal Account. If this information is no longer correct, please log in to your COPS Office Agency Portal account and make the necessary corrections before proceeding with this application. For assistance, please call the COPS Office Response Center at 800-421-6770.

For Non-Law Enforcement Agencies: Enter the highest ranking individual in the applicant agency (e.g., CEO, President, Chairperson, Director, or equivalent) who has the authority to apply for this grant on behalf of the applicant agency. If the grant is awarded, the individual in this position would ultimately be responsible for the programmatic implementation of the award.

B. Financial Official Information

This section will be pre-populated from the information listed in your COPS Office Agency Portal Account. If this information is no longer correct, please log in to your COPS Office Agency Portal account and make the necessary corrections before proceeding with this application. For assistance, please call the COPS Office Response Center at 800-421-6770.

For Non-Government Agencies: Enter the name and contact information of the financial official who has the authority to apply for this grant on behalf of the applicant agency (e.g., treasurer). If the grant is awarded, the individual in this position would ultimately be responsible for the financial management of the award. Please note that information for non-executive positions (e.g., clerks or trustees) is not acceptable.

Note: Listing individuals without ultimate programmatic and financial authority for the grant could delay the review of your application, or remove your application from consideration.

C. CAP Contact Information

Enter the name and contact information for the person completing this application.

Section 5: COPS Officer Hiring Request Form—Not Applicable**Section 6: Law Enforcement & Community Policing Strategy**

Please complete CP1 and CP2

Section 7: Need for Federal Assistance**A. Explanation of Need for Federal Assistance**

All applicants are required to explain their inability to address the need for this award without federal assistance. Please note that the character limit for this response is 4,000 characters.

B. Service Population—Not Applicable**C. Fiscal Health—Not Applicable****D. Property Crime/Violent Crime—Not Applicable****Section 8: Continuation of Project after Federal Funding Ends****A. For COPS Office grants with a Retention Plan Requirement—Not Applicable****B. For COPS Office grants with no Retention Plan Requirement**

The questions in this section will be used for programs WITHOUT a retention requirement to report any plans to continue the program or activity after the conclusion of federal funding. Please identify the source(s) of funding that your agency plans to utilize to continue the program, project, or activity following the conclusion of federal support. Check all that apply.

Section 9: School Safety Assessment—Applies to Secure Our Schools (SOS) applicants only—Not Applicable**Section 10: Executive Summary**

Applicants are required to complete Section 10 of the COPS Office Application Attachment to the SF-424 Form. Briefly summarize (in 4,000 characters or less) how your agency intends to use this grant funding, if awarded, including how your proposed CRI-TA project will address the topic area for which you are applying. This information may be used to keep Congress or other executive branch agencies informed about COPS Office CRI-TA projects.

Section 11: Project Description (Narrative)

Agencies that seek funding under this program are required to submit a project description. To do so, please develop one narrative that addresses 1 through 6 below. Describe how the project will advance community policing as it pertains to the chosen topic area. The project narrative portion of the application is limited to 20 pages (maximum), double-spaced, 12 point font. **Submit this narrative as an attachment under Section 13 of the application.**

The narrative will be a significant factor in the application review and approval process. Failure to provide this information will eliminate your application from consideration.

Please format your narrative using the following sections. The total length of the narrative should not exceed 20 pages.

Narrative Sections

1. Topic and Program Outcome Identification and Justification

Select one application topic area described on pages 4–7. Briefly describe the program outcome(s) that will be addressed, the gap in existing knowledge and/or practice, why/how this project will meet that need, and the level of innovation and originality of the proposed work. If applicable, supply data to support the problem or gap and what has been done previously to address it. Explain how this project will build upon, expand, and/or incorporate the principles of community policing.

2. Program Goals

Very briefly identify and describe the specific project goal(s), listed on page 4, that are to be accomplished with reference to one or more of the following: developing knowledge, increasing awareness, increasing skills/abilities, increasing practice, and/or institutionalizing practice. Applicants must identify those goals that will be directly accomplished if funding is awarded. It is not expected or anticipated that the proposed project accomplish more than one of the goals listed above.

3. Strategy to Achieve Program Outcomes and Goals

Applicants should provide a comprehensive description of the overall strategy and specific activities of the proposed work. Applicants should specify how these proposed activities will achieve the identified program outcomes and goals.

4. Capacity and Experience

Please detail the capacity of your organization to carry out the proposed plan, and briefly explain your experience with other similar efforts.

5. Management and Implementation Plan

Applicants should describe the overall management and implementation plan for the project. This should include: how you will ensure effective implementation of the project; a brief timeline with a list of key activities and milestones to take place within the award performance period (three years for all awards under this solicitation), grouped by month or quarter; a management/staffing plan, detailing who will work on this project, what role they will play, their education and experience in similar projects, and their understanding of community policing; identification of any key partnerships or stakeholders who will play a role in the implementation of this project; and, if applicable, a brief marketing plan for the deliverable(s), to ensure a broad dissemination of the product(s) to the target audience(s).

6. Evaluation Plan/Effectiveness of Program

Although a formal evaluation is not a requirement for funding, the COPS Office strongly encourages applicants to consider how they will determine if grant funding was effective in addressing the

program outcomes and goals outlined above. Applicants should detail specifically how they will evaluate the effectiveness of activities implemented as a result of receiving this award, including the extent to which the deliverables would assist law enforcement in implementing or institutionalizing community policing. Applicants should identify if/how data and information will be collected and tracked, and how these measures are consistent with the COPS Office performance measure to “advance the capacity of law enforcement to practice community policing.”

7. Conflict of Interest Plan

Applicants should describe plans to identify, disclose, and manage potential conflicts of interest, real or apparent, should they arise as the specific law enforcement agencies selected to receive technical assistance are identified by the COPS Office over the course of the award.

Section 12: Official Partner(s) Contact Information

If applicable, please submit a list of partnering agencies including contact person, organization name, address, phone number, and e-mail address.

Regardless of whether you submit any partnering agencies you still need to check the box and list the name of the person submitting this application.

Applications that represent partnerships between law enforcement agencies and university and nonprofit institutions are strongly encouraged to apply. Initiatives that primarily or solely benefit one or a limited number of law enforcement agencies or other entities will not be considered for funding.

Section 13: Application Attachments

This section should be used to submit the required Project Description described in Section 11 (maximum 20 pages), up to three Resumes/Vitas, the Budget Narrative (see Section 14), Indirect Cost Rate Agreement (if applicable), Sole Source Justification (if applicable), budget justification documentation (pay scales, travel policies, etc.), and documentation justifying consultant rates over \$550 per day if the consultant is hired through a noncompetitive bidding process (if applicable). The total size per attachment cannot exceed 20 MB, and zip files are not acceptable attachments and cannot be submitted. Additional attachments are strongly discouraged.

Vita and Resumes of Key Project Personnel

Applicants should attach the vitae/resumes of up to three key project staff detailing work and educational history, and highlighting any experience that is relevant to their ability to successfully carry out the proposed project. Vita and Resumes of Key Project Personnel attachments do not count toward the 20 page limit.

Budget Narrative

All CRI-TA applicants must attach a Budget Narrative. Your agency must create and attach a document that (1) describes each item requested or group of similar items requested; and (2) links each item or group of items to the proposed project. All items will be reviewed on a case-by-case basis and in context of the allowable and unallowable costs lists. Budget narratives do not count toward the 20 page limit. See Section 14: Budget Detail Worksheets and Budget Narrative for instructions and sample information.

Section 14: Budget Detail Worksheets and Budget Narrative

Instructions for Completing the Budget

Applicants are required to provide a specific description for each item included in the Budget Detail Worksheets and explain how it supports the project goals and objectives outlined in their application. This information is to be submitted within your electronic application in the narrative spaces provided.

If you are not requesting anything under a particular budget category, please check the appropriate box in that category indicating that no positions or items are requested.

For CRI-TA Program grants with a grant performance period of two years, please submit your budget detail along with the budget narrative in Section 13 as an attachment.

If Indirect Costs are applicable to your agency please enter "1" for the computation (number of items). For Computation (unit cost), include your total indirect costs for this project. Please explain only applicable indirect rates and amounts in your budget narrative. If the applicant does not have a provisional or current Indirect Cost Rate Negotiated Agreement or it is expired and under review, the applicant may submit supporting documents to show the applicant's cognizant federal agency is reviewing the request. If a current indirect cost rate agreement is not provided at the time a grantee is awarded, those funds will be frozen until a provisional or final indirect cost rate agreement is provided. This applies to the fringe rate if the rate is based on the grantee's indirect cost rate agreement. Indirect cost requests will be eliminated from all applications that do not provide the required documentation.

All final calculations will be rounded to the nearest whole dollar. Once the budget for your application has been completed, a budget summary page will reflect the total amounts requested in each category and the total project costs.

Civilian Base Salary and Fringe Benefits

A. Civilian Base Salary

Salaries of personnel are costs based on the percentage of time spent (FTE) working directly on the project. The total salary percentage should be comparable and consistent with organizational policy. The total amount paid is comparable to industry standards and the type of work being performed.

Completing the budget form:

- Include name and position title of each individual working on the project as well as the description of the position. The description should outline the work to be completed by this individual on the project as well as annual salary information and percentage of time spent (projected FTE) on this project.
- If the salary increases from one budget year to another due to cost of living increases, be sure to detail these increases in the budget description.

Under the civilian base salary the following items are **generally unallowable**:

- If your organization charges an indirect cost, those costs normally include the following positions and therefore these positions should not be charged as personnel to avoid possible duplication:
 - Administration (e.g., director or program head) (see FAQ#4 in Appendix F)
 - Clerical (e.g., secretary or administrative assistant)

- Accounting (e.g., controller or bookkeeper)
- Procurement (e.g., purchasing director or stockroom clerk)
- Housekeeping and maintenance (e.g., custodial and janitorial, repairman, or grounds keeper)

NOTE: These positions can be charged directly if the individual is working a significant amount of time on the project. This will be approved on a case-by-case basis and your narrative should significantly articulate the need to charge these directly if applicable.

- Salaries and benefits of personnel that do not work directly on the project are not allowed.
- For awards made to states or units of local government (including law enforcement agencies), salaries and benefits for positions that are already budgeted with state, local, or Bureau of Indian Affairs (BIA) funds, and would be funded in the absence of this COPS Office grant are also not allowed.

B. Fringe Benefits

Fringe benefits are allowances and services provided by the organization to its employees as compensation in addition to regular salary. Typical fringe benefits:

- Federal Insurance Contributions Act (FICA) Taxes – includes Social Security and Medicare, and cannot exceed 7.65 percent (6.2 and 1.45 percent respectively)
- Health Insurance – individual or family
- Life Insurance
- Vacation
- Sick Leave
- Retirement
- State Unemployment Compensation Insurance
- Federal Unemployment Tax
- Worker’s Compensation Insurance
- Other Fringe Benefits may include – Holidays, Military Leave, Bereavement Leave, Sabbatical Leave, Severance Pay, Jury Duty, State Disability Insurance, Pension Plan, 401(k)

Completing the budget form:

- Include the “percentage of base” (salary) for each fringe benefit (the SMS system will auto calculate the requested amount for each benefit based on the number entered here). For example, for Social Security and Medicare, you can check the fixed rate boxes for easier calculation. If you do not have a fringe breakdown, but rather a flat fringe rate, include the rate under the “Other” category titling “Flat Fringe,” and attach your organizations fringe rate agreement in section 13 of the Application.

Under the fringe category the following items are **generally unallowable**:

- If your indirect cost rate agreement includes fringe benefits then you may not charge these costs directly to the project.

Equipment/Technology

Necessary equipment must be specifically purchased to implement or enhance the proposed project. Equipment is tangible, nonexpendable personal property, including exempt property, having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit.

Completing the budget form:

C. EQUIPMENT/TECHNOLOGY

No Equipment/Technology Requested

Instructions: List non-expendable items that are to be purchased. Provide a specific description for each item in the description boxes below and explain how the item supports the project goals and objectives as outlined in your application. Non-expendable equipment is tangible property (e.g., technology) having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit. Expendable items should be included either in the "SUPPLIES" or "OTHER" categories. Applicants should analyze the cost benefits of purchasing versus leasing equipment, especially for high-price items and those subject to rapid technical advances. Rented or leased equipment costs should be listed in the "CONTRACTS / CONSULTANTS" category.

Please be advised that, to the greatest extent practical, all equipment and products purchased with these funds must be American-made.

For agencies purchasing items related to enhanced communications systems, the COPS Office expects and encourages that, wherever feasible, such voice or data communications equipment should be incorporated into an intra- or interjurisdictional strategy for communications interoperability among federal, state, and local law enforcement agencies.

See the Program-specific Application Guide for a list of allowable/unallowable costs for this program. Agencies are encouraged to limit their requests to the lines shown below and group similar items together so that all items are accounted for on the budget worksheet for each category. Please limit your descriptions to 1000 characters.

Item Name

Name	Cost	Qty	Sub Total	Description	Delete
	Base cost 0.0000	1	0		
Total					0

- For each requested item, provide item type, description, and calculation.
- For description, please include justification for the need of each item relating to this project.

Your budget narrative should include:

- List of each equipment request and justification
- If your agency is proposing to purchase equipment under this project, you must provide justification to the necessity of such purchases.
- Justification that this equipment is not available or accessible to project personnel without specifically purchasing through this award.

Under the equipment category the following items are **generally unallowable**:

- Shared items between projects – if equipment is to be used for concurrent projects, then this should be captured in your indirect charges. If your organization does not have an indirect cost rate agreement, this may be proportionally charged as direct with prior approval.
- Bulletproof vests and accessories
- CAD/RMS systems
- Electronic Control Weapons (ECW)
- General police vehicles (including patrol cars and leased vehicles)
- Golf carts/Segways
- Handcuffs, weapons, and ammunition (including training ammunition)
- Mobile Data Terminals (MDT)
- Radios
- Fitness equipment

Supplies

Supplies costs consist of those incurred for purchased goods and fabricated parts directly related to a grant proposal. Supplies differ from equipment in that they are consumable, expendable, and of a relatively low unit cost, as defined as less than \$5000 per unit. Such costs may include paper, printer ink, pens, pencils, laptops, etc.

Completing the budget form:

D. SUPPLIES

No Supplies Requested

Instructions: List items by type (office supplies; postage; training materials; copying paper; books; hand-held tape recorders; etc.) Provide a specific description for each item in the description boxes below and explain how it supports the project goals and objectives outlined in your application. Generally, supplies include any materials that are expendable or consumed during the course of the project, costing less than \$5,000.

See the See the Program-specific Application Guide for a list of allowable/unallowable costs for this program. Agencies are encouraged to limit their requests to the lines shown below and group similar items together so that all items are accounted for on the budget worksheet for each category. Please limit your descriptions to 1000 characters.

Item Name

Name	Cost	Qty	Sub Total	Description	Delete
	Base cost: 0.0000	1	0		
					Total: 0

[Add Item](#)

- For each requested item, provide item type, description, and calculation.
- For description, please include justification for the need of each item relating to this project. For broad category requests (such as "Office Supplies"), explanation for project amounts should be provided and include calculations. Broad grouping of items under supplies are going to be limited to \$40 per month otherwise items need to be individually captured and justified in the budget request.
 - For example, calculations should be broken down to the lowest form, therefore if you are requesting \$30 per month for office supplies, the calculation should be 12 x \$30 and not 1 x \$360.

Under the supply category the following items are **generally unallowable**:

- Shared items between projects – if supplies are to be used for concurrent projects, then this should be captured in your indirect charges or you should only charge the percentage allocated to this project (for example, if a laptop is being purchased for a research assistant who works 40 percent of their time on this project, then only charge 40 percent of the laptop cost to this project).

Travel/Training

Travel costs include the costs of transportation, lodging, meals, and incidental expenses incurred by personnel while on official business, such as attendance at a grant-related meeting or conference when travel is further than 50 miles from program location. Travel and subsistence estimates are based on the contemplated number of trips, places to be visited, length of stay, transportation costs, subsistence allowances, and the recipient’s own travel policies. When charging travel costs to federal awards, grant recipients must adhere to their internal travel policy.

If a recipient does not have a written travel policy, it must adhere to the Federal Travel Regulations (FTR). For information on the FTR and U.S. Government General Service Administration (GSA) per diem rates by geographic area, please visit www.gsa.gov/portal/content/104790.

Completing the budget form:

E. TRAVEL/TRAINING

No Travel/Training Requested

Instructions: Itemize grant-related travel expenses of grantee personnel (excluding consultants, whose expenses are listed in Section F) by event (e.g., mandatory training, staff to training, field interviews, advisory group meetings). Identify the location of travel whenever possible, and show the number of staff expected to attend each event. Training fees, transportation, lodging and per diem rates for trainees should be listed as separate travel items. Grantee travel costs specific to the grant project may be based on the grantee’s written travel policy, assuming the costs are reasonable. Grantees without a written travel policy must follow the established federal rates (found at GSA) for lodging, meals, and per diem. For all grantees (with or without a written travel policy), airfare travel costs must be one of the following: the lowest discount commercial airfare, standard coach airfare, or the Federal Government contract airfare (if authorized and available).

See the Program-specific Application Guide for a list of allowable/unallowable costs for this program. Agencies are encouraged to limit their requests to the lines shown below and group similar items together so that all items are accounted for on the budget worksheet for each category. Provide a specific description in the description boxes below for each item and explain how the item supports the project goals and objectives as outlined in your application. Please limit your descriptions to 1000 characters.

Your budget narrative should include:

- Purpose of trip
- Proposed destination
- Trip duration by day/night
- List of individuals travelling
- Cost and calculation breakdown (per person/per trip) including:
 - Mode of transportation and proposed fare per trip (airfare, train, etc.) broken down by day
 - Mileage allowances if private vehicle will be used
 - Per diem rates for the destination per day
 - Lodging costs per night
 - Transportation fees per day
 - Parking fees per day
- Written Travel Policy attached, if applicable

Under the travel category the following items are **generally unallowable**:

- Local travel costs (lodging, meals, per diem, or transportation costs) within a 50-mile radius of the project location
 - Mileage reimbursement, rental cars, parking fees, and/or taxi fare for local travel within a 50-mile radius of the project location
 - Food and beverages at conferences, meetings, or trainings your organization is hosting
 - Costs exceeding Federal Travel Regulations if no other organizational written policy is supplied that supersedes these established rates

Contracts/Consultants

Consultant expenses and contracts include goods or services that directly contribute to the implementation or enhancement of the project. Compensation for individual consultant services procured under a COPS Office grant must be reasonable and allocable in accordance with Office of Management and Budget (OMB) cost principles, and consistent with that paid for similar services in the marketplace. Unless otherwise approved by the COPS Office, independent consultant rates will be approved based on the salary a consultant receives from his or her primary employer, as applicable, up to \$550 per day. For consultant or contractor rates which exceed \$550 per day, the COPS Office requires written justification if the consultants or contractors are hired through a noncompetitive bidding process and grantees must receive COPS Office approval of those rates before drawing down grant funds. Determinations of approval will be made on a case-by-case basis. The COPS Office recognizes that the unique expertise required to deliver technical assistance under this program may dictate higher consultant rates in order to secure the services of those consultant TA providers. Although the documentation described above will still be required for requested rates exceeding \$550, the COPS Office does consider and may approve rates above that level so long as a sufficient justification is provided within the budget.

Instructions: See the Program-specific Application Guide for a list of allowable/unallowable costs for the particular program to which you are applying. Provide a specific description in the description boxes below for each item and explain how the item supports the project goals and objectives as outlined in your application. Please limit your descriptions to 1000 characters.

Contracts: Provide a cost estimate for the product or service to be procured by contract. Applicants are encouraged to promote free and open competition in awarding contracts. If awarded, requests for sole source procurements of equipment, technology, or services in excess of \$100,000 must be submitted to the COPS Office for prior approval. (See Application Guide for more information on the required submission.)

Please limit your descriptions to 1000 characters.

Consultant Fees: For each consultant enter the name (if known), service to be provided, hourly or daily fee (based upon an 8-hour day), and estimated length of time on the project. Unless otherwise approved by the COPS Office, approved consultant rates will be based on the salary a consultant receives from his or her primary employer. Consultant fees in excess of \$500 per day require additional written justification and must be pre-approved in writing by the COPS Office if the consultant is hired via a non-competitive bidding process.

Your budget narrative should include:

- List of consultants with justification, including:
 - Nature and scope of services rendered in relation to services required for the project
 - Necessity of contracting these services regarding the organizations capability
 - Whether services can be performed more economically by direct employment
 - Qualifications of individual and customary fees charged
- List of contracts with justification including:
 - Nature and scope of goods purchased
 - Price proposals and length of contract
- List of consultant travel (see FAQ #2 in Appendix F), including:
 - Purpose of trip
 - Proposed destination
 - Trip duration broken down by day/night
 - List of individuals travelling
 - Cost and calculation breakdown (per person/per trip) including:
 - Mode of transportation and proposed fare per trip (airfare, train, etc.) broken down by day/night

Determinations of approval will be made on a case-by-case basis (refer to the Consultant/Contractor Rate Information Fact Sheet)
- Sole source justification for all proposed sole source procurements in excess of \$100,000 (refer to the Sole Source Justification Fact Sheet)

Under the contract/consultant category the following items are **generally unallowable**:

- Maintenance and/or service contracts that extend the life of the grant period (multi-year contracts and extended warranties are allowable, but must be paid in full within the initial grant period and must not exceed the grant period)

Other Costs

Items not included in the above categories, but which have a direct correlation to the overall success of a grantee’s project objectives and are necessary for the project to reach full implementation will be considered on a case-by-case basis by the COPS Office. The COPS Office recognizes that the unique expertise required to deliver technical assistance under this program may dictate higher consultant rates in order to secure the services of those consultant TA providers. Although the documentation described above will still be required for requested rates exceeding \$550, the COPS Office does consider and may approve rates above that level so long as a sufficient justification is provided within the budget.

Instructions: List other requested items that will support the project goals and objectives as outlined in your application. **Provide a specific description for each item in the description boxes below and explain how the item supports the project goals and objectives as outlined in your application.**

Please be advised that, to the greatest extent practical, all equipment and products purchased with these funds must be American-made.

See the Program-specific Application Guide for a list of allowable/unallowable costs for this program. Agencies are encouraged to limit their requests to the lines shown below and group similar items together so that all items are accounted for on the budget worksheet for each category. Please limit your descriptions to 1000 characters.

- For each requested item, provide item type, description, and calculation.
- For description, please include justification for the need of each item relating to this project.

Under the other category the following items are **generally unallowable**:

- Office rental/lease space, except for costs proportionate to work conducted under the CRI-TA award (if included within an indirect cost rate negotiated agreement)
- Publishing services—the COPS Office provides publishing services and printing for deliverables and other project materials therefore these costs cannot be directly charged unless approved on a case-by-case basis.

Indirect Costs

Indirect costs normally included in the indirect pool:

- Personnel service – administration, clerical, accounting, procurement, housekeeping and maintenance, legal, library, public relations, and automatic data processing
- Other Costs – space rental, utilities, communication, taxes, insurance, materials and supplies, and travel

Indirect cost rates may vary depending on your cognizant agency determinations, in some cases, project budgets may include more than one rate particularly when off-site activity is conducted at a location other than the organizations premises. Note – Ensure the indirect calculation is in accordance with your agency's indirect cost rate agreement. If your organization has an expired indirect cost rate, the indirect cost category will be frozen until a current or provisional rate is provided (see FAQ#3 in Appendix F).

Applicants should pay particular attention to the two areas listed below to ensure that the application of your indirect cost rate is in compliance with the existing requirements of the government-wide grant rules set out in the Office of Management and Budget (OMB) Circulars and regulations:

1. \$25,000 Subcontract/Subaward Limitation: For Educational Institutions and Non-Profit Organizations, indirect cost rates negotiated on the basis of modified total direct costs may only be applied against the first \$25,000 of any subcontract or subaward under the agreement. This limitation must be applied to all conference related subcontracts and subawards, including those with hotels and travel agents. (2 C.F.R. part 220 (Educational Institutions, formerly Circular A-21), Appendix A, G(2) and 2 C.F.R. part 230 (Non-Profit Organizations, formerly Circular A-122), Appendix A, D(3)(f))
2. Participant Support Costs: For Non-Profit Organizations, in accordance with 2 C.F.R. part 230, Appendix A, D(2)(C), participant support costs are generally excluded from the distribution base. *"The distribution base may be total direct costs (excluding capital expenditures and other distorting items, such as major subcontracts or subgrants), direct salaries and wages, or other base which results in an equitable distribution. The distribution base shall generally exclude participant support costs as defined in paragraph 32 of Appendix B. {in 2 CFR 230}"* Participant support costs are direct costs for items such as stipends or subsistence allowances, travel allowances, and registration fees paid to or on behalf of participants or trainees (but not employees) in connection with meetings, conferences, symposia, or training projects. This exclusion applies to the *entirety* of any subcontracts for the lodging and travel of conference participants or trainees (but not employees).

Please note that only employees of the Non-Profit Organization are excluded from the definition of participant support costs. Costs related to contractors of the Non-Profit Organization who are acting in the capacity of a "Conference Trainer/Instructor/Presenter/Facilitator" are considered participant support costs. For more information on allowable costs for conferences and training, please follow this link: www.ojp.gov/funding/confcost.htm.

If you need additional information on an Indirect Cost Rate Negotiated Agreement, go to www.ojp.usdoj.gov/funding/pdfs/indirect_costs.pdf. If the applicant does not have an approved rate, a rate can be requested by contacting the applicant's cognizant federal agency, which will review all documentation and approve a rate for the applicant organization.

H. INDIRECT COSTS

No Indirect Costs Requested

Instructions: Indirect costs are allowed under a very limited number of specialized COPS programs. Please see the Program-specific Application Guide for a list of allowable/unallowable costs for the particular program to which you are applying.

If indirect costs are requested, a copy of the agency's fully-executed, negotiated Federal Rate Approval Agreement must be attached to this application.

If your organization is requesting indirect costs for this project, please include a copy of your current, signed federally approved indirect Cost Rate Negotiated Agreement. If the applicant does not have an approved rate, a rate can be requested by contacting the applicant's cognizant federal agency, which will review all documentation and approve a rate for the applicant organization. Please limit your description to 1000 characters.

- For each indirect rate related to this project, calculations should be entered as a percentage multiplied by the modified direct total base. For instance, if your rate is 25 percent and the base is \$100,000, your calculation should be .25 x \$100,000, and not 1 x \$25,000. For universities and other institutions where multiple indirect rates are applied, please enter each indirect rate as a separate line item with calculation breakdown and description for which each rate applies.
- A copy of the current, signed federally-approved Indirect Cost Rate Negotiated Agreement must be uploaded to section 13 of this application.
- If your agency does not have a provisional or current Indirect Cost Rate Negotiated Agreement or it is expired and under review, the applicant must submit supporting documents to show the applicant's cognizant federal agency is reviewing the request.

Under the indirect costs category the following items are generally unallowable:

- Participant travel costs are excluded from indirect cost calculations

All final calculations should be rounded to the nearest whole dollar. Once the budget for your application has been completed, a budget summary page will reflect the total amounts requested in each category and the total project costs.

CRI-TA Section 15: Assurances and Certifications

Applicants to COPS Office programs are required to sign the standard Assurances and Certifications forms. Signing these documents assures the COPS Office that you have read, understand, and accept the grant terms and conditions as outlined in the Assurances and Certifications. Please read these documents carefully as signatures on these documents are treated as material representation of fact upon which reliance will be placed when the Department of Justice determines to award the covered grant.

Section 16: Disclosure of Lobbying Activities

This disclosure form shall be completed by the reporting entity, whether subawardee or prime federal recipient, at the initiation or receipt of a covered federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered federal action. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

If this applies to your agency, you are required to complete the disclosure form. If you need to complete and submit additional forms, please complete and submit them as attachments to your

application online.

Section 17: Reviews and Certifications

Please be advised that an application may not be funded and, if awarded, a hold may be placed on this application if it is deemed that the applicant is not in compliance with federal civil rights laws, and/or is not cooperating with an ongoing federal civil rights investigation, and/or is not cooperating with a Department of Justice grant review or audit.

Applicants must certify whether or not their agency will use COPS Office grants funds (if awarded) to operate an interjurisdictional criminal intelligence system. If yes, the applicant assures the COPS Office that it will comply with the requirements of 28 C.F.R. Part 23.

The signatures of the Law Enforcement Executive/Agency Executive, Government Executive/Financial Official, and the Person Submitting this Application on the Reviews and Certifications represent to the COPS Office that:

- a) the signatories have been legally and officially authorized by the appropriate governing body to submit this application and act on behalf of the grant applicant entity;
- b) the applicant will comply with all legal, administrative, and programmatic requirements that govern the applicant for acceptance and use of federal funds as outlined in the applicable COPS Office Application Guide, the COPS Office Grant Owner's Manual, Assurances, Certifications, and all other applicable program regulations, laws, orders, and circulars;
- c) the applicant understands that false statements or claims made in connection with COPS Office programs may result in fines, imprisonment, debarment from participating in federal grants, cooperative agreements, or contracts, and/or any other remedy available by law to the federal government;
- d) the information provided in this application, including any amendments, shall be treated as material representations of fact upon which reliance will be placed when the Department of Justice determines to award the covered grant.
- e) the applicant understands that as a general rule COPS Office funding may not be used for the same item or service funded through another funding source; AND
- f) the applicant and any required or identified official partner(s) listed in Section 12 are partners in this grant project and mutually agreed to this partnership prior to this grant application.

The signatures of the Law Enforcement Executive/Agency Executive and the Government Executive/Financial Official in the application must be the same as those identified in Section 4 of the application. Applications with missing, incomplete, or inaccurate signatories or responses may not be considered for funding.

APPENDIXES

Appendix A: Glossary of COPS Office Program Terms

The following information is provided to assist you with the completion of your COPS Office grant program application forms. The list includes some of the most common terms that are used in the application forms. For additional assistance or clarification regarding any part of the application, please contact your Grant Program Specialist at 800-421-6770.

Allowable Costs: Allowable costs are costs that will be paid for by this grant program.

Authorized Officials: The authorized officials are the individuals in your organization who have final authority and responsibility for all programmatic and financial decisions regarding your application and, if awarded, your grant award. For law enforcement agencies, the listed Law Enforcement Executive (usually Chief of Police, Sheriff, etc.) and the Government Executive (usually Mayor, Board President, etc.) are your agency's authorized officials.

Authorized Organizational Representative (AOR): A person authorized by your E-business POC to submit applications to Grants.gov. This privilege should be provided only to those individuals who currently have signature authority for submitting grant applications. The name of the individual designated as an AOR will be populated by the Grants.gov system in grant application package forms, which require signatures. An organization can assign as many AORs to use Grants.gov as necessary.

Automated Booking System: An automated booking system captures arrestee fingerprints and photographic information electronically and often has the ability to transfer that information to a departmental or state-wide database.

Automated Fingerprint Identification System (AFIS): An AFIS system is a highly specialized biometrics system that compares a single fingerprint image with a database of fingerprint images. Fingerprint images are collected from crime scenes or are taken from criminal suspects when they are arrested. Fingerprint images may be captured by placing a finger on a scanner or by electronically scanning inked impressions on paper.

Award Start Date: This is the date on or after which your agency is authorized to purchase items or hire positions that were approved by the COPS Office. If awarded, the award start date is found on your grant Award Document. Grantees may not make any purchases or hire any positions prior to this date without written approval from the COPS Office.

Career Law Enforcement Officer: The COPS Office statute defines a "career law enforcement officer" as a person hired on a permanent basis who is authorized by law, or by a state or local public agency, to engage in or oversee the prevention, detection, or investigation of violations of criminal laws.

Catalog of Federal Domestic Assistance (CFDA): The CFDA is an annual government-wide publication that contains a description and index of all forms of federal assistance. Each program is assigned a "CFDA number," which is used by auditors to track grant revenues under the Single Audit Act. It is also used in participating states by State Single Points of Contact in conducting the required intergovernmental reviews under Executive Order 12372. The CFDA number for all COPS Office programs is 16.710.

Closeout: The process in which the awarding agency, the COPS Office, determines that all applicable administrative actions and all required work and conditions of the award have been completed and met by the recipient and awarding agency.

Cognizant Federal Agency: The federal agency that generally provides the most federal financial assistance to the recipient of funds. Cognizance is assigned by the Office of Management and Budget (OMB).

Community Oriented Policing: Community policing is a philosophy that promotes organizational strategies, which support the systematic use of partnerships and problem-solving techniques, to proactively address the immediate conditions that give rise to public safety issues such as crime, social disorder, and fear of crime.

Computer Aided Dispatch (CAD) system: A computer database that can track calls for service, maintain status of units available, provide various reports, produce address histories, and support electronic mail. With the installation of integrated CAD systems, officers are able to receive calls for service on their mobile data terminals rather than over the radio. Radios can then be used only for serious emergencies.

Consortium: A consortium is a group of two or more governmental entities that agree to form a partnership to provide law enforcement services to their constituent communities.

COPS Office Finance Staff: The COPS Office Finance staff handles your agency's financial and budgetary needs related to your application. A Staff Accountant is assigned to your state, and is available to answer any questions that you may have concerning the financial aspects of your grant, if awarded. To identify your Staff Accountant, please call the COPS Office Response Center at 800-421-6770, or visit the COPS Office website at www.cops.usdoj.gov.

COPS Office: The Office of Community Oriented Policing Services (COPS Office) is the office within the U.S. Department of Justice that, if awarded, is your "grantor" or "awarding" agency for your COPS Office grant or cooperative agreement. The COPS Office is responsible for administering your grant for the entire grant period. You can reach the COPS Office at 800-421-6770.

DUNS Number: DUNS stands for "data universal numbering system." DUNS numbers are issued by Dun and Bradstreet (D&B) and consist of nine or thirteen digits. If your institution does not have one, call 866-705-5711 to receive one free of charge. You can also request your DUNS number online at www.dnb.com/us.

E-Business Point of Contact (POC): Person who will designate which staff members can submit applications through www.cops.usdoj.gov. When you register with SAM, your institution will be asked to designate an E-Business POC.

EPIC (El Paso Intelligence Center) National Clandestine Laboratory Seizure Database:

The U.S. Department of Justice maintains this database to track seizure of clandestine drug laboratories. It contains addresses of some locations where law enforcement agencies reported they found chemicals or other items that indicated the presence of either clandestine drug laboratories or dump sites. For more information, please visit www.usdoj.gov/dea/programs/epic.htm or www.usdoj.gov/dea/seizures/index.html.

Federally Recognized Tribe: Tribal entities that are recognized and eligible for funding and services from the Bureau of Indian Affairs by virtue of their status as Indian tribes. They are acknowledged to have the immunities and privileges available to other federally recognized Indian tribes by virtue of their government-to-government relationship with the United States as well as the responsibilities, power, limitation, and obligations of such tribes. Only Federally Recognized Tribes are eligible to apply for COPS Office tribal grant funds. For further information, contact: Bureau of Indian Affairs, Division of Tribal Government Services, MS-4631 - MIB, 1849 C Street NW, Washington, DC 20240, 202-208-2475.

Gas Mask: A gas mask is connected to a chemical air filter and is used to protect the face and lungs from toxic gases.

Global Positioning System (GPS): Global Positioning Systems are a series of 24 geosynchronous satellites that continuously transmit their position. Each system is used in personal tracking, navigation, and automatic vehicle location technologies.

Grant Number: If awarded, the grant number identifies your agency's specific grant, and can be found on your grant Award Document. This number should be used as a reference when corresponding with the COPS Office. The COPS Office tracks grant information based upon this number.

Interoperable Communications: Communications interoperability refers to the ability to talk across disciplines and jurisdictions via radio communications networks on demand, in real time. Interoperable communications equipment and technology is used to increase interoperability and data information-sharing among the law enforcement, fire service, and emergency medical service communities.

Local Budget Cycle: Your agency's fiscal year. Some common examples include January 1 to December 31, October 1 to September 30, and July 1 to June 30. Some local budget cycles may extend up to 24 months.

M-PIN: Password used by your e-business point of contact to designate which staff members can submit applications to Grants.gov.

Matching Funds: What a locality must contribute as a cash match toward total allowable project costs over the life of the program.

Mobile Data Computer/Laptop: A Mobile Data Computer (MDC) is a computer terminal mounted in a vehicle that is linked via wireless communication to a network that is often integrated with a CAD system. MDCs enable officers to complete previously handwritten reports on a computer. This often eliminates the need to enter duplicate information on multiple reports.

National Incident-Based Reporting System (NIBRS): A comprehensive reporting database. Agencies provide individual records for eight index crimes and 38 other offenses.

Obligation of Funds: If this application is awarded, the COPS Office "obligates" federal funds when the grant Award Document is signed by the Director or his/her designated official. For the grantee, grant funds are "obligated" when monies are spent directly on purchasing items approved under the grant or cooperative agreement. The term encumbrance is often times used at the local and state levels to describe this type of transaction. Liquidated obligations are considered cash outlays or monies actually spent. Unliquidated obligations are obligations incurred and recorded but not yet paid (accrual basis of accounting) or not yet recorded and not yet paid (cash basis of accounting).

OJP Vendor Number/EIN Number: This is your agency's nine-digit federal tax identification number assigned to you by the IRS. Your accounting/bookkeeping department should have this number. If your EIN previously has been assigned to another agency within your jurisdiction, the Office of the Chief Financial Officer will assign a new OJP vendor number to you. The new assigned number is to be used for administrative purposes only, in connection with this grant program, and should not be used for IRS purposes.

ORI (Originating Agency Identifier) Number: This number is assigned by the FBI and is your agency's originating agency identifier. The first two letters are your state abbreviation, the next three numbers are your county's code, and the final two numbers identify your jurisdiction within your county. When you contact the COPS Office with a question, you can use the ORI number, and we will be able to assist you. If you are a previous COPS Office grant recipient, you may have been assigned an ORI number through the COPS Office if the FBI had not previously assigned your agency this identifier number.

Primary Law Enforcement Authority: An agency with primary law enforcement authority is the agency that is the first responder to calls for service, and has ultimate and final responsibility for the prevention, detection, and/or investigation of violations of criminal laws within its jurisdiction.

The Public Safety Partnership and Community Policing Act of 1994: The COPS Office is charged with fulfilling the mandates of this law. The purposes of the law are to:

- Increase the number of community policing officers on the beat.
- Provide additional and more effective training to law enforcement officers to enhance their problem solving, service, and other skills needed in interacting with members of the community.
- Encourage the development and implementation of innovative programs to permit members of the community to assist law enforcement agencies in the prevention of crime.
- Encourage the development of new technologies to assist law enforcement agencies in reorienting the emphasis of their activities from reacting to crime to preventing crime.

System for Award Management (SAM): Institutions applying for any type of award from the federal government must register with SAM. The SAM database is the repository for standard information about federal financial assistance applicants, recipients, and sub-recipients. Applicants must update or renew their SAM at least once per year to maintain an active status. Information about registration procedures can be accessed at www.sam.gov.

Supplanting: COPS Office grant funds may not be used to supplant (replace) state, local, or Bureau of Indian Affairs (BIA) funds that would be made available in the absence of federal COPS Office grant funding. Program funds must be used to increase the amount of state, local, or BIA funds otherwise budgeted for the grant purposes, plus any additional state, local, or BIA funds budgeted for these purposes.

Appendix B: Intergovernmental Review Process, Points of Contact by State

Executive Order 12372 requires applicants from state and local units of government, or other organizations or individuals providing service within a state, to submit a copy of the application to the state Single Point of Contact (SPOC), if one exists, and if this program has been selected for review by the state. Before the application due date, you must contact your state SPOC to find out if this program has been selected for review and comply with the state's process under Executive Order 12372. The Catalog of Federal Domestic Assistance reference for this program is number 16.710 "Public Safety and Community Policing Grants."

A current list of state SPOCs is listed at www.whitehouse.gov/omb/grants/spoc.html. States that are not listed have chosen not to participate in the intergovernmental review process, and therefore do not have a SPOC.

Appendix C: Reporting Subawards and Executive Compensation Award Term

The following award term will be incorporated in all COPS Office awards made on or after October 1, 2010:

Reporting Subawards and Executive Compensation.

- a. *Reporting of first-tier subawards.*
 1. *Applicability.* Unless you are exempt as provided in paragraph d. of this award term, you must report each action that obligates \$25,000 or more in federal funds that does not include Recovery funds (as defined in section 1512(a)(2) of the American Recovery and Reinvestment Act of 2009, Pub. L. 111-5) for a subaward to an entity (see definitions in paragraph e. of this award term).
 2. *Where and when to report.*
 - i. You must report each obligating action described in paragraph a.1. of this award term to www.fsr.gov.
 - ii. For subaward information, report no later than the end of the month following the month in which the obligation was made. (For example, if the obligation was made on November 7, 2014, the obligation must be reported by no later than December 31, 2014)
 3. *What to report.* You must report the information about each obligating action that the submission instructions posted at www.fsr.gov specify.
- b. *Reporting Total Compensation of Recipient Executives.*
 1. *Applicability and what to report.* You must report total compensation for each of your five most highly compensated executives for the preceding completed fiscal year, if—
 - i. the total federal funding authorized to date under this award is \$25,000 or more;
 - ii. in the preceding fiscal year, you received—
 - (A) 80 percent or more of your annual gross revenues from federal procurement contracts (and subcontracts) and federal financial assistance subject to the Transparency Act, as defined at 2 C.F.R. 170.320 (and subawards); and
 - (B) \$25,000,000 or more in annual gross revenues from federal procurement contracts (and subcontracts) and federal financial assistance subject to the Transparency Act, as defined at 2 C.F.R. 170.320 (and subawards); and

- iii. the public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. (To determine if the public has access to the compensation information, see the U.S. Security and Exchange Commission total compensation filings at www.sec.gov/answers/execomp.htm.)
2. *Where and when to report.* You must report executive total compensation described in paragraph b.1. of this award term:
 - i. As part of your registration profile at www.sam.gov.
 - ii. By the end of the month following the month in which this award is made, and annually thereafter.
- c. *Reporting of Total Compensation of Subrecipient Executives.*
 1. *Applicability and what to report.* Unless you are exempt as provided in paragraph d. of this award term, for each first-tier subrecipient under this award, you shall report the names and total compensation of each of the subrecipient's five most highly compensated executives for the subrecipient's preceding completed fiscal year, if—
 - i. in the subrecipient's preceding fiscal year, the subrecipient received—
 - (A) 80 percent or more of its annual gross revenues from federal procurement contracts (and subcontracts) and federal financial assistance subject to the Transparency Act, as defined at 2 C.F.R. 170.320 (and subawards); and
 - (B) \$25,000,000 or more in annual gross revenues from federal procurement contracts (and subcontracts), and federal financial assistance subject to the Transparency Act (and subawards); and
 - ii. the public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. (To determine if the public has access to the compensation information, see the U.S. Security and Exchange Commission total compensation filings at www.sec.gov/answers/execomp.htm.)
 2. *Where and when to report.* You must report subrecipient executive total compensation described in paragraph c.1. of this award term:
 - i. To the recipient.
 - ii. By the end of the month following the month during which you make the subaward. For example, if a subaward is obligated on any date during the month of October of a given year (i.e., between October 1 and 31), you must report any required compensation information of the subrecipient by November 30 of that year.
- d. *Exemptions*

If, in the previous tax year, you had gross income, from all sources, under \$300,000, you are exempt from the requirements to report:

 - i. Subawards, and
 - ii. The total compensation of the five most highly compensated executives of any subrecipient.
- e. *Definitions. For purposes of this award term:*
 1. Entity means all of the following, as defined in 2 C.F.R. part 25:

- i. A governmental organization, which is a state, local government, or Indian tribe;
 - ii. A foreign public entity;
 - iii. A domestic or foreign nonprofit organization;
 - iv. A domestic or foreign for-profit organization;
 - v. A federal agency, but only as a subrecipient under an award or subaward to a non-federal entity.
2. *Executive* means officers, managing partners, or any other employees in management positions.
3. *Subaward*:
 - i. This term means a legal instrument to provide support for the performance of any portion of the substantive project or program for which you received this award and that you as the recipient award to an eligible subrecipient.
 - ii. The term does not include your procurement of property and services needed to carry out the project or program (for further explanation, see Sec. II .210 of the attachment to OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations").
 - iii. A subaward may be provided through any legal agreement, including an agreement that you or a subrecipient considers a contract.
4. *Subrecipient* means an entity that:
 - i. Receives a subaward from you (the recipient) under this award; and
 - ii. Is accountable to you for the use of the federal funds provided by the subaward.
5. *Total compensation* means the cash and noncash dollar value earned by the executive during the recipient's or subrecipient's preceding fiscal year and includes the following (for more information see 17 C.F.R. 229.402(c)(2)):
 - i. Salary and bonus.
 - ii. Awards of stock, stock options, and stock appreciation rights. Use the dollar amount recognized for financial statement reporting purposes with respect to the fiscal year in accordance with the Statement of Financial Accounting Standards No. 123 (Revised 2004) (FAS 123R), Shared Based Payments.
 - iii. Earnings for services under non-equity incentive plans. This does not include group life, health, hospitalization or medical reimbursement plans that do not discriminate in favor of executives, and are available generally to all salaried employees.
 - iv. Change in pension value. This is the change in present value of defined benefit and actuarial pension plans.
 - v. Above-market earnings on deferred compensation which is not tax-qualified.
 - vi. Other compensation, if the aggregate value of all such other compensation (e.g., severance, termination payments, value of life insurance paid on behalf of the employee, perquisites or property) for the executive exceeds \$10,000.

Appendix D: System for Award Management and Universal Identifier Award Term

The following award term will be incorporated in all COPS Office awards made on or after October 1, 2010:

I. System for Award Management and Universal Identifier Requirements

A. Requirement for System for Award Management (SAM)

Unless you are exempted from this requirement under 2 C.F.R. 25.110, you as the recipient must maintain the currency of your information in the SAM until you submit the final financial report required under this award or receive the final payment, whichever is later. This requires that you review and update the information at least annually after the initial registration, and more frequently if required by changes in your information or another award term.

B. Requirement for Data Universal Numbering System (DUNS) Numbers

If you are authorized to make subawards under this award, you:

1. Must notify potential subrecipients that no entity (see definition in paragraph C award term) may receive a subaward from you unless the entity has provided its DUNS number to you.
2. May not make a subaward to an entity unless the entity has provided its DUNS number to you.

C. Definitions

For purposes of this award term:

1. System for Award Management (SAM) means the federal repository into which an entity must provide information required for the conduct of business as a recipient. Additional information about registration procedures may be found at the SAM Internet site (currently at www.sam.gov).
2. Data Universal Numbering System (DUNS) number means the nine-digit number established and assigned by Dun and Bradstreet, Inc. (D&B) to uniquely identify business entities. A DUNS number may be obtained from D&B by telephone (currently 866-705-5711) or the Internet (currently at <http://fedgov.dnb.com/webform>).
3. Entity, as it is used in this award term, means all of the following, as defined at 2 C.F.R. part 25, subpart C:
 - a. A governmental organization, which is a state, local government, or Indian Tribe;
 - b. A foreign public entity;
 - c. A domestic or foreign nonprofit organization;
 - d. A domestic or foreign for-profit organization; and
 - e. A federal agency, but only as a subrecipient under an award or subaward to a non-federal entity.

4. Subaward:

- a. This term means a legal instrument to provide support for the performance of any portion of the substantive project or program for which you received this award and that you, as the recipient, award to an eligible subrecipient.
- b. The term does not include your procurement of property and services needed to carry out the project or program (for further explanation, see Sec. II.210 of the attachment to OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations").
- c. A subaward may be provided through any legal agreement, including an agreement that you consider a contract.

5. Subrecipient means an entity that:

- a. Receives a subaward from you under this award; and
- b. Is accountable to you for the use of the federal funds provided by the subaward

Appendix F: Budget Frequently Asked Questions

1. We want to request a desktop computer or laptop, which category do we put the computer under?
Generally the cost of a computer is under \$5,000; therefore it should be captured under "supplies." Please note if supplies are to be used for concurrent projects, then this should be captured in your indirect charges or you should only charge the percentage allocated to this project (for example, if a laptop is being purchased for a research assistant who works 40 percent of their time on this project, then only charge 40 percent of the laptop cost to this project)
2. We have consultant travel, does this fall under "travel/training" or "contracts/consultants"?
Consultant travel is categorized under "contract/consultants," however it should follow the same format as outlined under the "travel/training" section of the budget (see page 35).
3. What happens if I have an expired indirect cost rate?
Indirect cost rates are federally negotiated and approved rates that are based on audited and documented expenses that are approved to be included within an indirect cost rate. It is important that your agency carefully track and update its indirect cost rate during the COPS Office grant award period.
If your agency submits an expired indirect cost rate agreement at the time of application, your agency will be unable to recover federal funds for indirect costs until the COPS Office receives a current indirect cost rate agreement covering the award period. A special condition may be added to the award prohibiting the obligation, expenditure, or drawdown of funds reimbursement for indirect costs until an indirect cost rate has been approved by your cognizant federal agency and submitted to the COPS Office.
4. The director of our organization will be reviewing and approving all deliverables before we submit them to the COPS Office, does this fall under "civilian base salary" or "indirect"?
If the director of your organization is directly involved in the project, charge this directly to the award as "civilian base salary," however if the director provides solely oversight, this should be charged under "indirect."
5. What publishing services does the COPS Office provide?
The COPS Office provides editorial, graphic design, and printing of printed and electronic deliverables. This includes training curricula, publications, manuals, and fact sheets. Photocopying, training manuals, DVDs, CDs, and other materials are not provided by the COPS Office.
6. My organization does not have an indirect cost rate agreement, how do we obtain one?
If your organization does not have a previously established indirect cost rate, your agency can obtain a rate by contacting your agency's cognizant federal agency, which will review all documentation and approve a rate for the covered time period. For more information on the submission and documentation of indirect cost rate proposals, please refer to the applicable OMB Costs Principles for your entity.

To identify your cognizant federal agency, please visit:

- For unites of state and local government: U.S. Department of Health and Human Services, <https://rates.psc.gov/fms/dca/s&l1.html>
- For tribal governments: U.S. Department of Interior, www.doi.gov/ibc/services/Indirect_Cost_Services/index.cfm
- For nonprofit organizations: U.S. Department of Health and Human Services, <https://rates.psc.gov/>
- For educational institutions: <https://rates.psc.gov/fms/dca/c&u.html>

7. What restrictions are included in conferences and training?
Award funds cannot be used to purchase food and/or beverages for any conference or similar event except in very limited circumstances with prior approval. A conference is defined as a meeting, retreat, seminar, symposium, event, or training activity.
8. Can my organization charge participant support costs within indirect costs?
For Non-Profit Organizations, in accordance with 2 C.F.R. part 230, Appendix A, D(2)(C), participant support costs are generally excluded from the distribution base. *“The distribution base may be total direct costs (excluding capital expenditures and other distorting items, such as major subcontracts or subgrants), direct salaries and wages, or other base which results in an equitable distribution. The distribution base shall generally exclude participant support costs as defined in paragraph 32 of Appendix B. {in 2 CFR 230}”* Participant support costs are direct costs for items such as stipends or subsistence allowances, travel allowances, and registration fees paid to or on behalf of participants or trainees (but not employees) in connection with meetings, conferences, symposia, or training projects. This exclusion applies to the entirety of any subcontracts for the lodging and travel of conference participants or trainees (but not employees).

Please note that only employees of the Non-Profit Organization are excluded from the definition of participant support costs. Costs related to contractors of the Non-Profit Organization who are acting in the capacity of a “Conference Trainer/Instructor/Presenter/Facilitator” are considered participant support costs. For more information on allowable costs for conferences and training, please follow this link: www.ojp.gov/funding/confcost.htm.
