DUTY LOCATION: Washington, DC

AREA OF CONSIDERATION: All candidates may apply including individuals with a disability with eligibility under a special appointing authority and veterans who are preference eligibles or who have been separated from the armed forces under honorable conditions after 3 years or more of continuous active service. (If a competitive list of eligibles is requested, the applications of non-status candidates who meet the minimum qualification for the position will be referred to the Delegated Examining Unit (DEU) for consideration. Status candidates and candidates eligible under a special appointing authority, who wish to be rated under both merit placement and DEU's competitive procedures, must submit two complete applications. If only one application is received, it will be considered under the merit placement program.) The Smithsonian provides reasonable accommodations to applicants with disabilities. If you need a reasonable accommodation for the application/hiring process, please call (202) 633-6370 (voice) or (202) 633-6409 (TTY).

DUTIES: This position is located in the Department of Pathology/Animal Programs, Smithsonian National Zoological Park and serves under the Supervisory Entomologist/Integrated Pest Management Office. Primary function of this position is to serve as an Associate Entomologist in the Integrated Pest Management program for all NZP facilities at both Rock Creek and Front Royal Virginia Conservation and Research Center and involves the implementation of least risk pest management for insects and commensal rodents. The entomologist is also responsible for monitoring population levels of structural pests and commensal rodents; and maintaining currency in zoological/structural/public health, integrated pest management. The incumbent responds to request from zoo personnel for integrated pest management services. Selects and applies appropriate least-risk management practices or pesticide products, under the direction of the Supervisory Entomologist. Monitors pest populations conducting building inspection; infra-red camera surveys, or completing facility-wide surveys of active burrows; assists Supervisory Entomologist with project planning, training sessions and monitoring of contracted services for adherence to program specifications at NZP/CRC; maintains complete and accurate records utilizing computer software and databases; and participates in the department's on-call policy responding to emergencies on weekends or holidays, as shared by other members of the department. Incumbent will need to obtain Washington, D.C. and possibly State of Virginia certified Pesticide Applicators License.

QUALIFICATIONS: Applicants must have one year of specialized experience equivalent to the next lower grade level. Specialized experience is defined as experience which has equipped the applicant with the particular knowledge, skills and abilities to perform successfully the duties of the position, involves the implementation of least risk pest management for insects and commensal rodents which is typically in or related to the work of the position as described above. Applicants may also qualify if they possess two (2) years of progressively higher-level graduate education leading to a master's degree or master's or equivalent graduate degree. A combination of qualifying education and experience may be used to meet the qualification requirements. Applicants who wish to qualify based on education completed outside the United States, must be deemed equivalent to higher education programs of U.S. institutions by an organization that specializes in the interpretation of foreign educational credentials. This documentation is the responsibility of the applicant and should be included as part of your application package.

In addition to the qualifications described above, applicants will be further evaluated by Selective and Quality Ranking Factors. Applicants are strongly encouraged to specifically address the factors described below.

Selective Factors: *(Applicants must meet all of these mandatory requirements in order to be considered qualified to compete for a position.)*

1. Knowledge of basic insect identification and biology.
2. Knowledge of basic pesticides and practices used in integrated pest management.
3. Skill with computers, digital cameras, computer software such as Excel, Access and Microsoft Word.
4. Skill in establishing and maintaining effective working relationships with NZP management, staff, tenants, other Professional contracts and the public.
5. Ability to communicate in writing.

Quality Ranking Factors: *(These factors are not mandatory to be considered for a position, but will be used to determine who are the highest qualified candidates among those who meet the selective factors.)*

1. Ability to communicate orally and provide information to the public in an educational setting.
2. Ability to analyze data to study trends in population counts.
3. Skill with use of infra-red cameras and related software including their use in monitoring.

NOTE: RELOCATION EXPENSES WILL NOT BE PAID

How to Apply:

1. The Smithsonian Institution does not require a standard application form, but we need certain information to evaluate your qualifications. You may apply using a resume, the Optional Application for Federal Employment (OF-612), or any other written application form you choose. See page 3 for further instructions.
2. Clearly describe in your resume or application your work experience, education and/or training as it relates to this vacancy. It is very important that you fully address how your work experience and education/training meet **both** the **specialized experience** requirement and the **selective factors**.
