Patient Assistance Program

Shire Canada Inc. ("Shire") developed the VYVANSE Patient Assistance Program for Canadian patients requiring support by covering for the cost of the medication. The program is available to all eligible Canadians based in the provinces where VYVANSE is not covered under the local (provincial) public plan.

To enroll, you and your doctor must first complete and submit the application form below to find out if you qualify. It is important to fill out all the requested information to avoid delays in processing your application. We have included a checklist at the bottom of this page to guide you through each step.

In order to be eligible, one must meet all of the following requirements:

- Have a maximum yearly gross household income as listed in table hereunder:

Number of People in Your Household	Maximum Yearly Gross Household Income[1]
1	$22,000
2	$28,000
3	$35,000
4	$43,000
5 or more	$50,000

- Reside in a province other than Québec or Ontario (residents of Québec and Ontario have access to VYVANSE via their provincial public plans);
- Not have private insurance.

The submission of a complete application form does not guarantee enrollment in the VYVANSE Patient Assistance Program. You will receive confirmation of the status of your request by mail (approved/declined) once it will have been processed. Please use the checklist below to make sure your application is complete.
