## **REPAIR & UPGRADE MECHANICAL SERVICE AT 142 HOLLY ROAD – REQUEST FOR PROPOSALS (RFP)**

### **OVERVIEW**

The Calhoun County Land Bank Authority (CCLBA) owns the single-family structure at 142 Holly Road, in Bedford Township, and is seeking to repair and upgrade systems by advertising through three separate RFPs, one for electrical, one for mechanical, and one for plumbing. The CCLBA Project & Property Coordinator will serve as the general contractor. The CCLBA seeks to rehabilitate all mechanical systems to a code compliance status.

Based on an inspection by the Township’s inspectors, past electrical and plumbing work were done without a permit and must be corrected and brought up to current code; all new work must also meet current codes. Photos and property information can be found in Appendix A. This home was built prior to 1978; therefore, the CCLBA assumes that there is lead paint and prefers all Contractors to be certified in the EPA’s Renovation, Repair, and Painting Program (RRP) and to practice lead safe work practices.

**This RFP specifically seeks respondents interested in repairing and upgrading the mechanical service at 142 Holly Road** (see Appendix B for work specifications). The CCLBA invites the submission of proposals from Licensed Residential Mechanical Contractors, to repair and upgrade the system. Licensed Contractors with demonstrated experience in this area and an interest in making their services available to the CCLBA are invited to respond to this bid.
