### On the Cover:

The cover photo by Cathy MacNeill shows “Orchard Cottage”. Built in approximately 1833, Federal Style Part of this house was the original Capt. Robert Hamilton, Sr. and Serena Hamilton house. It evolved into a boarding house in 1897 “Orchard Cottage” run by Granville and Rebecca Hill and as such, was added onto so extensively that two houses in the neighborhood orginated there. The property changed hands several times – was probably used as an annex for the Hamilton Hotel. Now it is owned by Alice Lentz Mellin.

This House History was provided by Deb Bowman, Island Council President.

### About the Calendar

The Calendar is a monthly publication of the Chebeague Island Council, delivered to every occupied residence on the island. Members of the Island Council who are off-island at the time of publication may choose to view it online or, for a few dollars more, receive it by first class mail.

Payment is required at the time of submission. Please mail your payment to the Chebeague Island Council at P.O. Box 12 or place your addressed envelope in the Library Drop Box.

Always welcome: news, stories, art, photos or anything else you would like to share with our community!

**The deadline for the July issue #7 is noon on Friday, June 19th.**

Preferred delivery method is via email attachment (**ads:** .jpeg or .jpg or .pdf **submissions:** .doc). If email is not possible, you can also drop off or mail your submission to the Hill Residence, 13 South Road. We are happy to help you with the creation of your ad.

# Notes from the Chebeague Island Council

## President's message:

Are we there yet? Are we there yet? Slowing down to go around the street sweeper is awesome, but then I go to the town office and there is a gigantic pile of snow covered by dirt. I poked my finger into it to check and snow it is! However, my oldest bird, Spookalina, is sitting on one egg with the date May 5th penciled on it. That is so hopeful, she gave up laying eggs a few years ago. The front porch couch is cleaned and waiting for those warm evening breezes to waft over whoever is on it. Watching the Memorial Day flags go up in the center means we are really close. Wait for it!

Deb Bowman, Council President

The Council continues to work thoughtfully on how the Health Center operates and how the services are delivered. It is a slow process; providing health care today is a complicated undertaking. The Council has administrative issues it is reviewing and updating and that also takes time. Please know that every member of the Board understands the hardship of having that office closed. It is inconvenient, we know that a trip to town is a daunting expedition. Please make use of our remedy; let the CTC deck hand know you are going over because you can't have your blood drawn on island. Thank you for your patience and understanding.

Deborah A. Bowman, President  
Chebeague Island Council

## Tick-proofing your yard.

- Keep the grass trimmed.
- Trim your paths so you don't hit the bushes as you walk down the path. Ticks love to hang on a branch then "hitch" a ride and a potential meal with someone/some animal.

**Top Row:** Black-legged DEER Ticks. Left to Right: nymph, adult male, adult female. Fully engorged female. **Infected DEER ticks transmit Lyme Disease.**

**Bottom Row:** DOG ticks. **NOT associated with Lyme Disease.** Left to Right: adult male, adult female, fully engorged female.

## Thank you note

Sorry I've taken so long to write this "thank you" note to the Chebeague community, near and far. I was overwhelmed by all your kidness and generosity.

A special "thank you" to Ginny and Nancy for all their help and to Arlene and Judy who have helpeed in more ways than I can count.

I'll never forget that one snowy evening they were out on the porch nailing up a tarp so the snow wouldn't come up to the front door.

Thank you all again, Mary Gomez

## The Recompense Fund

Our membership base keeps broadening, reminding us of all the ties that bind so many to Chebeague. The strength and breadth of these ties inspire our mission to give back to the community.

One donor, who recently made a memorial gift, wrote of how much her brother felt connected to Chebeague, remembering his boyhood on the island despite having lived for years in Florida.

The trustees of a family foundation last month wrote us of their confidence in the Recompense Fund to provide support where it is most needed to sustain our island not-for-profits. They went on to make a thoughtful gift.

Thanks to this steady upward trend in contributions, the Recompense Fund can provide ever more substantial awards to the proposals we receive.

The Recompense Fund can help you with a range of planned giving options managed for us by the Maine Community Foundation. For more information please contact [islandlife@chebeague.net](mailto:islandlife@chebeague.net).

## Town of Chebeague Introducing the Town Administrator

My first official day working for the Town of Chebeague as Town Administrator was March 25, 2015. My home is in Ellsworth, but honestly, it has only been a weekend getaway for most of the time during the past fifteen years. My background is in accounting having worked for Horton, MacFarland and Veysey, CPA's in Ellsworth from 1991 to 2002 working primarily with small towns performing governmental audits. In 2002, I embarked on the adventure of Town Manager for the Town of Vinalhaven, Maine. I had a wonderful 12 year run on the island of Vinalhaven, but decided last July to try and make it living in "America," as some islanders call the mainland.

I had a job opportunity offered to me near Ellsworth and the stars seemed to be aligning for me to leave my beloved Browns Head Lighthouse (Vinalhaven owns the lighthouse and houses the Town Manager there). I worked for a short while in Blue Hill for School Union 93 but quickly realized that it just wasn't for me. When I saw the advertisement for a Town Administrator for the Town of Chebeague, I felt excited for the opportunity and felt I had a unique set of skills to offer. So here I am. I am a grandmother of nine. I like being outdoors and hiking in Acadia National Park and Baxter State Park. I have joined the Chebeague Island Whalers, a choral group, so you

## From the editors

Finally! According to the calendar, the summer is here!

Unfortunately, we will not be making it to the Island this summer. As much as we love Chebeague, especially this time of year, we just sold our house and will hopefully be moving into our new home in August. Fingers crossed we can find our a place soon!

Please take note that it is time to renew your annual subscription for First Class mail delivery of the Island Calendar.

should see me around. Come and say hello. Thank you to all of you that have already offered me your support.

Remember to be kind to one another.

CHEBEAGUE TRANSPORTATION COMPANY

June 2015

**What’s New at CTC?**

**Safety First!**

**Summer’s here at last!**

Summer is almost here and our passenger counts will grow dramatically starting in June. We actually transport up to 250% more passengers in July than in January! And it isn’t just about the ferry passengers, we also have a 300% increase in bus passengers and scads more freight. So now is a good time to discuss the many ways we try to make sure your trip is safe.

**On the Ferry**

Please remember that passengers should remain seated until the boat is tied to the dock. There is always a chance the boat may bump the dock and passengers could lose their balance and fall. Trips and falls are the largest area of ferry injuries - all preventable. If you are riding on the bow, do not lean over the bow, especially when landing at Cousins where you could get your hand caught or hit your head on the pilings. Never put children on rails. Never board or disembark from the ferry until instructed to do so by the crew. Children should be supervised at all times by an adult and should not be allowed outside the main cabin unless accompanied by an adult. Luggage is prohibited on the upper deck. Both hands must remain free to hold railings on the way up and down the ladder. Always face the ladder on the way down. Remain seated on the upper deck throughout the trip and only descend when the ferry is tied to the float.

**On the Bus**

Passengers should arrive at least 10 minutes before departure time to allow sufficient time to load freight and purchase tickets. Passengers must stay behind the driver while in transit. At Cousins, make sure the bus has come to a complete stop before leaving your seat and follow instructions from the driver who will inform you on procedures for unloading freight and moving freight and bicycles to the float.

**At the Cousins Island wharf**

Carts are provided for passenger convenience on a first come- first serve basis. The maximum weight they can hold is 100 pounds. Load freight and put cart on float in calm weather only. Too many carts have been lost overboard by putting the cart on the float in bad weather. Remain at the top of the float while ferry is docking until the crew signals that you can board. And leave a path for disembarking passengers to unload their freight.

There are many more tips we could and will provide, but the bottom line is, travel safely and follow directions. If you have questions, ask. Here’s to a healthy summer season!

### SEW GOOD

Sew Good will be meeting on June 24th at the Parish House. We start gathering around 10 a.m. and go till the last person turns of the lights & shuts the door. Feel free to drop by, bring a sewing project, needlework project, bring a sewing machine you'd like to re:familiarize yourself with. We continue to make napkins for the Commons as one of our projects. It takes one yard of 100% cotton fabric to make 4 napkins. We have patterns for place mats, and they usually take several fat quarters of fabric (easily found in quilt stores). Make them for your home or give them as gifts. Pillowcases for CancerCor is another project we participate in.

## Historical Society Fundraiser News

The 2015 Chebeague Island Historical Society fundraiser is a Pied Piper Cruise to Peaks Island and the 5th Maine Museum.

Under the stewardship of the Fifth Maine Regiment Community Association, the Regiment Memorial Hall built in 1888 is maintained as the 5th Maine Museum, a Civil War and local history museum and cultural center for the Peaks Island community. There will be time for exploring the Island and visiting shops. \$35 per person includes

lunch and Museum admission. Only 85 tickets will be sold. The date for the cruise will soon be determined but will depart the Stone Pier at noon and return at 4:00pm. The date will be announced as soon as possible on Bev's Chebeague.org Newpage, on the Islander and on flyers posted at all the usual places. For more information call or email Mary Holt at 846-5040 or islelive@chebeague.net. Save the date: The next Historical Society House Tour is scheduled for Tuesday, August 9th, 2016.

Pete Pellerin of "Island Services" is now:

**O’Neil Rd** ..... Buildable lot ..... Good soil ..... Septic/soil inspected ..... **\$46,900...!!**

This wooded 1.06 acre lot slopes gradually toward the water. The base soil is sand and gravel. Three recently constructed houses nearby have full foundations and drilled wells. The lot is ‘grandfathered’ as a buildable lot and has sufficient square footage to accommodate a septic system, a well, a dwelling, and still provide privacy. A septic/soil inspection has been recently completed. The property borders 145’ on a longstanding 50’ deeded Right of Way that serves as the access road for cottages abutting the shore.

**354 North Road...**Back on the Market ...Reduced price  
Post&Beam...recent major yard cleanup.3.2 acres... **\$280,000**

This 20 year old post and beam house sits on one of two separate adjacent 1.6 acre wooded lots. Both are building lots and are still under separate deeds. Next neighbors up the road include the Kid’s Place Day Care, the Rec. Center with pool, tennis and Bball courts, and the Chebeague Island School and renowned playground and athletic field. Some real opportunity here offering privacy and accessibility.
