James, 29, is a former student who studied Accounting and Finance, Physics and Pure and Applied Mathematics. He left The Burgate Sixth Form in 2001 to read Mathematics at the University of Exeter, where yet again he shone.

James was awarded The Urlicht Prize in Mathematics in his second year and the Unthank Prize in Mathematics during his third year. He graduated in 2004 with 1st Class (Hons) in Pure and Applied Mathematics.

James is a Chartered Accountant based at BDO LLP in Southampton. Since qualifying he has worked in Corporate Finance, Business Restructuring and London Audit teams whilst also undertaking a secondment in the Commercial & Corporate Teams of a major UK bank. He currently works in Southampton on cross stream sector clients with a specific focus towards excellent local businesses.

James specialises in Commercial Strategy, Financial Modelling, Corporate finance advisories, funding options and valuations and Manufacturing and Professional Practices (including LLP accounts and SRA reporting).

James lives locally with his partner and baby girl, Ruby.

Thank you for joining us this evening for our Prizegiving Ceremony as we welcome back our Upper Sixth of 2012. They return very much as young adults who are already taking their first steps of true independence in the wider world, whether it is further study at university or college, their first step on the career ladder or on the adventures of a Gap Year.

There is always a great sense of pride and fulfilment in the staff when we recognise the achievements of our students and that together we have helped to prepare them for a successful future. At The Burgate we believe the best possible education is built upon strong partnerships between staff, students, their parents and the wider community. The special atmosphere that comes of such partnerships was especially in evidence in the Upper Sixth of 2012.

I should like to extend my sincerest thanks to our sponsors for this evening's event, who continue to be extremely generous in their support of the Sixth Form. Please remember that our award board sponsors provide the rewards for our prize-winners. They have my very grateful thanks.

Tonight's ceremony is not only a celebration of yet another excellent set of A level results, but also an opportunity to recognise those students who have overcome significant challenges in achieving their goals. I am very proud of all of their achievements and wish them every success in the future, hoping that Burgate will remain a fond memory of happy sixth form life.

It is a joy to celebrate the culmination of your achievements with you this evening. It has been a privilege to have been involved in the teaching and leadership of you as a cohort. You made your mark as the year group who played no small part in the "Outstanding" Ofsted judgement, for which you are fondly remembered.

We remember with admiration that you faced challenges together and learned the value of true friendship and mutual support. You were full of fun, always enthusiastic about the latest whole Sixth Form venture and enormously generous in spirit and action, raising more funds for charities than ever before.

You are a year too of delightful, talented individuals as witnessed by your examination results and I have no doubt you have a promising future. Place importance on what is truly valuable, then you will be able to celebrate happiness and success not just this evening but in the years ahead.
