

**SUBPART 225.1—BUY AMERICAN—SUPPLIES**  
(Revised March 26, 2015)

**225.101 General.**

(a) For DoD, the following two-part test determines whether a manufactured end product is a domestic end product:

(i) The end product is manufactured in the United States; and

(ii) The cost of its U.S. and qualifying country components exceeds 50 percent of the cost of all its components. This test is applied to end products only and not to individual components.

(c) Additional exceptions that allow the purchase of foreign end products are listed at [225.103](#).

**225.103 Exceptions.**

(a)(i)(A) Public interest exceptions for certain countries are in [225.872](#).

(B) For procurements covered by the World Trade Organization Government Procurement Agreement, the Under Secretary of Defense (Acquisition, Technology, and Logistics) has determined that it is inconsistent with the public interest to apply the Buy American statute to end products that are substantially transformed in the United States.

(ii)(A) Normally, use the evaluation procedures in subpart [225.5](#), but consider recommending a public interest exception if the purposes of the Buy American statute are not served, or in order to meet a need set forth in 10 U.S.C. 2533. For example, a public interest exception may be appropriate—

(1) If accepting the low domestic offer will involve substantial foreign expenditures, or accepting the low foreign offer will involve substantial domestic expenditures;

(2) To ensure access to advanced state-of-the-art commercial technology; or

(3) To maintain the same source of supply for spare and replacement parts (also see paragraph (b)(iii)(B) of this section)—

(i) For an end item that qualifies as a domestic end product; or

(ii) In order not to impair integration of the military and commercial industrial base.

(B) Except as provided in [PGI 225.872-4](#), process a determination for a public interest exception after consideration of the factors in 10 U.S.C. 2533—

### Part 225—Foreign Acquisition

---

(1) At a level above the contracting officer for acquisitions valued at or below the simplified acquisition threshold;

(2) By the head of the contracting activity for acquisitions with a value greater than the simplified acquisition threshold but less than \$1.5 million; or

(3) By the agency head for acquisitions valued at \$1.5 million or more.

(b)(i) A determination that an article, material, or supply is not reasonably available is required when domestic offers are insufficient to meet the requirement and award is to be made on other than a qualifying country or eligible end product.

(ii) Except as provided in FAR 25.103(b)(3), the determination shall be approved—

(A) At a level above the contracting officer for acquisitions valued at or below the simplified acquisition threshold;

(B) By the chief of the contracting office for acquisitions with a value greater than the simplified acquisition threshold but less than \$1.5 million; or

(C) By the head of the contracting activity or immediate deputy for acquisitions valued at \$1.5 million or more.

(iii) A separate determination as to whether an article is reasonably available is not required for the following articles. DoD has already determined that these articles are not reasonably available from domestic sources:

(A) Spare or replacement parts that must be acquired from the original foreign manufacturer or supplier.

(B) Foreign drugs acquired by the Defense Supply Center, Philadelphia, when the Director, Pharmaceuticals Group, Directorate of Medical Materiel, determines that only the requested foreign drug will fulfill the requirements.

(iv) Under coordinated acquisition (see Subpart [208.70](#)), the determination is the responsibility of the requiring department when the requiring department specifies acquisition of a foreign end product.

(c) The cost of a domestic end product is unreasonable if it is not the low evaluated offer when evaluated under Subpart [225.5](#).

#### **225.105 Determining reasonableness of cost.**

(b) Use an evaluation factor of 50 percent instead of the factors specified in FAR 25.105(b).

#### **225.170 Acquisition from or through other Government agencies.**

Contracting activities must apply the evaluation procedures in Subpart [225.5](#) when using Federal supply schedules.

**SUBPART 225.2—BUY AMERICAN—CONSTRUCTION MATERIALS**  
*(Revised March 26, 2015)*

**225.202 Exceptions.**

(a)(2) A nonavailability determination is not required for construction materials listed in FAR 25.104(a). For other materials, a nonavailability determination shall be approved at the levels specified in [225.103](#)(b)(ii). Use the estimated value of the construction materials to determine the approval level.

**225.206 Noncompliance.**

(c)(4) Prepare any report of noncompliance in accordance with the procedures at [209.406-3](#) or [209.407-3](#).

**SUBPART 225.70—AUTHORIZATION ACTS, APPROPRIATIONS ACTS, AND  
OTHER STATUTORY RESTRICTIONS ON FOREIGN ACQUISITION**

*(Revised March 26, 2015)*

**225.7000 Scope of subpart.**

The following restrictions implement 10 U.S.C. 2533a (the “Berry Amendment”). Except as provided in subsection [225.7002-2](#), do not acquire—

(a) Any of the following items, either as end products or components, unless the items have been grown, reprocessed, reused, or produced in the United States:

This deviation is effective for contract actions issued using DoD funds appropriated by the Department of Defense Appropriations Act, 2015 (Pub. L. 113-235, Division C). This class deviation remains in effect until incorporated in the DFARS or otherwise rescinded.

Unless an exception applies—

(b) Use the clause at [252.225-7015](#), Restriction on Acquisition of Hand or Measuring Tools, in solicitations and contracts, including solicitations and contracts

using FAR part 12 procedures for the acquisition of commercial items, that exceed the simplified acquisition threshold that require delivery of hand or measuring tools.

**225.7003 Restrictions on acquisition of specialty metals.**

**225.7003-1 Definitions.**

As used in this section—

(a) “Assembly,” “commercial derivative military article,” “commercially available off-the-shelf item,” “component,” “electronic component,” “end item,” “high performance magnet,” “required form,” and “subsystem” are defined in the clause at [252.225-7009](#), Restriction on Acquisition of Certain Articles Containing Specialty Metals.

(b) “Automotive item”—

(1) Means a self-propelled military transport tactical vehicle, primarily intended for use by military personnel or for carrying cargo, such as—

- (i) A high-mobility multipurpose wheeled vehicle;
- (ii) An armored personnel carrier; or
- (iii) A troop/cargo-carrying truckcar, truck, or van; and

(2) Does not include—

- (i) A commercially available off-the-shelf vehicle; or
- (ii) Construction equipment (such as bulldozers, excavators, lifts, or loaders) or other self-propelled equipment (such as cranes or aircraft ground support equipment).

(c) “Produce” and “specialty metal” are defined in the clauses at [252.225-7008](#), Restriction on Acquisition of Specialty Metals, and [252.225-7009](#), Restriction on Acquisition of Certain Articles Containing Specialty Metals.

**225.7003-2 Restrictions.**

The following restrictions implement 10 U.S.C. 2533b. Except as provided in [225.7003-3](#)—

(a) Do not acquire the following items, or any components of the following items, unless any specialty metals contained in the items or components are melted or produced in the United States (also see guidance at [PGI 225.7003-2\(a\)](#)):

- (2) Missile or space systems.
- (3) Ships.
- (4) Tank or automotive items.

### Part 225—Foreign Acquisition

---

(5) Weapon systems.

(6) Ammunition.

(b) Do not acquire a specialty metal (e.g., raw stock, including bar, billet, slab, wire, plate, and sheet; castings; and forgings) as an end item, unless the specialty metal is melted or produced in the United States. This restriction applies to specialty metal acquired by a contractor for delivery to DoD as an end item, in addition to specialty metal acquired by DoD directly from the entity that melted or produced the specialty metal.

#### **225.7003-3 Exceptions.**

(a) Acquisitions in the following categories are not subject to the restrictions in [225.7003-2](#):

(1) Acquisitions at or below the simplified acquisition threshold.

(2) Acquisitions outside the United States in support of combat operations.

(3) Acquisitions in support of contingency operations.

(4) Acquisitions for which the use of other than competitive procedures has been approved on the basis of unusual and compelling urgency in accordance with FAR 6.302-2.

(5) Acquisitions of items specifically for commissary resale.

(6) Acquisitions of items for test and evaluation under the foreign comparative testing program (10 U.S.C. 2350a(g)). However, this exception does not apply to any acquisitions under follow-on production contracts.

(b) One or more of the following exceptions may apply to an end item or component that includes any of the following, under a prime contract or subcontract at any tier. The restrictions in [225.7003-2](#) do not apply to the following:

(1) Electronic components, unless the Secretary of Defense, upon the recommendation of the Strategic Materials Protection Board pursuant to 10 U.S.C. 187, determines that the domestic availability of a particular electronic component is critical to national security.

(2)(i) Commercially available off-the-shelf (COTS) items containing specialty metals, except the restrictions do apply to contracts or subcontracts for the acquisition of—

(A) Specialty metal mill products, such as bar, billet, slab, wire, plate, and sheet, that have not been incorporated into end items, subsystems, assemblies, or components. Specialty metal supply contracts issued by COTS producers are not subcontracts for the purposes of this exception;

(B) Forgings or castings of specialty metals, unless the forgings or castings are incorporated into COTS end items, subsystems, or assemblies;

## Defense Federal Acquisition Regulation Supplement

### Part 225—Foreign Acquisition

---

(C) Commercially available high performance magnets that contain specialty metal, unless such high performance magnets are incorporated into COTS end items or subsystems (see [PGI 225.7003-3\(b\)\(6\)](#) for a table of applicability of specialty metals restrictions to magnets); and

(D) COTS fasteners, unless—

(1) The fasteners are incorporated into COTS end items, subsystems, or assemblies; or

(2) The fasteners qualify for the commercial item exception in paragraph (b)(3) of this subsection.

(ii) If this exception is used for an acquisition of COTS end items valued at \$5 million or more per item, the acquiring department or agency shall submit an annual report to the Director, Defense Procurement and Acquisition Policy, in accordance with the procedures at [PGI 225.7003-3\(b\)\(2\)](#).

(3) Fasteners that are commercial items and are acquired under a contract or subcontract with a manufacturer of such fasteners, if the manufacturer has certified that it will purchase, during the relevant calendar year, an amount of domestically melted or produced specialty metal, in the required form, for use in the production of fasteners for sale to DoD and other customers, that is not less than 50 percent of the total amount of the specialty metal that the manufacturer will purchase to carry out the production of such fasteners for all customers.

(4) Items listed in [225.7003-2\(a\)](#), manufactured in a qualifying country or containing specialty metals melted or produced in a qualifying country.

(5) Specialty metal in any of the items listed in [225.7003-2](#) if the USD(AT&L), or an official authorized in accordance with paragraph (b)(5)(i) of this subsection, determines that specialty metal melted or produced in the United States cannot be acquired as and when needed at a fair and reasonable price in a satisfactory quality, a sufficient quantity, and the required form (i.e., a domestic nonavailability determination). See guidance in [PGI 225.7003-3\(b\)\(5\)](#).

(i) The Secretary of the military department concerned is authorized, without power of redelegation, to make a domestic nonavailability determination that applies to only one contract. The supporting documentation for the determination shall include—

(A) An analysis of alternatives that would not require a domestic nonavailability determination; and

(B) Written documentation by the requiring activity, with specificity, why such alternatives are unacceptable.

(ii) A domestic nonavailability determination that applies to more than one contract (i.e., a class domestic nonavailability determination), requires the approval of the USD(AT&L).

## Defense Federal Acquisition Regulation Supplement

### Part 225—Foreign Acquisition

---

(A) At least 30 days before making a domestic nonavailability determination that would apply to more than one contract, the USD(AT&L) will, to the maximum extent practicable, and in a manner consistent with the protection of national security and confidential business information—

(1) Publish a notice on the Federal Business Opportunities website ([www.FedBizOpps.gov](http://www.FedBizOpps.gov) or any successor site) of the intent to make the domestic nonavailability determination; and

(2) Solicit information relevant to such notice from interested parties, including producers of specialty metal mill products.

(B) The USD(AT&L)—

(1) Will take into consideration all information submitted in response to the notice in making a class domestic nonavailability determination;

(2) May consider other relevant information that cannot be made part of the public record consistent with the protection of national security information and confidential business information; and

(3) Will ensure that any such domestic nonavailability determination and the rationale for the determination are made publicly available to the maximum extent consistent with the protection of national security and confidential business information.

(6) End items containing a minimal amount of otherwise noncompliant specialty metals (i.e., specialty metals not melted or produced in the United States that are not covered by another exception listed in this paragraph (b)), if the total weight of noncompliant specialty metal does not exceed 2 percent of the total weight of all specialty metal in the end item. This exception does not apply to high performance magnets containing specialty metals. See [PGI 225.7003-3\(b\)\(6\)](#) for a table of applicability of specialty metals restrictions to magnets.

(c) *Compliance for commercial derivative military articles.* The restrictions at 225.7003-2(a) do not apply to an item acquired under a prime contract if—

(1) The offeror has certified, and subsequently demonstrates, that the offeror and its subcontractor(s) will individually or collectively enter into a contractual agreement or agreements to purchase a sufficient quantity of domestically melted or produced specialty metal in accordance with the provision at [252.225-7010](#); and

(2) The USD(AT&L), or the Secretary of the military department concerned, determines that the item is a commercial derivative military article (defense agencies see procedures at [PGI 225.7003-3\(c\)](#)). The contracting officer shall submit the offeror's certification and a request for a determination to the appropriate official, through agency channels, and shall notify the offeror when a decision has been made.

(d) *National security waiver.* The USD(AT&L) may waive the restrictions at [225.7003-2](#) if the USD(AT&L) determines in writing that acceptance of the item is necessary to the national security interests of the United States (see procedures at [PGI 225.7003-3\(d\)](#)). This authority may not be delegated.

## Defense Federal Acquisition Regulation Supplement

### Part 225—Foreign Acquisition

---

- (1) The written determination of the USD(AT&L)—
  - (i) Shall specify the quantity of end items to which the national security waiver applies;
  - (ii) Shall specify the time period over which the national security waiver applies; and
  - (iii) Shall be provided to the congressional defense committees before the determination is executed, except that in the case of an urgent national security requirement, the determination may be provided to the congressional defense committees up to 7 days after it is executed.
- (2) After making such a determination, the USD(AT&L) will—
  - (i) Ensure that the contractor or subcontractor responsible for the noncompliant specialty metal develops and implements an effective plan to ensure future compliance; and
  - (ii) Determine whether or not the noncompliance was knowing and willful. If the USD(AT&L) determines that the noncompliance was knowing and willful, the appropriate debarring and suspending official shall consider suspending or debarring the contractor or subcontractor until such time as the contractor or subcontractor has effectively addressed the issues that led to the noncompliance.
- (3) Because national security waivers will only be granted when the acquisition in question is necessary to the national security interests of the United States, the requirement for a plan will be applied as a condition subsequent, and not a condition precedent, to the granting of a waiver.

#### **225.7003-4 One-time waiver.**

DoD may accept articles containing specialty metals that are not in compliance with the specialty metals clause of the contract if—

- (a) Final acceptance takes place before September 30, 2010;
- (b) The specialty metals were incorporated into items (whether end items or components) produced, manufactured, or assembled in the United States before October 17, 2006;
- (c) The contracting officer determines in writing that—
  - (1) It would not be practical or economical to remove or replace the specialty metals incorporated in such items or to substitute items containing compliant materials;
  - (2) The contractor and any subcontractor responsible for providing items containing non-compliant specialty metals have in place an effective plan to ensure compliance with the specialty metals clause of the contract for future items produced, manufactured, or assembled in the United States; and
  - (3) The non-compliance was not knowing or willful;

## Defense Federal Acquisition Regulation Supplement

### Part 225—Foreign Acquisition

---

(d) The determination is approved by—

(1) The USD(AT&L); or

(2) The service acquisition executive of the military department concerned; and

(e) Not later than 15 days after approval of the determination, the contracting officer posts a notice on the Federal Business Opportunities website at [www.FedBizOpps.gov](http://www.FedBizOpps.gov), stating that a waiver for the contract has been granted under Section 842(b) of the National Defense Authorization Act for Fiscal Year 2007 (Pub. L. 109-364).

#### **225.7003-5 Solicitation provision and contract clauses.**

(a) Unless the acquisition is wholly exempt from the specialty metals restrictions at [225.7003-2](#) because the acquisition is covered by an exception in [225.7003-3\(a\)](#) or (d) (but see paragraph (d) of this subsection)—

(1) Use the clause at [252.225-7008](#), Restriction on Acquisition of Specialty Metals, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial items, that—

(i) Exceed the simplified acquisition threshold; and

(ii) Require the delivery of specialty metals as end items.

(2) Use the clause at [252.225-7009](#), Restriction on Acquisition of Certain Articles Containing Specialty Metals, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial items, that—

(i) Exceed the simplified acquisition threshold; and

(ii) Require delivery of any of the following items, or components of the following items, if such items or components contain specialty metal:

(A) Aircraft.

(B) Missile or space systems.

(C) Ships.

(D) Tank or automotive items.

(E) Weapon systems.

(F) Ammunition.

(b) Use the provision at [252.225-7010](#), Commercial Derivative Military Article—Specialty Metals Compliance Certificate, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial items,—

---

(1) That contain the clause at [252.225-7009](#); and

(2) For which the contracting officer anticipates that one or more offers of commercial derivative military articles may be received.

(c) If an agency cannot reasonably determine at time of acquisition whether some or all of the items will be used in support of combat operations or in support of contingency operations, the contracting officer should not rely on the exception at [225.7003-3\(a\)\(2\)](#) or (3), but should include the appropriate specialty metals clause or provision in the solicitation and contract.

(d) If the solicitation and contract require delivery of a variety of contract line items containing specialty metals, but only some of the items are subject to domestic specialty metals restrictions, identify in the Schedule those items that are subject to the restrictions.

#### **225.7004 Restriction on acquisition of foreign buses.**

##### **225.7004-1 Restriction.**

In accordance with 10 U.S.C. 2534, do not acquire a multipassenger motor vehicle (bus) unless it is manufactured in the United States or Canada.

##### **225.7004-2 Applicability.**

Apply this restriction if the buses are purchased, leased, rented, or made available under contracts for transportation services.

##### **225.7004-3 Exceptions.**

This restriction does not apply in any of the following circumstances:

(a) Buses manufactured outside the United States and Canada are needed for temporary use because buses manufactured in the United States or Canada are not available to satisfy requirements that cannot be postponed. Such use may not, however, exceed the lead time required for acquisition and delivery of buses manufactured in the United States or Canada.

(b) The requirement for buses is temporary in nature. For example, to meet a special, nonrecurring requirement or a sporadic and infrequent recurring requirement, buses manufactured outside the United States and Canada may be used for temporary periods of time. Such use may not, however, exceed the period of time needed to meet the special requirement.

(c) Buses manufactured outside the United States and Canada are available at no cost to the U.S. Government.

(d) The acquisition is for an amount at or below the simplified acquisition threshold.

##### **225.7004-4 Waiver.**

The waiver criteria at [225.7008\(a\)](#) apply to this restriction.

#### **225.7005 Restriction on certain chemical weapons antidote.**

##### **225.7005-1 Restriction.**

## Defense Federal Acquisition Regulation Supplement

### Part 225—Foreign Acquisition

---

In accordance with 10 U.S.C. 2534, do not acquire chemical weapons antidote contained in automatic injectors, or the components for such injectors, unless the chemical weapons antidote or component is manufactured in the United States or Canada by a company that—

(a) Has received all required regulatory approvals; and

(b) Has the plant, equipment, and personnel to perform the contract in the United States or Canada at the time of contract award.

#### **225.7005-2 Exception.**

This restriction does not apply if the acquisition is for an amount at or below the simplified acquisition threshold.

#### **225.7005-3 Waiver.**

The waiver criteria at [225.7008\(a\)](#) apply to this restriction.

#### **225.7006 Restriction on air circuit breakers for naval vessels.**

##### **225.7006-1 Restriction.**

In accordance with 10 U.S.C. 2534, do not acquire air circuit breakers for naval vessels unless they are manufactured in the United States or Canada.

##### **225.7006-2 Exceptions.**

This restriction does not apply if the acquisition is—

(a) For an amount at or below the simplified acquisition threshold; or

(b) For spare or repair parts needed to support air circuit breakers manufactured outside the United States. Support includes the purchase of spare air circuit breakers when those from alternate sources are not interchangeable.

##### **225.7006-3 Waiver.**

(a) The waiver criteria at [225.7008\(a\)](#) apply to this restriction.

(b) The Under Secretary of Defense (Acquisition, Technology, and Logistics) has waived the restriction for air circuit breakers manufactured in the United Kingdom. See [225.7008](#).

##### **225.7007-1 Restrictions.**

(a) In accordance with Section 8041 of the Fiscal Year 1991 DoD Appropriations Act (Pub. L. 101-511) and similar sections in subsequent DoD appropriations acts, do not acquire welded shipboard anchor and mooring chain, four inches or less in diameter, unless--

- (1) It is manufactured in the United States, including cutting, heat treating, quality control, testing, and welding (both forging and shot blasting process); and
- (2) The cost of the components manufactured in the United States exceeds 50 percent of the total cost of components.

(b) 10 U.S.C. 2534 also restricts acquisition of welded shipboard anchor and mooring chain, four inches or less in diameter, when used as a component of a naval vessel. However, the Appropriations Act restriction described in paragraph (a) of this subsection takes precedence over the restriction of 10 U.S.C. 2534.

##### **225.7007-2 Waiver.**

(a) The Secretary of the department responsible for acquisition may waive the restriction in [225.7007-1\(a\)](#), on a case-by-case basis, if--

- (1) Sufficient domestic suppliers are not available to meet DoD requirements on a timely basis; and
- (2) The acquisition is necessary to acquire capability for national security purposes.

(b) Document the waiver in a written determination and findings containing—

- (1) The factors supporting the waiver; and
- (2) A certification that the acquisition must be made in order to acquire capability for national security purposes.

(c) Provide a copy of the determination and findings to the House and Senate Committees on Appropriations.

##### **225.7007-3 Contract clause.**

## Defense Federal Acquisition Regulation Supplement

### Part 225—Foreign Acquisition

---

Unless a waiver has been granted, use the clause at [252.225-7019](#), Restriction on Acquisition of Anchor and Mooring Chain, in solicitations and contracts requiring welded shipboard anchor or mooring chain four inches or less in diameter.

#### **225.7008 Waiver of restrictions of 10 U.S.C. 2534.**

(a) When specifically authorized by reference elsewhere in this subpart, the restrictions on certain foreign purchases under 10 U.S.C. 2534(a) may be waived as follows:

(1)(i) The Under Secretary of Defense (Acquisition, Technology, and Logistics) (USD(AT&L)), without power of delegation, may waive a restriction for a particular item for a particular foreign country upon determination that—

(A) United States producers of the item would not be jeopardized by competition from a foreign country, and that country does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in that country; or

(B) Application of the restriction would impede cooperative programs entered into between DoD and a foreign country, or would impede the reciprocal procurement of defense items under a memorandum of understanding providing for reciprocal procurement of defense items under [225.872](#), and that country does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in that country.

(ii) A notice of the determination to exercise the waiver authority shall be published in the Federal Register and submitted to the congressional defense committees at least 15 days before the effective date of the waiver.

(iii) The effective period of the waiver shall not exceed 1 year.

(iv) For contracts entered into prior to the effective date of a waiver, provided adequate consideration is received to modify the contract, the waiver shall be applied as directed or authorized in the waiver to—

(A) Subcontracts entered into on or after the effective date of the waiver; and

(B) Options for the procurement of items that are exercised after the effective date of the waiver, if the option prices are adjusted for any reason other than the application of the waiver.

(2) The head of the contracting activity may waive a restriction on a case-by-case basis upon execution of a determination and findings that any of the following applies:

(i) The restriction would cause unreasonable delays.

(ii) Satisfactory quality items manufactured in the United States or Canada are not available.

## Defense Federal Acquisition Regulation Supplement

### Part 225—Foreign Acquisition

---

(iii) Application of the restriction would result in the existence of only one source for the item in the United States or Canada.

(iv) Application of the restriction is not in the national security interests of the United States.

(v) Application of the restriction would adversely affect a U.S. company.

(3) A restriction is waived when it would cause unreasonable costs. The cost of an item of U.S. or Canadian origin is unreasonable if it exceeds 150 percent of the offered price, inclusive of duty, of items that are not of U.S. or Canadian origin.

(b) In accordance with the provisions of paragraphs (a)(1)(i) through (iii) of this section, the USD(AT&L) has waived the restrictions of 10 U.S.C. 2534(a) for certain items manufactured in the United Kingdom, including air circuit breakers for naval vessels (see [225.7006](#)) and the naval vessel components listed at 225.7010-1.

#### **225.7009 Restriction on ball and roller bearings.**

##### **225.7009-1 Scope.**

This section implements Section 8065 of the Fiscal Year 2002 DoD Appropriations Act (Pub. L. 107-117) and the same restriction in subsequent DoD appropriations acts.

##### **225.7009-2 Restriction.**

(a) Do not acquire ball and roller bearings unless—

(1) The bearings are manufactured in the United States or Canada; and

(2) For each ball or roller bearing, the cost of the bearing components manufactured in the United States or Canada exceeds 50 percent of the total cost of the bearing components of that ball or roller bearing.

(b) The restriction at [225.7003-2](#) may also apply to bearings that are made from specialty metals, such as high carbon chrome steel (bearing steel).

##### **225.7009-3 Exception.**

The restriction in [225.7009-2](#) does not apply to contracts or subcontracts for the acquisition of commercial items, except for commercial ball and roller bearings acquired as end items.

##### **225.7009-4 Waiver.**

The Secretary of the department responsible for acquisition or, for the Defense Logistics Agency, the Component Acquisition Executive, may waive the restriction in [225.7009-2](#), on a case-by-case basis, by certifying to the House and Senate Committees on Appropriations that—

(a) Adequate domestic supplies are not available to meet DoD requirements on a timely basis; and

(b) The acquisition must be made in order to acquire capability for national security purposes.

Use the clause at [252.225-7016](#), Restriction on Acquisition of Ball and Roller Bearings, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial items, unless—

- (a) The items being acquired are commercial items other than ball or roller bearings acquired as end items;
- (b) The items being acquired do not contain ball and roller bearings; or
- (c) A waiver has been granted in accordance with [225.7009-4](#).

#### **225.7010 Restriction on certain naval vessel components.**

##### **225.7010-1 Restriction.**

In accordance with 10 U.S.C. 2534, do not acquire the following components of naval vessels, to the extent they are unique to marine applications, unless manufactured in the United States or Canada:

- (a) Gyrocompasses.

- (c) Steering controls.
- (d) Pumps.
- (e) Propulsion and machinery control systems.
- (f) Totally enclosed lifeboats.

##### **225.7010-2 Exceptions.**

This restriction does not apply to—

- (a) Contracts or subcontracts that do not exceed the simplified acquisition threshold; or
- (b) Acquisition of spare or repair parts needed to support components for naval vessels manufactured outside the United States. Support includes the purchase of spare gyrocompasses, electronic navigation chart systems, steering controls, pumps, propulsion and machinery control systems, or totally enclosed lifeboats, when those from alternate sources are not interchangeable.

##### **225.7010-3 Waiver.**

- (a) The waiver criteria at [225.7008](#)(a) apply to this restriction.
- (b) The Under Secretary of Defense (Acquisition, Technology, and Logistics) has waived the restriction of 10 U.S.C. 2534 for certain items manufactured in the United Kingdom, including the items listed in section 225.7010-1. See [225.7008](#).

##### **225.7010-4 Implementation.**

## Defense Federal Acquisition Regulation Supplement

### Part 225—Foreign Acquisition

---

(a) 10 U.S.C. 2534(h) prohibits the use of contract clauses or certifications to implement this restriction.

(b) Agencies shall accomplish implementation of this restriction through use of management and oversight techniques that achieve the objectives of this section without imposing a significant management burden on the Government or the contractor involved.

#### **225.7011 Restriction on carbon, alloy, and armor steel plate.**

##### **225.7011-1 Restriction.**

(a) In accordance with Section 8111 of the Fiscal Year 1992 DoD Appropriations Act (Pub. L. 102-172) and similar sections in subsequent DoD appropriations acts, do not acquire any of the following types of carbon, alloy, or armor steel plate for use in a Government-owned facility or a facility under the control of (e.g., leased by) DoD, unless it is melted and rolled in the United States or Canada:

(1) Carbon, alloy, or armor steel plate in Federal Supply Class 9515.

(2) Carbon, alloy, or armor steel plate described by specifications of the American Society for Testing Materials or the American Iron and Steel Institute.

(b) This restriction—

(1) Applies to the acquisition of carbon, alloy, or armor steel plate as a finished steel mill product that may be used “as is” or may be used as an intermediate material for the fabrication of an end product; and

(2) Does not apply to the acquisition of an end product (e.g., a machine tool), to be used in the facility, that contains carbon, alloy, or armor steel plate as a component.

##### **225.7011-2 Waiver.**

The Secretary of the department responsible for acquisition may waive this restriction, on a case-by-case basis, by certifying to the House and Senate Committees on Appropriations that—

(a) Adequate U.S. or Canadian supplies are not available to meet DoD requirements on a timely basis; and

(b) The acquisition must be made in order to acquire capability for national security purposes.

##### **225.7011-3 Contract clause.**

Unless a waiver has been granted, use the clause at [252.225-7030](#), Restriction on Acquisition of Carbon, Alloy, and Armor Steel Plate, in solicitations and contracts that—

(b) Require contractors operating in a Government-owned facility or a facility under the control of DoD to purchase carbon, alloy, or armor steel plate.

#### **225.7012 Restriction on supercomputers.**

##### **225.7012-1 Restriction.**

In accordance with Section 8112 of Pub. L. 100-202, and similar sections in subsequent DoD appropriations acts, do not purchase a supercomputer unless it is manufactured in the United States.

##### **225.7012-2 Waiver.**

The Secretary of Defense may waive this restriction, on a case-by-case basis, after certifying to the Armed Services and Appropriations Committees of Congress that—

(a) Adequate U.S. supplies are not available to meet requirements on a timely basis; and

(b) The acquisition must be made in order to acquire capability for national security purposes.

##### **225.7012-3 Contract clause.**

Unless a waiver has been granted, use the clause at [252.225-7011](#), Restriction on Acquisition of Supercomputers, in solicitations and contracts for the acquisition of supercomputers.

#### **225.7013 Restrictions on construction or repair of vessels in foreign shipyards.**

In accordance with 10 U.S.C. 7309 and 7310—

(a) Do not award a contract to construct in a foreign shipyard—

(1) A vessel for any of the armed forces; or

(2) A major component of the hull or superstructure of a vessel for any of the armed forces; and

(b) Do not overhaul, repair, or maintain in a foreign shipyard, a naval vessel (or any other vessel under the jurisdiction of the Secretary of the Navy) homeported in the United States. This restriction does not apply to voyage repairs.

#### **225.7014 Restrictions on military construction.**

(a) For restriction on award of military construction contracts to be performed in the United States outlying areas in the Pacific and on Kwajalein Atoll, or in countries bordering the Arabian Gulf, see [236.273\(a\)](#).

(b) For restriction on acquisition of steel for use in military construction projects, see [236.274](#).

#### **225.7015 Restriction on overseas architect-engineer services.**

For restriction on award of architect-engineer contracts to be performed in Japan, in any North Atlantic Treaty Organization member country, or in countries bordering the Arabian Gulf, see [236.602-70](#).

**225.7016 Prohibition on requiring the use of fire-resistant rayon fiber.**

In accordance with section 821 of the National Defense Authorization Act for Fiscal Year 2011, do not include in any solicitation issued before January 1, 2015, a requirement that proposals submitted pursuant to such solicitation shall include the use of fire-resistant rayon fiber. However, this does not preclude issuing a solicitation that allows offerors to propose the use of fire-resistant rayon fiber.

**225.7017 Utilization of domestic photovoltaic devices.**

**225.7017-1 Definitions.** As used in this section—

“Covered contract” means an energy savings performance contract, a utility service contract, or a private housing contract awarded by DoD, if such contract results in DoD ownership of photovoltaic devices, by means other than DoD purchase as end products. DoD is deemed to own a photovoltaic device if the device is—

- (1) Installed on DoD property or in a facility owned by DoD; and
- (2) Reserved for the exclusive use of DoD for the full economic life of the device.

“Designated country photovoltaic device,” “domestic photovoltaic device,” “foreign photovoltaic device,” “Free Trade Agreement country photovoltaic device,” “photovoltaic device,” “qualifying country photovoltaic device,” and “U.S.-made photovoltaic device” are defined in the clause at [252.225-7017](#), Photovoltaic Devices.

**225.7017-2 Restriction.**

In accordance with section 846 of the National Defense Authorization Act for Fiscal Year 2011, photovoltaic devices provided under any covered contract shall comply with 41 U.S.C. chapter 83, Buy American, subject to the exceptions to that statute provided in the Trade Agreements Act of 1979 (19 U.S.C. 2501 *et seq.*) or otherwise provided by law.

**225.7017-3 Exceptions.**

DoD requires the contractor to utilize domestic photovoltaic devices in covered contracts, with the following exceptions:

(a) *Qualifying country.* Qualifying country photovoltaic devices may be utilized in any covered contract, because [225.103](#)(a)(i)(A) provides an exception to the Buy American statute for products of qualifying countries, as defined in [225.003](#).

(b) *Buy American—unreasonable cost.* For a covered contract that utilizes photovoltaic devices valued at less than \$204,000, the exception for unreasonable cost may apply (see FAR 25.103(c)). If the cost of a foreign photovoltaic device plus 50 percent is less than the cost of a domestic photovoltaic device, then the foreign photovoltaic device may be utilized.

(c) *Trade agreements.*

## Defense Federal Acquisition Regulation Supplement

### Part 225—Foreign Acquisition

---

(1) *Free Trade Agreements.* For a covered contract that utilizes photovoltaic devices valued at \$25,000 or more, photovoltaic devices may be utilized from a country covered under the acquisition by a Free Trade Agreement, depending upon dollar threshold (see FAR subpart 25.4).

(2) *World Trade Organization—Government Procurement Agreement.* For covered contracts that utilize photovoltaic devices that are valued at \$204,000 or more, only U.S.-made photovoltaic devices, designated country photovoltaic devices, or qualifying country photovoltaic devices may be utilized.

#### **225.7017-4 Solicitation provisions and contract clauses.**

(a)(1) Use the clause at [252.225-7017](#), Photovoltaic Devices, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial items, for a contract that—

(i) Is expected to exceed the simplified acquisition threshold; and

(ii) May be a covered contract, i.e., an energy savings performance contract, a utility service contract, or a private housing contract awarded by DoD, if such contract results in DoD ownership of photovoltaic devices, by means other than DoD purchase as end products.

(2) Use the clause in the resultant contract, including contracts using FAR part 12 procedures for the acquisition of commercial items, if it is a covered contract (i.e., will result in DoD ownership of photovoltaic devices, by means other than DoD purchase as end products).

(b) Use the provision at [252.225-7018](#), Photovoltaic Devices—Certificate, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial items, that contain the clause at [252.225-7017](#).

**SUBPART 236.2—SPECIAL ASPECTS OF CONTRACTING FOR CONSTRUCTION**

*(Revised March 26, 2015)*

**236.203 Government estimate of construction costs.**

Follow the procedures at [PGI 236.203](#) for handling the Government estimate of construction costs.

**236.204 Disclosure of the magnitude of construction projects.**

Additional price ranges are—

- (i) Between \$10,000,000 and \$25,000,000;
- (ii) Between \$25,000,000 and \$100,000,000;
- (iii) Between \$100,000,000 and \$250,000,000;
- (iv) Between \$250,000,000 and \$500,000,000; and
- (v) Over \$500,000,000.

**236.206 Liquidated damages.**

See [211.503](#) for instructions on use of liquidated damages.

**236.213 Special procedures for sealed bidding in construction contracting.**

If it appears that sufficient funds may not be available for all the desired construction features, consider using a bid schedule with additive or deductive items in accordance with [PGI 236.213](#).

**236.270 Expediting construction contracts.**

(a) 10 U.S.C. 2858 requires agency head approval to expedite the completion date of a contract funded by a Military Construction Appropriations Act, if additional costs are involved. This approval authority may not be redelegated. The approval authority must—

(1) Certify that the additional expenditures are necessary to protect the National interest; and

(2) Establish a reasonable completion date for the project.

(b) The contracting officer may approve an expedited completion date if no additional costs are involved.

**236.271 Cost-plus-fixed-fee contracts.**

Annual military construction appropriations acts restrict the use of cost-plus-fixed-fee contracts (see [216.306\(c\)](#)).

**236.272 Prequalification of sources.**

(a) Prequalification procedures may be used when necessary to ensure timely and efficient performance of critical construction projects. Prequalification—

(1) Results in a list of sources determined to be qualified to perform a specific construction contract; and

(2) Limits offerors to those with proven competence to perform in the required manner.

(b) The head of the contracting activity must—

(1) Authorize the use of prequalification by determining, in writing, that a construction project is of an urgency or complexity that requires prequalification; and

(2) Approve the prequalification procedures.

(c) For small businesses, the prequalification procedures must require the qualifying authority to—

(1) Request a preliminary recommendation from the appropriate Small Business Administration regional office, if the qualifying authority believes a small business is not responsible;

(2) Permit the small business to submit a bid or proposal if the preliminary recommendation is that the small business is responsible; and

(3) Follow the procedures in FAR 19.6, if the small business is in line for award and is found nonresponsible.

**236.273 Construction in foreign countries.**

(a) In accordance with section 112 of the Military Construction and Veterans Affairs and Related Agencies Appropriations Act, 2015 (Division I of Pub. L. 113-235) and the same provision in subsequent military construction appropriations acts, military construction contracts funded with military construction appropriations, that are estimated to exceed \$1,000,000 and are to be performed in the United States outlying areas in the Pacific and on Kwajalein Atoll, or in countries bordering the Arabian Gulf (i.e., Iran, Oman, United Arab Emirates, Saudi Arabia, Qatar, Bahrain, Kuwait, and Iraq), shall be awarded only to United States firms, unless—

(1) The lowest responsive and responsible offer of a United States firm exceeds the lowest responsive and responsible offer of a foreign firm by more than 20 percent; or

(2) The contract is for military construction on Kwajalein Atoll and the lowest responsive and responsible offer is submitted by a Marshallese firm.

(b) See [PGI 236.273\(b\)](#) for guidance on technical working agreements with foreign governments.

In accordance with section 108 of the Military Construction and Veterans Affairs Appropriations Act, 2009 (Pub. L. 110-329, Division E) and the same provision in subsequent military construction appropriations acts, do not acquire, or allow a contractor to acquire, steel for any construction project or activity for which American steel producers, fabricators, or manufacturers have been denied the opportunity to compete for such acquisition of steel.

(2) When the head of the contracting activity has approved use of a separate bid item for mobilization and preparatory work, use either—

(i) [252.236-7003](#), Payment for Mobilization and Preparatory Work. Use this clause for major construction contracts that require—

(A) Major or special items of plant and equipment; or

(B) Large stockpiles of material which are in excess of the type, kind, and quantity which would be normal for a contractor qualified to undertake the work; or

(ii) [252.236-7004](#), Payment for Mobilization and Demobilization. Use this clause for contracts involving major mobilization expense, or plant equipment and material (other than the situations covered in paragraph (b)(2)(i) of this section) made necessary by the location or nature of the work.

(A) Generally, allocate 60 percent of the lump sum price in paragraph (a) of the clause to the cost of mobilization.

**SUBPART 236.6—ARCHITECT-ENGINEER SERVICES**  
*(Revised March 26, 2015)*

**236.601 Policy.**

(1) Written notification to the congressional defense committees is required if the total estimated contract price for architect-engineer services or construction design, in connection with military construction, military family housing, or restoration or replacement of damaged or destroyed facilities, exceeds \$1,000,000. In accordance with 10 U.S.C. 480, unclassified notifications must be provided by electronic medium.

(i) For military construction or military family housing (10 U.S.C. 2807(b)), the notification—

(A) Must include the scope of the project and the estimated contract price;  
and

(B)(1) If provided by electronic medium, must be provided at least 14 days before the initial obligation of funds; or

(2) If provided by other than electronic medium, must be received by the congressional defense committees at least 21 days before the initial obligation of funds.

(ii) For restoration or replacement of damaged or destroyed facilities (10 U.S.C. 2854(b)), the notification—

(B)(1) If provided by electronic medium, must be provided at least 7 days before the initial obligation of funds; or

(2) If provided by other than electronic medium, must be received by the congressional defense committees at least 21 days before the initial obligation of funds.

(2) During the applicable notice period, synopsis of the proposed contract action and administrative actions leading to the award may be started.

**236.602 Selection of firms for architect-engineer contracts.**

**236.602-1 Selection criteria.**

(a) Establish the evaluation criteria before making the public announcement required by FAR 5.205(d) and include the criteria and their relative order of importance in the announcement. Follow the procedures at [PGI 236.602-1\(a\)](#).

**236.602-70 Restriction on award of overseas architect-engineer contracts to foreign firms.**

In accordance with section 111 of the Military Construction and Veterans Affairs and Related Agencies Appropriations Act, 2015 (Division I of Pub. **236.606 Negotiations.**

**236.606-70 Statutory fee limitation.**

(a) 10 U.S.C. 4540, 7212, and 9540 limit the contract price (or fee) for architect-engineer services for the preparation of designs, plans, drawings, and specifications to six percent of the project's estimated construction cost.

(b) The six percent limit also applies to contract modifications, including modifications involving—

(1) Work not initially included in the contract. Apply the six percent limit to the revised total estimated construction cost.

(2) *Redesign*. Apply the six percent limit as follows—

(i) Add the estimated construction cost of the redesign features to the original estimated construction cost;

(ii) Add the contract cost for the original design to the contract cost for redesign; and

(iii) Divide the total contract design cost by the total estimated construction cost. The resulting percentage may not exceed the six percent statutory limitation.

(c) The six percent limit applies only to that portion of the contract (or modification) price attributable to the preparation of designs, plans, drawings, and specifications. If a contract or modification also includes other services, the part of the price attributable to the other services is not subject to the six percent limit.

Such losses are typically a product of normal process variation. The Contractor shall ensure that its property management system provides adequate management control measures, e.g., statistical process controls, as a means of managing such variation.

(3) The Contractor shall report losses of Government property outside normal process variation, e.g., losses due to—
