

Letter of Agreement For I³ - INVESTIGATE! INVENT! INNOVATE!

The Learning Partnership will:

- Provide the Professional Development and on-going support through TLP Program Manager to participating teachers.
- Provide the cost of teacher coverage for a full day workshop or provide access to online eLearning modules.
- Provide transportation to and from the Spring Invention Convention where these are held.
- If location and numbers prevent a central Invention Conventions provide support through posters, invitations and ribbons for in-school only Invention Conventions.
- Provide the Teacher Guide, Curriculum Match (where available), Student Manual, Worksheets and Career Development Guide to all teachers through a password protected online site.
- Develop and administer a project evaluation.
- Visit schools where numbers and location permit to do an introductory presentation to students and teachers.

Each participating school will:

- Encourage teachers and students to participate.
- Allow for the release and coverage of teachers attending the Professional Development Workshop on (date specified). Cost of the teacher coverage for the workshop will be responsibility of TLP.
- Organize an in-school Invention Convention and provide for the release of teachers and students for the central Invention Convention on Thur. April 23, 2015 where this is planned.

Each Lead Teacher will:

- Accompany a representative group of students to the Invention Convention on Thursday, April 23, 2015.
- Implement the program.
- Involve local mentors and Guest Experts, including EIR (Engineers in Residence) and online links to video and conferencing whenever possible.
- Ensure photo consent forms are signed by parents of all students.
- Communicate with parents, Principals, Superintendents and Trustees and invite them to the Invention Convention.
- Provide feedback on the program for continued improvement by completing the online Feedback Survey (student and teacher).

The undersigned, hereby, agree to the terms and conditions stated above for the ***I³ Investigate! Invent! Innovate! Program 2014/2015.***
