All applicants are to answer the following questions or provide an explanation as to why the items are not applicable to their proposed project. Provide as much information as you can to ensure the evaluators have a full understanding of the project.

3. PROJECT DESCRIPTION*

Describe the proposed project and its objectives; include material to be used, description and dimensions of project area.

Explain why there is a need for the project and its current status.

Describe the number of people served by the project and the approximate geographic area of Missouri that will benefit from the project.

4. MATERIAL SUMMARY, 4a. MATERIAL TYPE, 4b. MATERIAL CONTAINMENT/SUPPORT, 4c. MATERIAL COMMITMENT
(See PUB2426 - Non-playground Scrap Tire Material Grant Application Instructions, page 3)*

Indicate the percentage of Missouri scrap tires used in a department-approved scrap tire material vendor's product and attach written documentation from them certifying the percentage.

Indicate the type of material to be used in your project (tiles/mats/pour-in-place, loose, or molded product(s)).

Describe the base material for tiles/mats/pour-in-place material or depth of material and containment method for loose material to be used in your project.

Indicate number of quotes, certification statements, contracts, purchase orders, etc. received from department-approved scrap tire material vendors.

5. MEDIA EXPOSURE*

Provide a plan to seek media exposure for this project.

Indicate the types of mediums you intend to use for media/public exposure of project.

6. RECYCLING EDUCATION*

Provide a plan to use the project as part of a recycling program to teach students or children the benefits of recycling.

7. COOPERATIVE EFFORTS WITH YOUR REGIONAL SOLID WASTE MANAGEMENT DISTRICT (SWMD)

Provide information regarding any other funding received from your regional SWMD for this project.

Indicate if your regional SWMD has committed to involvement with the project through presentations/event attendance (provide SWMD commitment documentation).

Indicate if your regional SWMD has only provided an endorsement letter in support of your project.

Indicate if your regional SWMD has no intention of being involved with or provide endorsement of your project.

8. SCOPE OF WORK/TIMELINE*

Identify project tasks by number and describe each task and length of time to accomplish the task. Project tasks are the actions taken to achieve specified project objectives. Identify which personnel responsible for each task. Indicate tasks on time line graph below:

8a. TIMELINE GRAPH (You may use the example provided below or create your own timeline, provided it supplies the required information.)

The Scope of Work tasks must be the items on the vertical axis of the timeline graph.
Quarterly progress reports are mandatory if receiving a grant and shall be submitted after the **third, sixth, ninth and twelfth** month of the project period. The project period will be stated on the Financial Assistance Agreement of the grant. Due to the variable nature of the financial assistance negotiation process, it is not possible to predict the project start date. For this reason, the months on the timeline are referred to as numbers 1-13, not as January, February, etc. Additional task spaces can be added, if needed.

9. BUDGET

Complete the budget summary below showing the total cost of the proposed **non-playground** scrap tire surface material/molded product project. **Grant funds are eligible for scrap tire material/molded product(s), installation (by vendor) and delivery costs only.** Consulting/engineering fees, site preparation/labor, material containment/support, etc. are costs **NOT eligible** for grant fund reimbursement and should not be included in the budget summary.

Grant recipients requesting mats/tiles or pour-in-place material will be eligible for a grant award up to \$50,000 while those requesting loose material/molded product(s) will be eligible for a grant award up to \$25,000. Preference will be given to applicants requesting mats/tiles or pour-in-place scrap tire material.

Note: The budget summary will be used as the basis for the grant agreement and reflects the maximum amount for which the recipient may be eligible for reimbursement. If an applicant receives a grant award based upon additional scoring of points due to the recipient's intent to purchase additional scrap tire surface material, the recipient will only be eligible to receive reimbursement based on the percentage of the actual project cost.

9a. SUPPORTING DOCUMENTS

Preliminary Project Design*

Provide a diagram of the area where the scrap tire surface material/molded product will be used. Include dimensions of the area and type of scrap tire surface material or molded product(s) to be utilized. Loose material **MUST BE** at a depth to ensure fall safety, wire free and properly contained. Mats/tiles and pour-in-place material **MUST BE** placed on asphalt or concrete. Provide detailed information on the containment material (loose) or support material (mats, tiles, pour-in-place) to be used. All scrap tire material projects must conform to the manufacturer's specifications.

APPLICATION CHECKLIST

Before submitting your application, please complete this checklist. Only if the applicant can answer "Yes" to all questions on this form should the application be submitted. **Evidence substantiating each "Yes" answer in the checklist must be included in the application and be referenced on the checklist.**
