## About Us

The **RONALD McDONALD HOUSE OF LONG ISLAND (RMH-LI)** provides families with a home-away-from-home during their child's treatment for a serious illness or injury at area hospitals. Since 1986, the House has served over 20,000 families from around the world. Your generosity allows us to serve families during a most difficult time. Even though there is no place like home, your support helps to provide the next best thing to families during a very critical time. Your gift ensures that seriously ill children will have the most important remedy at their fingertips — their family. This has been our mission for nearly 30 years. Caring friends like you have helped turn our House into a Home.
