## INSTRUCTIONS FOR THE DPAS DD FORM 2875

The following instructions have been modified. The original standard instructions for filling out the DD 2875 are in non-bold type. **All instructions specifically for DPAS Users are in bold.** Each user will be required to complete/provide:

DPAS user access forms are located at <http://dpassupport.golearnportal.org/>. As of May 14, 2012, all user access forms must be digitally signed by all parties and are required to be the original PDF documents found on the DPAS Support website. Exceptions to this rule will be made on a case-by-case basis. If an exception is made, a faxed or scanned copy may be permitted. Hard copies sent through the mail will only be accepted as a last resort. If an exception is made, please know nothing can be scratched out and there cannot be any markings that could be interpreted as an alteration of the original form or its contents.

**IMPORTANT:** This form contains Personally Identifiable Information (PII) with a low confidentiality impact level. In order to properly protect the information, this form must be encrypted if being sent via email.
