## Pastor Steve

Greetings to the Saints!

Good things are happening in your local church! The following are signs of new life and the adventure of faith during Lent:

a. February 8<sup>th</sup> we launched the first ROCK N PRAISE DINNER with 61 out on a Friday night. Please pray for the next one on March 8<sup>th</sup> at 6 pm. Come and enjoy praise and a meal. RSVP so we can prepare the right amount of food. You will enjoy John Henderson and this eclectic band.

b. Last week we launched with 35 people the LENTEN LIFE LESSONS dinner. Please come! We are hoping this will grow as the three studies grow: 1. Brahm's Requiem—led by Doug Sperry 2. Couple Care—led by Rev. Steve 3. Gospel of John, led by Ruby Piety. Get your reservation in! Don't miss out!

c. WORDS FROM THE CROSS—Every Sunday we are listening to the words of Jesus Christ from the Cross as preparation for Easter and the New Life! Are you ready to roll with the

Resurrected Christ! Are you ready to rely on Him and Him alone?

d. Every fourth Sunday has been designated by the Worship Team as "Friend Sunday." We will be expecting you to bring your friends to enjoy the fantastic worship of UM Temple!

Your pastor has a special gift for you, but it can only be given with a special conversation. It is hoped that this gift will help the whole church get on board with our MISSION/VISION, and get excited about our only mission: to make disciples of Jesus Christ for the transformation of the world. Invite me to your home, or to have a cup of coffee somewhere, or let me buy you coffee, and we will give you this special gift, provided from outside the budget. God is awesome!

Coming up soon! On March 28<sup>th</sup> at 6:00 pm, we will be hosting our **DINNER WITH JESUS** as our special Maundy Thursday celebration.

We are challenging every member to RSVP so that we can celebrate a meal with Jesus as Lord in the tradition of the Ceder Meal.

Right now we have a small group of young men who are excited about God as revealed in Jesus Christ. Please pray for this group that meets on Tuesdays at 5:30 pm. We will be discussing the wild Messiah Jesus, who shows us the wild unstoppable love of God.

In Christ,

Steve

PS: Please see the article about 574 new congregations started all across the world through our tithes and mission giving. God is still ALIVE and reaching out throughout the world!

For more information, contact the unit treasurer, Jill Kuckewich.**

If you are like me, that first day of Spring can't come soon enough. It's time to get back out in the garden! Our gardening efforts last year enabled the Temple Garden to be listed as a "Bicentennial Green-Legacy Garden" of Sustainable Indiana 2016, which is an initiative of Earth Charter Indiana.

A major objective of ECI is to achieve measurable progress toward sustainability by Indiana's Bicentennial year 2016. You can find our name and activities listed on their website "[SustainableIndiana2016.org](http://SustainableIndiana2016.org)", along with the efforts of other communities to make Indiana more sustainable.

### Planning for Spring

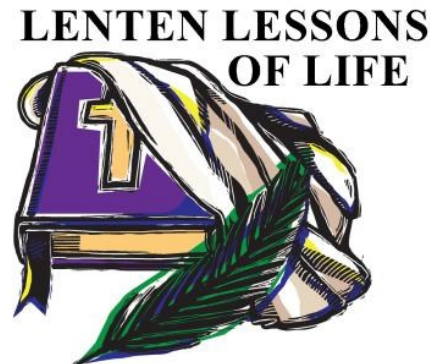

Our plan this year is to expand the garden even more, and continue providing fresh vegetables to those in the community with the greatest needs. By increasing our garden space, our need for more garden helpers also increases. Whether you are an experienced gardener or a novice with a desire to learn, your help is greatly appreciated. If you would like to help a little or a lot this year, please contact Phil Small, or just leave a note at the church office. Depending on the interest level, we may try to set an on-going workday each week to help maintain the garden. Ideas for improved production or distribution are also welcome. Let's continue to make the Temple Garden a major outreach activity of United Methodist Temple!

—Phil Small

## **Lenten Lessons of Life**

Beginning Sunday, February 17, and continuing each Sunday through March 24, the United Methodist Temple will be renewing old traditions with its Lenten Lessons of Life series. We will begin at 5:30 with a light supper and fellowship, sponsored by the youth of our church. Free -will offerings will be collected to help support the adoption costs faced by Patti Rentschler and Kate O'Meara, Gene and Bonnie Finley's daughter.

At 6:15, we will begin a period of study and reflection ending at 7:30. Four course options will be offered:

1. ***Study of Gospel of John (Ruby Piety)***

Join us for a six-week study of the gospel of John, the gospel of LIGHT and LIFE. See and hear for yourself the miracles and words of Jesus, the LIGHT of the world. Learn more about how he brings NEW LIFE to those who believe in Him and follow in His footsteps.

2. ***COUPLE CARE (Rev. Dr. Steve Cain)***

These classes are for couples in any stage of relationship, especially marriage and engagement, and will teach practical proven tools for mutuality in marriage. In each session couples will learn a tool, and practical application of a Biblical principle. There is no forced sharing, total confidentiality, and fun, as couples share these tools and concepts. Singles are welcome to attend, but need a significant friend or family member with whom they can practice these tools.

*"The class re-affirmed and strengthened our relationship and brought us closer. We learned how to solve conflict without fighting." Lisa N., Granite Falls, MN*

3. ***Sowing Tears, Reaping Joy: The Bible and Brahms's Requiem by Carol M. Bechtel (Douglas Sperry)***

This Kerygma study "is an exploration of what the Bible itself has to say about grief and hope in a Christian context." The *German Requiem* of Brahms stands alone in a historical and musical sense in its use of Old and New Testament texts to focus on the universal experience of grief and loss. Departing from the traditional forms and texts of the Roman Catholic mass for the dead, Brahms intended to emphasize the universal experiences of all peoples as they confront notions of suffering and death. In that manner, the *German Requiem* gives each of us a chance to contemplate the pathway Jesus chose to the cross and its ultimate destiny, the promise of life everlasting.

4. ***Youth Servanthood (Tante Robinson)***

In addition to invaluable service helping with the light suppers and cleanup, the youth will prepare for the Good Friday service.

Please respond to Douglas Sperry with your plans for attending. We would like to get as accurate of a count as possible for the light suppers so that we prepare the correct amount of food. You may respond by email ([douglassperry@hotmail.com](mailto:douglassperry@hotmail.com)), or by placing a note in his mailbox.

## IN MISSION TOGETHER: 574 NEW CHURCH STARTS THROUGH THE ADVANCE

Since 2008, The United Methodist Church has started 574 worshipping communities in Southeast Asia, Eurasia, Africa and Latin America. That number far exceeds the original goal of 400 church plants for the 2009-12 quadrennium, announced Thomas Kemper, general secretary of the denomination's [General Board of Global Ministries](#). The worshipping communities reported within the mission initiatives of Global Ministries are located in Belarus, Cambodia, Cameroon, Honduras, Kazakhstan, Kyrgyzstan, Laos, Latvia, Lithuania, Malawi, Moldova, Mongolia, Nepal, Russia, Senegal, Thailand, Ukraine, Uzbekistan and Vietnam. Each country connects to a network facilitated by a partnership coordinator through the [In Mission Together](#) program.

The agency set up The 400 Fund as part of [The Advance](#), United Methodism's designated-giving channel, to support these initiatives, primarily through pastoral and lay education and provision of worship space. Global Ministries' support will decrease as each mission initiative becomes self-sustaining. Eventually, some will become their own annual conferences. "Many of these faith communities do not meet in buildings, but they are churches nonetheless," Kemper said. "They reflect the culture and traditions of the area and celebrate the deep faith and transformational ministries of these new disciples of Christ."

That is what happened to Global Ministries oldest mission initiative — Russia. Established as a mission initiative in the early 1990s, Russia today includes more than 100 United Methodist congregations served by indigenous pastors, has established a theological seminary and has formed annual conferences. "These congregations were planted in countries that do not have the resources for 'brick-and-mortar churches,' as in the United States," said the Rev. Patrick L. Friday, director of the In Mission Together partnership program. "Depending on the context, worshipping communities are defined as churches, congregations, cells, sections, classes, small groups, preaching points and house churches."

In many mission initiative areas, church growth more closely resembles the earliest incarnation of the Methodist movement. For example, in Malawi, many new communities of faith meet at preaching points in outdoor location open to all. There, said George Howard, associate general secretary of Global Ministries, ministry is "not about starting a church; it's about sharing the gospel. In sharing the gospel, in sharing what's happening in people's lives, the church has emerged. Church means communities of faith. They're not out to build a building; they're out to gather people together."

"Movements are characterized by lay mobilization, bi-vocational leadership and self-sufficiency," said Friday. "They are not institutions; they engage people where they are in small groups. In this way, the Methodist movement has continued around the world. If you want to catch a glimpse of the movement, you need to partner with some of these places, like Vietnam or Malawi. As you partner with them, think about what you can learn from them."

"The most successful church starts," he continued, "have been where indigenous leadership took responsibility for their own churches and where partners supported that leadership in meeting the ministry goals developed locally for their congregations and communities." The mission initiatives have evolved, much like a faith journey, said Howard, as missionaries, local leaders and agency staff review what has worked well, determine whether similar practices can be adapted in different missions and adjust goals to reflect the needs and nature of the local community.

"We very much believe in asset-based development," Howard said. "What are the resources that are already there to build on and to sustain ministry? How do you recognize the gifts that God has already given us and not set up a system that is 100 percent dependent on someone from outside providing all the resources? "The power in the gospel has to do with transforming individual lives, healing individuals," he said. "As you heal individuals, you begin to heal communities. Transformation has to do with bringing health and wholeness to individuals and communities."

For Nuessle, church planting is part of what it means to follow God around the world. "Our mission is to see where God is already active, and that's very evident in our mission initiatives," he said. "Mission is not just about starting new congregations, though it's an essential aspect. We have four program goals: to make disciples for Jesus Christ, to support and create Christian community, to alleviate human suffering, and to work for justice, peace and freedom for all persons."

The most significant growth is in Southeast Asia. In Vietnam, 192 new churches were started. In Cambodia, 19 churches were planted; Nepal, nine; Laos, six; Mongolia, five; Thailand, one. In addition, 79 new cell groups were formed in Vietnam, 26 in Laos, seven in Thailand and two in Mongolia.

In Malawi, which reports 65 new congregations and 81 new sections, worship communities evolved from class meetings at preaching points across the country. The Honduras Mission Initiative saw the opening of seven new churches and 53 small groups. Eurasia, Central Asia and the Baltics report 11 new faith communities. In Senegal, primarily a Muslim nation, church growth has been slower with three new congregations and five cell groups. Three new churches were formed in Cameroon. Even as the growth of the past quadrennium is celebrated, new communities of faith are planted. Through a partnership with Global Ministries' 400 Fund, Malawi trained a group of dedicated lay evangelists who deployed in January 2013. Their goal is to establish six new self-sustaining circuits of 10 churches, each totaling 60 new worshipping communities by the end of the next quadrennium.

"It's extremely exciting and powerful to be aware of what God is doing all around the world," said Kemper. "This is really God's mission, and we are privileged and blessed to be a partner. It's God who is acting around the world."
