Will the bride and groom be allowed to see each other before the ceremony for photos? YES NO

Often there are special photography guidelines from the church/wedding venue. (For example, many Catholic churches do not allow the use of a flash or photos of certain rituals.) This is an extremely important question. PLEASE do not assume the answer to this question. Most couples assume there are no restrictions when there actually are. The best person to ask is the actual person who will be performing your ceremony. It is important to know them ahead of time so I can discuss how they might affect your pictures. Are there restrictions? If so, what are they?
