**Partnership Agreement
between
Dodge City Community College
and the
College of Technology and Aviation at Kansas State University at Salina**

February 16, 2011

Dodge City Community College (DCCC) and the College of Technology and Aviation at Kansas State University at Salina (K-State at Salina) agree to provide the courses listed on the attached curriculum guide as a joint two-plus-two distance education partnership that will enable students to meet the requirements for the Associate of Applied Science degree in Ag Food Chain Security at DCCC and the Bachelor of Science degree in Technology Management at K-State at Salina. It is also agreed that the courses required for the Associate of Applied Science degree in Ag Food Chain Security at DCCC will be accepted by K-State at Salina as meeting the requirements for up to sixty-two (62) hours of the Bachelor of Science in Technology Management degree at K-State at Salina, as shown in the attached curriculum guide.

DCCC and K-State at Salina agree to provide student support services including admissions, academic advising, library access, technical support, and other services as needed and appropriate. The staffs at both institutions will coordinate their student services to assure a smooth transition from one institution to the other.
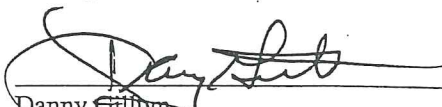

DCCC and K-State at Salina will continue to review the course offerings on the attached curriculum guide and will collaboratively make any revisions. Any revisions or changes will continue to apply toward degree completion for the programs in this agreement. DCCC and K-State at Salina will assure that all students who begin this program will be able to complete the program within a reasonable period of time.

DCCC and K-State at Salina agree that all students who successfully complete the requirements for the courses listed in the attached curriculum guide, and who have met other institutional requirements for the degrees, will be granted the specified degrees.
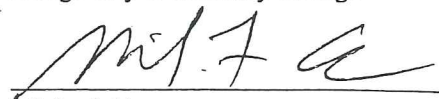

The Division of Continuing Education (DCE) at K-State and DCCC will mutually promote and market the program, especially to students who need access to distance education programs.

This agreement is subject to annual review by DCCC and K-State at Salina. Either party may discontinue this agreement by giving the other party notice to that effect twelve months in advance of its plans to discontinue. However, all students in the program will be allowed to complete it within a reasonable period of time.

This agreement is entered into on this 16th of February, 2011 by:

Your Degree Option

K-State offers a Bachelor of Science degree in Technology Management through distance education. This degree completion program is designed for students who have completed the A.A.S. degree in Ag Food Chain Security program at Dodge City Community College. The Technology Management degree provides a solid understanding of the fundamental areas in management: finance, accounting, business, and marketing. The curriculum is designed to prepare the student for the diverse environment of the business world as it relates to ag food chain security. By combining a technical area of concentration with advanced business studies, you can be a professional who has the practical and leadership skills to move forward in your career.

Your Career

The need for professionals trained in food supply protection is strong in today's world. By coupling this degree with Technology Management, graduates can use their management and business skills to help further their careers in supervisory and management positions. Choose to enter any of the following fields: production agriculture, agribusiness, food science, law enforcement, criminal investigation, government service, including USDA, APHIS, FSIS, or AMS, veterinary science, and food/agriculture defense. Graduates will understand how to hire and supervise employees, train new employees, train new supervisors and managers, plan budgets, and manage inventory.

Get Started

The degree map on the reverse page will show you a listing of classes you need to take from Dodge City Community College and K-State to complete the Ag Food Chain Security and Technology Management 2+2. This degree map has been reviewed and accepted by both schools as an illustration, which is subject to change. Many other combinations of courses may be possible, so students should contact a K-State representative or their community college advisor before committing to a particular transfer program.

To get started, contact the K-State 2+2 representative by calling 620-786-1188 or e-mail jdunn@k-state.edu.

To learn more about the Technology Management Distance Education Program:

> Dr. Don Von Bergen
> 2310 Centennial Road, Salina, KS 67401
> Phone: 785-826-2696
> E-mail: dvb@sal.ksu.edu
> Website: www.dce.k-state.edu/courses/bachelorsdegree

To apply to K-State fill out the application, pay the application fee, and have all of your previous transcripts sent to the K-State office of Admissions. More details about this process can be found at: www.dce.k-state.edu/technology/management/getting-started

Note: Kansas Board of Regents requirements have been incorporated into this degree plan, including the following rules governing bachelor's degrees:
  a. A bachelor's degree must include at least 120 credit hours;
  b. It must have at least 60 credit hours earned from an institution where the majority of degrees granted are at the bachelor's degree level or higher;
  c. It must include at least 45 credit hours at the junior level (numbered 300) or higher;
  d. Each student must successfully complete credit-bearing courses/experiences to cover all of the K-State 8 areas.

Kansas State University will accept up to one-half of the required credit hours from the community college toward the bachelor's degree.
