The Financial Planning Foundation is committed to developing financial planning research for the benefit of all Canadians.

The Financial Planning Foundation is a charitable foundation whose mission is to fund, develop and disseminate research into financial planning practices in Canada. The Foundation is supported by members of industry, educators, and individuals working in the financial planning industry.

FPSC is dedicated to help the Foundation fund its mandate by offering the CFP professional community the opportunity to make a donation during the CFP certification renewal period.

The Financial Planning Foundation's Funding Priorities:

- Technical research that examines best practices in financial planning decision-making,
- Behavioural research that examines the impact of human behaviour on effective financial planning;
- Societal research that examines the benefits of financial planning on society as a whole.

The Foundation recently launched the Founders Club – a premium club for individuals who are passionate about supporting the development of financial planning research. For as little as \$33.00 a month, Founders Club members are granted exclusive access to events, marketing opportunities and more.

To find out more about Founders Club status, simply select the box that says: "Yes, I would like to know more about becoming a Founders Club Member". I'll be in touch with you to discuss your giving options.

For those of you, who are already supporting the Foundation, thank you. This is truly an exciting time to be a CFP professional and our research will work to strengthen your ability to meet your client's unique needs.

Thank you for investing in this important work.
