

Academic Report

Clifton Martial Arts Academy holds academic achievement in very high regard. Besides teaching how to defend one self, we help develop mental health, self-discipline, and self-esteem. One of the ways we reinforce the direct correlation between martial arts and academic success is by giving out these brief reports to school teachers and ask for feedback on the students.

The system we have awards stars to proudly display on the belt of the students' uniforms. 3 stars are given for exceptional effort/grades, 2 stars for Above Average effort/grades, and one star for each student who tries hard, but with room for improvement.

Please fill out the bottom of this form and check which category the student falls into. The **Clifton Martial Arts Academy** thanks you greatly for your participation.

Student's Name: _____

Parents Signature: _____

For Teacher Only

School Name: _____

Grade Level: ____

Teacher's Name: _____

Teacher's Signature: _____

Date: _____

Teacher's Phone # _____

Please mark the one that best applies to the student's overall performance.
