2009 California Required Notice Posters

Today more than ever, California businesses face increasing demands to comply with labor laws.

You must post a compliant Employment Poster in a conspicuous place in the workplace where all employees and applicants can see this and other information. The poster must also include information about your workers' comp benefits, pay schedule and emergency contacts.

You may need to order several to ensure that your business, branches, and satellite offices are displaying the poster according to the law.

And remember, if any of your company's workers are Spanish-speaking, you may need to order the Spanish version (Labor Code 3550).

As a Glendora Chamber member, you have the opportunity to order your Required Notice Poster at a discounted rate.
