The following information highlights certain form completion instructions. Comprehensive ADA Dental Claim Form completion instructions are printed in the CDT manual. Any updates to these instructions will be posted on the ADA's web site (ADA.org).

GENERAL INSTRUCTIONS

- A. The form is designed so that the name and address (Item 3) of the third-party payer receiving the claim (insurance company/dental benefit plan) is visible in a standard #9 window envelope (window to the left). Please fold the form using the 'tick-marks' printed in the margin.
- B. Complete all items unless noted otherwise on the form or in the CDT manual's instructions.
- C. Enter the full name of an individual or a full business name, address and zip code when a name and address field is required.
- D. All dates must include the four-digit year.
- E. If the number of procedures reported exceeds the number of lines available on one claim form, list the remaining procedures on a separate, fully completed claim form.

COORDINATION OF BENEFITS (COB)

When a claim is being submitted to the secondary payer, complete the entire form and attach the primary payer's Explanation of Benefits (EOB) showing the amount paid by the primary payer. You may also note the primary carrier paid amount in the "Remarks" field (Item 35). There are additional detailed completion instructions in the CDT manual.

DIAGNOSIS CODING

The form supports reporting up to four diagnosis codes per dental procedure. This information is required when the diagnosis may affect claim adjudication when specific dental procedures may minimize the risks associated with the connection between the patient's oral and systemic health conditions. Diagnosis codes are linked to procedures using the following fields:

- Item 29a – Diagnosis Code Pointer ("A" through "D" as applicable from Item 34a)
- Item 34 – Diagnosis Code List Qualifier (B for ICD-9-CM; AB for ICD-10-CM)
- Item 34a – Diagnosis Code(s) / A, B, C, D (up to four, with the primary adjacent to the letter "A")

PLACE OF TREATMENT

Enter the 2-digit Place of Service Code for Professional Claims, a HIPAA standard maintained by the Centers for Medicare and Medicaid Services. Frequently used codes are:

11 = Office; 12 = Home; 21 = Inpatient Hospital; 22 = Outpatient Hospital; 31 = Skilled Nursing Facility; 32 = Nursing Facility

The full list is available online at "www.cms.gov/PhysicianFeeSched/Downloads/Website_POS_database.pdf"

NOTE: Items 24 through 31, following, apply to each of the 10 available lines on the claim form for reporting dental procedures provided to the patient. **The remaining items in this section of the form (33-35) do not repeat.**

24. Procedure Date (MM/DD/CCYY): Enter procedure date for actual services performed or leave blank if the claim is for preauthorization/predetermination. The date, if included, must have two digits for the month, two for the day, and four for the year.

The presence or absence of a Procedure Date should be consistent with the type of transaction(s) marked in Item #1 (e.g., actual services; predetermination / preauthorization).

25. Area of Oral Cavity: **Use of this field is conditional.** Always report the area of the oral cavity when the procedure reported in Item #29 (Procedure Code) refers to a quadrant or arch and the area of the oral cavity is not uniquely defined by the procedure's nomenclature. For example:

- Report the applicable area of the oral cavity when the procedure code nomenclature includes a general reference to an arch or quadrant, such as **D4263 bone replacement graft – first site in quadrant**
- Do not report the applicable area of the oral cavity when the procedure either: 1) incorporates a specific area of the oral cavity in its nomenclature, such as **D5110 complete denture – maxillary**; or 2) does not relate to any portion of the oral cavity, such as **D9220 deep sedation/general anesthesia – first 30 minutes**.

ADA Dental Claim Form (2012 © American Dental Association) Completion Instructions

Area of the oral cavity is designated by a two-digit code, selected from the following code list:

Code	Area
00	entire oral cavity
01	maxillary arch
02	mandibular arch
10	upper right quadrant
20	upper left quadrant
30	lower left quadrant
40	lower right quadrant

26. **Tooth System:** Enter "JP" when designating teeth using the ADA's Universal/National Tooth Designation System (1-32 for permanent dentition and A-T for primary dentition). Enter "JO" when using the International Standards Organization System. Additional information regarding the tooth numbering systems can be found in Sections 3 (Tooth Numbering) and 6 (Glossary) of this manual.
27. **Tooth Number(s) or Letter(s):** Enter the appropriate tooth number or letter when the procedure directly involves a tooth or range of teeth. Otherwise, leave blank.

If the same procedure is performed on more than a single tooth on the same date of service, report each procedure and tooth involved on separate lines on the claim form.

When a procedure involves a range of teeth, the range is reported in this field. This is done either with a hyphen "-" to separate the first and last tooth in the range (e.g., 1-4; 7-10; 22-27), or by the use of commas to separate individual tooth numbers or ranges (e.g., 1, 2, 4, 7-10; 3-5, 22-27).

Supernumerary teeth in the **permanent** dentition are identified in the ADA's Universal/National Tooth Designation System ("JP") by the numbers 51 through 82, beginning with the area of the upper right third molar, following around the upper arch and continuing on the lower arch to the area of the lower right third molar (for example, supernumerary number 51 is adjacent to the upper right molar number 1; supernumerary number 82 is adjacent to the lower right third molar number 32). This enumeration is illustrated in the following chart:

Upper Arch (commencing in the upper right quadrant and rotating counterclockwise)

Tooth #	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16
'Super' #	51	52	53	54	55	56	57	58	59	60	61	62	63	64	65	66

Lower Arch

Tooth #	32	31	30	29	28	27	26	25	24	23	22	21	20	19	18	17
'Super' #	82	81	80	79	78	77	76	75	74	73	72	71	70	69	68	67

ADA Dental Claim Form (2012 © American Dental Association) Completion Instructions

Supernumerary teeth in the **primary** dentition are identified by the placement of the letter "S" following the letter identifying the adjacent primary tooth (for example, supernumerary "AS" is adjacent to "A"; supernumerary "TS" is adjacent to "T"). This enumeration is illustrated in the following chart:

Upper Arch (commencing in the upper right quadrant and rotating counterclockwise)

Tooth #	A	B	C	D	E	F	G	H	I	J
'Super' #	AS	BS	CS	DS	ES	FS	GS	HS	IS	JS

Lower Arch

Tooth #	T	S	R	Q	P	O	N	M	L	K
Super #	TS	SS	RS	QS	PS	OS	NS	MS	LS	KS

28. **Tooth Surface:** This Item is necessary when the procedure performed by tooth involves one or more tooth surfaces. Otherwise leave blank. The following single letter codes are used to identify surfaces:

Surface	Code
Buccal	B
Distal	D
Facial (or labial)	F
Incisal	I
Lingual	L
Mesial	M
Occlusal	O

Do not leave any spaces between surface designations in multiple surface restorations (e.g., MOD).

29. **Procedure Code:** Enter the appropriate procedure code found in the version of the *Code on Dental Procedures and Nomenclature* in effect on the "Procedure Date" (Item #24).

29a. **Diagnosis Code Pointer:** Enter the letter(s) from Item 34 that identify the diagnosis code(s) applicable to the dental procedure. List the primary diagnosis pointer first.

29b. **Quantity:** Enter the number of times (01-99) the procedure identified in Item 29 is delivered to the patient on the date of service shown in Item 24. The default value is "01."

30. **Description:** Provide a brief description of the service provided (e.g., abbreviation of the procedure code's nomenclature).

31. **Fee:** Report the dentist's full fee for the procedure. Resolution 44-2009 Statement on Reporting Fees on Dental Claims adopted by the ADA House of Delegates, as follows, provides guidance on the appropriate entry for this item.

Statement on Reporting Fees on Dental Claims

1. A full fee is the fee for a service that is set by the dentist, which reflects the costs of providing the procedure and the value of the dentist's professional judgment.
2. A contractual relationship does not change the dentist's full fee.
3. It is always appropriate to report the full fee for each service reported to a third-party payer.

(Note: Item 31 above is the last of the repeating 'service line' items.)

31a Other Fee(s): When other charges applicable to dental services provided must be reported, enter the amount here. Charges may include state tax and other charges imposed by regulatory bodies.

32. **Total Fee:** The sum of all fees from lines in Item #31, plus any fee(s) entered in Item #31a.

33. **Missing Teeth Information:** Mark an "X" on the number of the missing tooth – for identifying missing permanent dentition only. Report missing teeth when pertinent to Periodontal, Prosthodontic (fixed and removable), or Implant Services procedures on a particular claim.

34. **Diagnosis Code List Qualifier:** Enter the appropriate code to identify the diagnosis code source:

B = ICD-9-CM AB = ICD-10-CM (as of October 1, 2013)

This information is required when the diagnosis may have an impact on the adjudication of the claim in cases where specific dental procedures may minimize the risks associated with the connection between the patient's oral and systemic health conditions.

34a **Diagnosis Code(s):** Enter up to four applicable diagnosis codes after each letter (A. – D.). The primary diagnosis code is entered adjacent to the letter "A."

This information is required when the diagnosis may have an impact on the adjudication of the claim in cases where specific dental procedures may minimize the risks associated with the connection between the patient's oral and systemic health conditions.

35. **Remarks:** This space may be used to convey additional information for a procedure code that requires a report, or for multiple supernumerary teeth. It can also be used to convey additional information you believe is necessary for the payer to process the claim (e.g., for a secondary claim, the amount the primary carrier paid).

Remarks should be concise and pertinent to the claim submission. Claimants should note that an entry in "Remarks" may prompt review by a person as part of claim adjudication, which may affect overall time required to process the claim.

For matters relating to communication of information and consent, the term includes the patient's parent, caretaker, guardian, or other individual as appropriate under state law and the circumstances of the case.

By signing (or "Signature on File" notice) in this location of the claim form, the patient or patient's representative has agreed that he/she has been informed of the treatment plan, the costs of treatment and the release of any information necessary to carry out payment activities related to the claim.

Claim forms prepared by the dentist's practice management software may insert "Signature on File" when applicable in this Item.

Depending on the business relationship of the practice and the treating dentist, the information provided in this section may not be the treating dentist. **If the patient is submitting the claim directly, do not complete Items 48-52A.**

BILLING DENTIST OR DENTAL ENTITY (Leave blank if dentist or dental entity is not submitting claim on behalf of the patient or insured/subscriber.)		
48. Name, Address, City, State, Zip Code

similar legally recognized entity. Unincorporated practices may enter the individual practitioners Type 1 NPI.

NOTE: The NPI is an identifier assigned by the Federal government to all providers considered to be HIPAA covered entities. Dentists who are not covered entities may elect to obtain an NPI at their discretion, or may be enumerated if required by a participating provider agreement with a third-party payer, or applicable state law/regulation.

An NPI is unique to an individual dentist or dental entity, and has no intrinsic meaning. There are two types of NPI available to dentists and dental practices:

Type 1 Individual Provider - All individual dentists are eligible to apply for Type 1 NPIs, regardless of whether they are covered by HIPAA.

Type 2 Organization Provider - A health care provider that is an organization, such as a group practice or corporation. Individual dentists who are incorporated may enumerate as Type 2 providers, in addition to being enumerated as a Type 1. All incorporated dental practices and group practices are eligible for enumeration as Type 2 providers.

On paper, there is no way to distinguish a type 1 from a type 2 in the absence of any associated data; they are identical in format. Additional information on NPI and enumeration can be obtained from the ADA's Internet Web Site:
<http://www.ada.org/goto/npi>.

50. **License Number:** If the billing dentist is an individual, enter the dentist's license number. If a billing entity (e.g., corporation) is submitting the claim, leave blank.
