Administered over 200 contracts with the majority being DOT contracts. Includes all phases from securing bonding and insurance, DBE fulfillments, labor contracts, project operations, change orders, project closeout, and settlement of issues. All aspects including interpretation of contract specs & plans for estimating, scheduling, allocation of labor, equip and material resources. Settlement of conflicts, issues & claims with the owners, subs, suppliers and labor unions. The contracts were with various public agencies in four western states (WA, OR, CA, & NV). Public agencies contracts were with a variety of Owners including WSDOT, ODOT, NDOT, CalTrans, Dept. of Energy, Counties, Cities, FHWA, ETC. Single contracts ranged in size to over \$50million in 1996.

5. Describe your construction field experience:

Atkinson Construction Co. - Started in the field as a Office /Field Engineer on a 2 mile long viaduct for Caltrans. Project Engineer on a large interchange in Oregon (17 bridges, 4 million cy of excavation, 8miles of concrete paving). Project Supt.on a CalTrans project (13 bridges, 1.5 million cy of excavation). All were jobsite field positions.

Mowat Construction Co. - Project Manager (1977-1983)- Estimated and managed 4-6 highway and building projects at a time. About 70% of each day my time was at the project site.

- Vice President (1983-1998)- About 50% of my time was solving /resolving field issues

6. Describe your DRB (or arbitration) training, certification, and experience:

Received certification for both the 2000 DRB Admin and Practice Workshop and the Chairing Workshop. Have been selected for 47 Alternative Resolution Processes.

-Disputes Review Panel (1) -operates as a DRB for Issues between Utility Contractors and Utility Locates

---Claims Review Board (1) - ODOT - Reviews Claims if they have not been settled during the Project

---Third Party Neutal (TPN) (4ea) - ODOT- One Person board to assist with timely resolution of issues that cannot be resolved by bilateral negotiations. The TPN is involved during the life of the project to prevent disharmony, disruption, and delay in the project

---DRB (42ea) - Nominations: Owner -(7), Contractor- (11), Jointly (16); Chairman for 18; - Currently serving on DRBs in Washington, Oregon, Idaho.

7. Describe your employment/retirement status and availability to serve on a DRB and geographical area:

Retired in 1998 and currently work parttime as a consultant.

- Pre-bid Value Engineering Studies for project owners
- Constructability studies during preliminary and final designs
- presenter for "Team Building" workshops for WSDOT
- DRB boards
- Pre-Bid Document reviews and Construction Estimates

Available to serve on CDOT boards. DRB boards always take precedence over any other activities I have.

DRB members are compensated as per Section 105.22 of the CDOT Specifications.

6. List Two References For Your Experience With Construction Claims
