There is a world of exciting possibilities out there. You simply have to grab hold of them. After all, you've got the world at your feet – your time is now!

So, take that first step to becoming the force that's going to shake up the world and get down to your nearest Standard Bank branch and apply for your student loan.

Let us take care of your major study expenses at a competitive interest rate.

With your student loan you will also receive a Standard Bank transaction account such as a current account with a debit card. Together we will choose the account that best suits your needs.

#### Who may apply?

For us to consider your loan application you need to be studying towards a certificate, a graduate or postgraduate degree or diploma at an accredited tertiary institution. If you are going into your first year, you need to have a matric certificate. You need to have passed your previous year of study, if you are going into your second or subsequent years.

#### What can I use the money from my student loan for?

Fees, books and accommodation. Loans for accommodation will only be granted to full-time students not living with their parents.

#### Will I get a preferential interest rate?

Yes, if you have an active transaction account at Standard Bank you qualify for preferential rates according to your qualification and your year of study.

#### When do I need to start repaying my student loan?

If you are a full-time student, you will need to start repaying the loan on completion of your studies. However, during your time of study, you will be required to pay the monthly interest. The interest may be debited to your or your surety's bank account.

Grace periods for capital repayments are granted to students who have to complete articles, internships or community service.

Part-time students are required to repay their loans while they are studying.

Monthly capital repayments must be paid by debit order.

You will need to start repaying your loan immediately, if you fail to complete your studies.

#### How long do I get to pay back my loan?

The loan repayments will be calculated as a factor and will be based on the amount borrowed. The factor used to calculate these repayments will be discussed with you at the time repayments commence.

Once the loan is in repayment mode the monthly repayments remain unchanged. If you are a part-time student the monthly repayment will change whenever you increase the limit on your loan while studying.

One or more of the following will affect the repayment period of the loan:

- Paying more than the minimum monthly instalment
- Fluctuations in the interest rate

#### How do I access my loan account?

The money will be paid into your Standard Bank transaction account or your student loan account from where you can transfer funds to your transaction account.

You may ask to have your student loan account linked to your AutoBank card.

This will allow you to transfer funds between your loan account and your transaction account using an AutoBank, or through Internet and telephone banking.

#### Do I need insurance cover for my loan?

It is recommended that a personal loan protection plan be taken to repay any outstanding debt on the loan in the case of death, dread disease or disability.

#### What else do I need to know?

We would like to know how you are progressing with your studies and would therefore like to see your marks and proof of your qualifications by 31 March every year or within three months of completing your current academic year of study. This will enable you to take full advantage of any preferential interest rates that you are entitled to.

Student loans are granted for a specific year of study and you will have to re-apply for each year of registration.

#### How do I apply for a student loan?

Firstly you need to fill in a student loan application form and take it to any Standard Bank branch or student bureau.

If you are a full-time student or a minor you will need to have someone who is acceptable to the bank to sign as surety.

If you are a minor your parent or guardian will need to co-sign the loan. Your guardian will need to provide us with a copy of their identity document.

In addition to the application form you and your surety will need to provide us with the following:

|  | Full-time student | Surety | Part-time student |
|--|-------------------|--------|-------------------|
| Identity document  | √                 | √      | √                 |
