

# Special Transfer Request

(Transfer between schools **within** the district **only**.)

School Year Requested: \_\_\_\_\_

Spokane Public Schools  
excellence for everyone

Please use a separate form for each student.

Spokane Public Schools accepts enrollment for all students living within its boundaries and offers each student the opportunity to attend the school designated for the address where the student resides, unless an overload situation requires that a student be transferred to another location with sufficient capacity. Residence is defined as the physical location of a student's principal abode where the student lives the majority of the time (WAC 392-137-115). A request for transfer must be initiated by the parent, guardian, or independent student who wishes to attend a Spokane Public School other than the residence-based school in accordance with School Board Policy and Procedure #3152. The administration will evaluate all such transfer requests and attempt to accommodate such requests within the following conditions:

- |  |                                |   |
|--|--------------------------------|---|
| 1. <b>Staffing constraints</b>                 | 3. <b>Fiscal uncertainties</b> | 5. <b>Other relevant considerations</b> |
| 2. <b>Enrollment capacity of each building</b> | 4. <b>Program availability</b> |   |

If the request is received by the deadline, **March 31<sup>st</sup>** for secondary students (middle and high school) and during or after **spring registration** for elementary students, the following process will be used to fill available spaces:

- A. Siblings of students already attending the requested schools will have first priority.
- B. Students with change in circumstance may be given preference based on longevity.
- C. The remaining students will be determined for transfer through a lottery selection to be held seven days prior to the notification date. The lottery selection will be made to establish an order for filling the remaining available slots, if any, at each school.
- D. Students meeting the above criteria will be notified in the order of their selection no later than **May 15<sup>th</sup> for Secondary** and by **June 1 for Elementary**.
- E. A waiting list will be maintained through September. Consideration beyond September will require re-application.

- Based on a student's discipline, academic performance, or attendance record, the special transfer process may include a performance agreement developed with the student, his/her parent or guardian and the receiving school. Terms of the performance agreement may include conditions relative to continuance of the placement. (Procedure 3152, Intra-District School Transfer Options, II, D.

Once a transfer has been granted, the student will be subject to the same conditions of continued enrollment as for resident students. A new transfer must be originated at each level change, i.e., elementary to middle school or middle to high school.

**IMPORTANT NOTE TO PARENTS:** Special transfer requests will be approved on a space available basis. For this reason, it is necessary for you to register your child at your neighborhood school to assure that he/she will have an assigned classroom in the fall.

**Athletic Eligibility** – After attending a Spokane high school, students changing enrollment to/from one high school to another within a multiple high school district shall be considered transferring students. To have full high school athletic eligibility a student must meet the WIAA residence requirement (18.9.0).
