

Australian Government

Department of Immigration and Multicultural Affairs

Change of address and/or passport details

Form
929

If you intend to change your residential address for more than 14 days while your application is being processed, you must tell the Department of Immigration and Multicultural Affairs (the department) your new address prior to moving, and how long you will be there.

You must advise the department of any changes to your passport details before and after a visa is granted to you. This includes details of any new passport you obtain to replace a passport that has expired or been lost/stolen/destroyed, and any additional passport of another nationality you hold. Where a new passport has been issued, a certified copy of this passport must be submitted with this form.

Please use this form to advise of any change of address and/or any change to your passport details, and return the completed form to the office where you lodged your application, or, if your visa has been granted, to your nearest immigration office.

Note: Questions 1–5 must be completed regardless of which (address and/or passport) or whose details are changing, as they contain essential information necessary to process the change of contact details and to ensure that you will receive all written communications about the application.

About the information you give in this form

The department is authorised to collect information provided on this form under Part 2 of the *Migration Act 1958* 'Control of Arrival and Presence of Non-Citizens'. The information provided will be used by the department for assessing your eligibility for a visa, and for processing your entry to and departure from Australia.

The information provided might also be disclosed to agencies who are authorised to receive information relating to adoption, border control, business skills, citizenship, education, health assessment, health insurance, health services, law enforcement, payment of pensions and benefits, taxation, review of decisions and registration of migration agents.

Questions 1–5 must be completed
