**General Information**

California has conformed to federal provisions of the Taxpayer Relief Act of 1997 repealing the throwback rules for certain domestic trusts. However, if the trust did not pay tax on the beneficiary's interest because the beneficiary was contingent, the income that would have been taxed is included by the beneficiary in the year it is distributable or distributed; see California Revenue and Taxation Code (R&TC) Section 17745(b).

**Purpose**

File Schedule J (541), Trust Allocation of an Accumulation Distribution, with Form 541, California Fiduciary Income Tax Return, to report an accumulation distribution by domestic complex trusts and certain foreign trusts.

**Access by Internet**

You can download, view, and print California tax forms and publications at [ftb.ca.gov](http://ftb.ca.gov).

**Specific Instructions**

**Part I**

**Accumulation Distribution in 2011**

Generally, the beneficiary may exclude amounts accumulated before the beneficiary becomes age 21. For multiple trusts exceptions, see Internal Revenue Code (IRC) Sections 665 and 667(c). The trustee reports the total amount of the accumulation distribution before any reduction for income accumulated before the beneficiary becomes age 21. The beneficiary claims the exclusion when filing form FTB 5870A, Tax on Accumulation Distribution of Trusts, if the multiple trust rules do not apply. This is because one trustee may be unaware that the beneficiary may be a beneficiary of other trusts with other trustees.

**Part II**

You must complete Part III before completing this part.

**Part IV**

**Allocation to Beneficiary**

Complete Part IV for each beneficiary. If the accumulation distribution is allocated to more than one beneficiary, attach an additional copy of Schedule J with Part IV completed for each additional beneficiary. If more than four throwback years are involved, attach additional schedules.

**Nonresident Beneficiaries.** In the case of a nonresident beneficiary, enter on line 26 through line 29, column (a), only that ratio of income from California sources as the amount on Part II, line 13 bears to the amount on Part II, line 10. Enter on line 26 through line 29, column (b), only that ratio of the amount on Part II, line 14 as the amount in column (a) bears to the amount on Part II, line 13.

Attach separate schedules supporting allocation of income to sources within and outside California.

Under R&TC Section 17953, income from trusts deemed distributed to nonresident beneficiaries is income from sources within California only if derived out of trust income derived from sources within California. Generally, for purposes of R&TC Section 17953, the nonresident beneficiary shall be deemed to be the owner of intangible personal property from which the income of the trust is derived.

If the beneficiary is a nonresident individual or a foreign corporation, see IRC Section 667(e) about retaining the character of the amounts distributed to determine the amount of withholding tax.

The beneficiary may use form FTB 5870A to compute the tax on the distribution.
