**EMT Refresher Training NYS Standards Transition - 13 Hours – In Addition to the EMT-B 24 hours of Core Content**

The following required hours must contain the new educational components from the NYS Educational Standards. These CME hours are above and beyond CME hours under the previous NYS curriculum and have been documented on the old CME renewal forms. All certified providers must complete these transition CME hours for certification renewals starting on December 20, 2012 unless they are submitting the new CME forms for the new Standards. All providers must complete their renewal process, including these transition CME hours, by their next renewal date or June 30, 2014, whichever comes first. Please check our web site for additional information pertaining to the transition to the National Educational Standards.
