Goodwill spends 90¢ of every dollar on programs & services for local job seekers.

When you donate to Goodwill, your stuff gets a second chance in another person's life instead of laying in a landfill.

High quality & unique items sell in our thrift stores & online at mokangoodwill.org/shoponline.

Unsold items get one last chance at the Goodwill Outlet in Kansas City. Here, amazing deals are purchased by the pound.

What remains is recycled or salvaged. This gets the most value out of every donation – and keeps items out of landfills.

Your donation funds programs and services for local job seekers to get the skills and confidence they need to find competitive employment.

Employment is more than a paycheck. It's a resounding victory for the individual, for their family and for the community. **When jobs thrive, communities thrive.**
