FEDERAL AND MARYLAND STATE TAX WITHHOLDING REQUEST
 FOR PENSION ALLOWANCE

You must file one combined form covering both your Federal and State tax withholding elections. This form revokes all prior Federal and State tax withholding elections. For example, if you previously requested Federal and State tax withholdings and now submit a new request indicating only State tax, the SRA shall delete your prior Federal tax withholdings.

PART I – FEDERAL TAX WITHHOLDING CERTIFICATE

If you want federal income tax to be withheld, you must designate the number of withholding allowances on line 2 of Form W-4P. Under current federal law, you cannot only designate a specific dollar amount to be withheld. However, you can designate an additional amount to be withheld on line 3 below. If you do not want any federal income tax withheld from your periodic payments, check the box on line 1 of Form W-4P. If you do not submit Form W-4P, the Agency must withhold periodic payments as if you are married claiming 3 exemptions.

Part I
FEDERAL INCOME TAX WITHHOLDING

The monthly retirement payments you receive from the Maryland State Retirement and Pension System may be subject to Federal income tax withholding. For further information, please refer to Internal Revenue Service Publication 575 regarding the taxability of pension and annuity income.

As a retiree, the following Federal income tax withholding alternatives are available to you:

1. You may elect not to have Federal income tax deducted from your monthly retirement payment, or
2. You may claim a certain number of exemptions and have the Maryland State Retirement and Pension System deduct the appropriate amount, if any, in accordance with the Federal income tax tables and you may designate an additional specific whole dollar amount to be withheld from your monthly retirement payment.

If you elect not to have Federal withholding apply to your monthly retirement payments, or if you do not have enough Federal income tax withheld, you may be responsible for payment of estimated tax. You may incur penalties under the Internal Revenue Service estimated tax rules if your withholding and estimated tax payment are not sufficient. New retirees, especially, should see IRS Publication 505.

Part II
MARYLAND STATE INCOME TAX WITHHOLDING

The monthly retirement payments you receive from the Maryland State Retirement and Pension System may be subject to Maryland income tax withholding.

1. You may elect not to have Maryland income tax deducted from your monthly retirement payment, or

If you elect not to have Maryland withholding apply to your monthly retirement payments, or if you do not have enough Maryland income tax withheld, you may be responsible for payment of estimated tax.

An election of any one of the alternatives will remain in effect until you revoke it. You may revoke or change your election at any time by filing a new Federal and Maryland State Tax Withholding Request.

When should I complete the form? Complete Form W-4P and give it to the payer as soon as possible. Get Pub. 919, How Do I Adjust My Tax Withholding, to see how the dollar amount you are having withheld compares to your projected total federal income tax for 2010. You may also use the Withholding Calculator on the IRS website at www.irs.gov/individuals for help in determining how many withholding allowances to claim on your Form W-4P.

Other income. If you have a large amount of income from other sources not subject to withholding (such as interest, dividends, or capital gains), consider making estimated tax payments using Form 1040-ES, Estimated Tax for Individuals. Call 1-800-TAX-FORM (1-800-829-3676) to get Form 1040-ES and Pub. 505, Tax Withholding and Estimated Tax. You can also get forms and publications from the IRS website at www.irs.gov.

Withholding From Pensions and Annuities

Generally, federal income tax withholding applies to the taxable part of payments made from pension, profit-sharing, stock bonus, annuity, and certain deferred compensation plans; from individual retirement arrangements (IRAs); and from commercial annuities. The method and rate of withholding depends on (a) the kind of payment you receive, (b) whether the payments are delivered outside the United States or its possessions, and (c) whether the recipient is a nonresident alien individual, a nonresident alien beneficiary, or a foreign estate. Qualified distributions from a Roth IRA are nontaxable and, therefore, not subject to withholding. See special withholding rules that apply to payments outside the United States and payments to foreign persons.

Because your tax situation may change from year to year, you may want to refigure your withholding each year. You can change the amount to be withheld by using lines 2 and 3 of Form W-4P.

Choosing not to have income tax withheld. You (or in the event of death, your beneficiary or estate) can choose not to have federal income tax withheld from your payments by using line 1 of Form W-4P. For an estate, the election to have no income tax withheld may be made by the executor or personal representative of the decedent. Enter the estate's EIN in the area reserved for "Your social security number" on Form W-4P. You may not make this choice for eligible rollover distributions

Caution. *There are penalties for not paying enough federal income tax during the year, either through withholding or estimated tax payments. New retirees, especially, should see Pub. 505. It explains your estimated tax requirements and describes penalties in detail. You may be able to avoid quarterly estimated tax payments by having enough tax withheld from your pension or annuity using Form W-4P.*

Periodic payments. Withholding from periodic payments of a pension or annuity is figured in the same manner as withholding from wages. Periodic payments are made in installments at regular intervals over a period of more than 1 year. They may be paid annually, quarterly, monthly, etc.

If you want federal income tax to be withheld, you must designate the number of withholding allowances on line 2 of Form W-4P and indicate your marital status by checking the appropriate box. Under current law, you cannot designate a specific dollar amount to be withheld. However, you can

designate an additional amount to be withheld on line 3. If you do not want any federal income tax withheld from your periodic payments, check the box on line 1 of Form W-4P and submit the form to your payer.

Caution. *If you do not submit Form W-4P to your payer, the payer must withhold on periodic payments as if you are married claiming three withholding allowances. Generally, this means that tax will be withheld if your pension or annuity is at least \$2,080 a month.*

If you submit a Form W-4P that does not contain your correct taxpayer identification number (TIN), the payer must withhold as if you are single claiming zero withholding allowances even if you choose not to have federal income tax withheld.

There are some kinds of periodic payments for which you cannot use Form W-4P because they are already defined as wages subject to federal income tax withholding. These payments include retirement pay for service in the U.S. Armed Forces and payments from certain nonqualified deferred compensation plans and deferred compensation plans of exempt organizations described in section 457. Your payer should be able to tell you whether Form W-4P applies.

For periodic payments, your Form W-4P stays in effect until you change or revoke it. Your payer must notify you each year of your right to choose not to have federal income tax withheld or to change your choice.

Changing Your "No Withholding" Choice

Periodic Payments. If you previously chose not to have federal income tax withheld and you now want withholding, complete another Form W-4P and submit it to your payer.

Payments to Foreign Persons and Payments Outside the United States

Unless you are a nonresident alien, withholding (in the manner described above) is required on any periodic or nonperiodic payments that are delivered to you outside the United States or its possessions. You cannot choose not to have federal income tax withheld on line 1 of Form W-4P. See Pub. 505 for additional details.

In the absence of a tax treaty exemption, nonresident aliens, nonresident alien beneficiaries, and foreign estates generally are subject to a 30% federal withholding tax under section 1441 on the taxable portion of a periodic or nonperiodic pension or annuity payment that is from U.S. sources. However, most tax treaties provide that private pensions and annuities are exempt from withholding and tax. Also, payments from certain pension plans are exempt from withholding even if no tax treaty applies. See Pub. 515-T, Withholding of Tax on Nonresident Aliens and Foreign Entities, and Pub. 519, U.S. Tax Guide for Aliens, for details. A foreign person should submit Form W-8BEN, Certificate of Foreign Status of Beneficial Owner for United States Tax Withholding, to the payer before receiving any payments. The Form W-8BEN must contain the foreign person's TIN.

Statement of Federal Income Tax Withheld From Your Pension or Annuity

By January 31 of next year, your payer will furnish a statement to you on Form 1099-R, Distributions From Pensions, Annuities, Retirement or Profit-Sharing Plans, IRAs, Insurance Contracts, etc., showing the total amount of your pension or annuity payments and the total federal income tax withheld during the year. If you are a foreign person who has provided your payer with Form W-8BEN, your payer instead will furnish a statement to you on Form 1042-S, Foreign Person's U.S. Source Income Subject to Withholding, by March 15 of next year.
