

DISPOSITION FOR JUNK AND SALVAGE VEHICLES

(Multiple Entry Form)

PLEASE NOTE THAT THIS IS A TWO-PAGE DOCUMENT INCLUDING IMPORTANT INFORMATION ON THE SECOND PAGE

This form is to be used to record the destruction of multiple vehicles by **only** a registered vehicle dismantler or scrap processor. For a more detailed explanation regarding who and when an entity should be submitting a MV-907M, please refer to page 2 "Guidelines for Proper Usage of the MV-907M".

INSTRUCTIONS

- Record the acquisition of the vehicle(s) in the book of registry.
- Complete all sections of the form.
- Circle the appropriate letter(s) to indicate the major component parts that were missing prior to acquisition (F=Frame, E=Engine, T=Transmission, N=Nose, B=Body, D=Driver Air Bag; P=Passenger Air Bag).
- Attach proof(s) of ownership and lien releases for each vehicle to the form.
- Mail the form by the last day of each month to Title Bureau, PO Box 2105, ESP, Albany, NY 12220-0105.
- Keep a copy of the form for your records.

GUIDELINES FOR PROPER USAGE OF THE MV-907M

This form is to be used to record the destruction of multiple vehicles by a registered vehicle dismantler or scrap processor. Ownership documents for every vehicle listed must be attached. The ownership documents must show appropriate transfer to the registered dismantler or scrap processor filing the form. The MV-907M is not an ownership document and it should not be used in the place of a MV-907A Salvage Certificate (Statement of Acquisition). Once the vehicle is listed on the MV-907M, the vehicle may never be titled again, the vehicle and its component parts may not be transferred to any entity other than a scrap processor. A vehicle listed on a MV-907M is considered destroyed and may not be in the inventory of a Dismantler after the date noted on the MV-907M. If the vehicle will be transferred to any entity other than a scrap processor, the registered vehicle dismantler must complete Form MV-907A, Salvage Certificate. The MV-907M with appropriate attachments must be filed with the Department at the noted address no later than the last day of each month.

This form may be used:

- by a registered vehicle dismantler or scrap processor.
- upon delivery by the dismantler to the scrap processor for destruction or upon destruction by the scrap processor.
- once a vehicle is completely “parted out” or otherwise destined for destruction by a dismantler. The dismantler should attach the appropriately issued MV-907A to the MV-907M as ownership.

This form may not be used:

- by any entity other than a registered vehicle dismantler or scrap processor.
- if the vehicle will be rebuilt (must issue MV-907A).
- if the vehicle will be dismantled for parts (must issue MV-907A).
- if the vehicle will be transferred to any entity other than a scrap processor.
- if more than 15 days has elapsed since the date of acquisition of a junk and salvage vehicle by a dismantler. After 15 days, the dismantler must issue a MV-907A, Salvage Certificate, for the vehicle, regardless of whether or not the vehicle is ultimately destroyed.
