Financial Policy, Release of Information, Assignment of Benefits

We are dedicated to providing the best possible care and service to you and regard your complete understanding of our financial policies as an essential element of your care and treatment. If you have any questions, please discuss them with us prior to beginning therapy.

- Your insurance policy is a contract between you and your insurance company. As a courtesy, we will file your insurance claim for you if you assign the benefits to us. In other words, you agree to have your insurance company pay us directly. If your insurance company does not pay us within a reasonable time period, we will have to look to you for payment of the outstanding balance.
- If you have insurance coverage with a plan with which we do not have a prior agreement, we will prepare and send the claim for you on an unassigned basis. This means your insurer will send the payment directly to you. Therefore, all charges for your care and treatment are due at the time of service.
- Unless other arrangements have been made in advance by you, or your health insurance carrier, payment for services are due at the time of service.
- You must inform our office of all insurance changes and authorization referral requirements. In the event the office is not informed, you will be responsible for any charges that are denied.
- For all services rendered to minor patients, we will look to the adult accompanying the patient and the parent or guardian for payment.
- We have made prior arrangements with many insurers and other health plans to accept an assignment of benefits. We will bill those plans with which we have an agreement and will only require you to pay the copayment at the time of service. If you have a copay, you may either pay each time you come for your appointment or you may pay in advance to cover all visits for the week. Once the insurance company has begun to process our bills, if there is a balance due, we will send you a statement each month for the amount you owe – i.e. deductible, coinsurance, copay, until all claims have been processed. Payment is due upon receipt of our bill.
- All health plans are not the same and do not cover the same services. We will do our best to determine what services are covered by your insurance and let you know if there is a recommend treatment that is not a benefit of your insurance so that you may decide to proceed with the treatment or elect not to have the treatment performed. In the event your health plan determines a service to be “not covered” and we are unaware or you do not have authorization, you will be responsible for the complete charge.

Payments and Patient Signature

- Past due accounts are subject to collection proceedings. All fees including, but not limited to collection fees, attorney fees, and court fees shall become your responsibility in addition to the balance due this office.
- There is a \$30.00 service fee for all returned checks. Your insurance company does not cover this fee.
- A \$30.00 fee will be charged for all “No Shows” & Cancellations without a 24-hour notice. This fee is not reimbursable by insurance.
- I have read and understand the financial policy of Pinnacle Maricopa, LLC and I agree to be bound by its terms. I also understand that such terms may be amended from time to time by this office.
- I authorize the release of information necessary for treatment, payment & health care operations. I also authorize assignment of benefits for services rendered by Pinnacle Maricopa, LLC

Notice of Privacy Practices

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION.
PLEASE REVIEW IT CAREFULLY

The Health Insurance Portability & Accountability Act of 1996 ("HIPAA") is a federal program that requires that all medical records and other individually identifiable health information used or disclosed by us in any form, whether electronically, on paper, or orally, are kept properly confidential. This Act gives you, the patient, significant new rights to understand and control how your health information is used. "HIPAA" provides penalties for covered entities that misuse personal health information.

As required by "HIPAA", we have prepared this explanation of how we are required to maintain the privacy of your health information and how we may use and disclose your health information.

We may use and disclose your medical records only for each of the following purposes: treatment, payment, and health care operation.

- TREATMENT means providing, coordinating, or managing health care and related services by one or more health care providers. An example of this would be sending medical information to the referring physician.
- PAYMENT means such activities as obtaining reimbursement for services, confirming coverage, billing or collection activities, and utilization review. An example of this would be sending a bill and/or chart notes for your visit to your insurance company for payment.
- HEALTH CARE OPERATIONS include the business aspects of running our practice, such as conducting quality assessment and improvement activities, auditing functions, cost-management analysis, and customer service. An example would be sending charts to the physical therapy network for quality assurance review.

We may also create and distribute de-identified health information by removing all references to individually identifiable information.

We may contact you to provide appointment reminders, reschedule appointments, or provide information about treatment alternatives or other health-related benefits and services that may be of interest to you.

Any other uses and disclosures will be made only with your written authorization. You may revoke such authorization in writing and we are required to honor and abide by that written request, except to the extent that we have already taken actions relying on your authorization.

You have the following rights with respect to your protected health information, which you can exercise by presenting a written request to the Privacy Officer:

- The right to request restrictions on certain uses and disclosures of protected health information, including those related to disclosures to family members, other relatives, close personal friends, or any other person identified by you. We are, however, not required to agree to a requested restriction. If we do agree to a restriction, we must abide by it unless you agree in writing to remove it.
