C. Health Guarantee

"Companion/Pet" means that this dog is sold for that purpose only, and is not considered as breeding or show quality unless other wise stated within this contract.

1. Dog is purebred. Pedigree is correct and given at the time of sale. Dog is registered able with AKC.
2. Dog will be free of hereditary crippling defects visible by 12 months of age. Dog will be replaced, provided dog is returned to Seller, at the Buyer's expense, within fourteen days of discovery of such hereditary crippling defect.
3. At the option and expense of the Buyer, Seller will provide a 7-day health guarantee, through examination by a veterinarian acceptable to both parties. Should dog be found to be unsound at the time of examination for the purposes of the health guarantee, Seller will have the option to either provide a 100 % refund of the purchase price to Buyer, providing dog is returned to Seller or to replace the dog with a similar companion/pet, providing the first dog is returned to the Seller within 14 days. Arrangements and cost of transportation are the responsibility of the Buyer.
4. For a period of 7 days, the puppy can be returned for a full refund for any reason.
Arrangements and cost of transportation are the responsibility of the Buyer.

NO OTHER WARRANTIES EXPRESSED OR IMPLIED

5. If the Buyer ever must give up ownership of the dog, for whatever reason, at whatever age, said dog must be returned to the Seller, at the Buyer's expense, unless other agreements are made between the Seller and the Buyer.

D. Alteration Agreement

We care for our dogs and for the entire breed of the Airedale Terrier. Because of our concern, we make this agreement to help prevent pet overpopulation problems, and the propagation of serious inherited faults in the breed. Train your dog to be a good neighbor and a credit to the breed. Alteration will prevent many behavior problems in the male and has the added benefit of a longer and healthier life for both sexes. The purchase of this dog is for companionship only and is not breeding or conformation show quality. It is recommended to have this dog neutered or spayed. We recommend this be done between one year and 18 months of age. I understand the AKC application to register is marked "Limited" to indicate that no offspring produced by this dog can be registered with the AKC.
