(If Peace Corps assignment is unknown, please notify intled@colostate.edu when an assignment has been made)

Continuous Registration and Technology Fee Information

All graduate students at Colorado State University are required to be continuously registered in the fall and spring semesters throughout the duration of their studies. To maintain your graduate status at CSU, you will therefore be enrolled in continuous registration for each semester of your Peace Corps service. The \$150 fee normally charged for continuous registration will be waived if you have completed a fee waiver form for each semester you are abroad. However, a \$20 technology fee will be charged to your account for each semester you are abroad. It is possible that this fee may increase during your two years of Peace Corps service. Please make arrangements in advance of your departure to have this fee paid. Please initial where appropriate:

_____ I have turned in five signed Continuous Registration Waiver Fee forms to my department, one for each semester that I will be away.

_____ I have designated a US contact to pay the \$20 technology fee on my behalf each semester that I am away and have given consent for OIP to release my financial records to persons responsible for this payment on the following page.

_____ I am enrolling in internship or independent study credit during my Peace Corps experience and understand that all grades of incomplete turn into an "F" after 1 year.
