

MONTANA TECH GRADUATE STUDENT HAZARDOUS WASTE CHECK-OUT

Each graduate student is responsible for the disposal of all hazardous waste created during their activities at Montana Tech and for the return of all unused chemicals to their department. Improper disposal or abandonment of wastes can result in penalties to the college and/or the individual, ranging from warnings to imprisonment and fines of up to \$25,000 per day for each offense. The Environmental, Health and Safety Director will conduct a walk-through inspection of the laboratory area to ensure that all wastes have been handled properly. Graduation may be delayed if a problem exists. The thesis advisor will participate in the walk-through.

Student's name: (PLEASE PRINT)		I.D. Number:	
Major:	Minor:	Emphasis:	
<i>Graduation Date:</i>			
<i>Project Title:</i>			
Thesis Advisor:		Phone:
