CALCULATION PROCEDURES

1. Enter Net Taxes from Column 5 of tax bill in Column 2 of this form.
2. Add school levy tax credit to school tax and total tax (Col. 3) to get actual gross tax (Col. 4).
3. Calculate the percentage (to 9 decimal points) that each taxing jurisdiction's share of tax is to the total tax. (Divide the gross tax for each taxing jurisdiction by the total gross tax. For example, $43.65 \div 5,308.36 = .008222879$). Enter your results in Column 5.
4. Enter the amount of qualifying UNCOLLECTED NET personal property tax in Column 6.
5. Multiply the total amount of qualifying **UNCOLLECTED NET personal property tax by the percentage you calculated. (Multiply Column 6 by Column 5.)** If personal property such as a mobile home, qualifies for the lottery credit and it was claimed, net tax means after lottery credit. Enter the lottery credit amount on line I and subtract from line H column 2.
6. **Enter the amounts you have calculated on the appropriate lines in Column 7.**

- Note:**
1. Gross taxes are before school levy tax, and lottery and gaming credits have been subtracted.
 2. Your tax district's share. May be budgeted for in your next budget.
 3. If the municipality has a TIF district(s), use the APPORTIONED levies from your Statement of Taxes to calculate the amount to be charged back. The entire tax increment must be included with the local tax. Contact us for special instructions if the municipality has a TIF district and multiple school districts.
 4. The state's proportionate share shall be charged back to the county.

Line 4a. A copy of this form must be sent to the treasurer of each taxing jurisdiction having an entry greater than zero in column 7, except for local and state (see example notes). Enter the name of the applicable taxing jurisdiction in the space provided and enter the amount you are charging back to that taxing jurisdiction.

Line 4b. Enter the name the taxing jurisdiction should make its check payable to.

Line 4c. Enter the complete address of where the taxing jurisdiction should mail the check.

Enter your title, the date, and telephone number in the spaces provided and sign the form before mailing. Retain original worksheet and send a copy to the tax district clerk; and mail a copy to each affected taxing jurisdictions.
