General Summary of Minors' Work Regulations

- If federal laws, state laws and school district policies conflict, the more restrictive law (that which is most protective of the employee) prevails.
- Generally, minors must attend school until age 18 unless they are 16 years or older and have graduated from high school or received a state Certificate of Proficiency.
- Employers of minors required to attend school must complete a "Statement of Intent to Employ Minor and Request for Work Permit" (form B1-1) for the school district of attendance for each such minor.
- Employers must retain a "Permit to Employ and Work" (form B1-4) for each such minor.
- Work permits (B1-4) must be retained for three years and open at all times for inspection by sanctioned authorities.
- A work permit (B1-4) must be revoked whenever the issuing authority determines the employment is illegal or is impairing the health or education of the minor.

- Minors younger than 16 years are allowed to work only in limited, specified occupations, which exclude baking, manufacturing, processing, construction, warehouse, and transportation occupations.
- In addition to safety regulations, labor laws applicable to adult employees are also generally applicable to minor employees, **including workers' compensation insurance requirements.**
- Child labor laws do not generally apply to minors who deliver newspapers or work at odd jobs, such as yard work and baby-sitting, or in private homes where the minor is not regularly employed.
